

LOWELL MATTERS ON BEACON HILL

Hot Fight Expected on the Adjutant General Bill—Pension Schemes Likely to be Beaten—Lt. Governor's Criticism

The question of repealing the bill providing for a five-year tenure of office for the adjutant-general will be fought out on the floor of the house within a day or two. The committee on military affairs reported in favor of the bill to repeal the five-year tenure and while the matter is on the house calendar for today it is not expected that it will be reached until tomorrow and perhaps not until the first of next week.

It is very generally conceded that the bill to repeal the five-year tenure is a drive against Adjutant-General Pearson, and it is expected that the fight in the house will be a very strenuous one.

Continued on Page 9.

OPEN HEARINGS ON TOLLS

Began Before Senate Committee on Inter-oceanic Canals Today—Will Continue Fifteen Days

WASHINGTON, April 9.—Open hearings on the administration's bill to repeal the tolls exemption clause of the canal act began today before the senate committee on inter-oceanic canals to continue 15 days. Authors of nine pending sub-bills or resolutions, five republicans, three democrats and one progressive had been asked to appear first to explain their proposals. Suggestions from committee members that former President Taft, Secretary Bryan and former Secretaries of State Knox and Olney be invited to testify, attracted attention, but it was considered unlikely that any witnesses other than senators would be called until after the representatives of commercial organizations which have asked for hearings have appeared. Telegrams have been despatched to such bodies in New Orleans, New York, Seattle, San Francisco, Portland, Ore., and other cities, asking them to fix dates upon which they will like to have their representatives heard.

Judge Bright sent him to jail for two months.

This case of Patrick Kelly, charged with assault and battery upon Annie Flaherty, was continued until tomorrow.

Officer Regan told Judge Enright this morning that Mary Harrigan was the keeper of a disorderly house and that he has had many complaints against the place. She was charged with drunkenness.

The woman was in very bad physical condition this morning. She denied that her house deserved the designation given it. Judge Enright sent her to jail for twenty days.

Annie Boyle was arrested at the Harrigan woman's house. It was her third offence for drunkenness. The court ordered her sent to jail for two months.

Rose Gagne, charged with being a lewd character was continued until tomorrow. Jeremiah Daly, a second offender, was let off with a \$5 fine.

FUNERAL NOTICES

RICHARDS—The funeral of Mrs. Nellie Richards will take place Friday afternoon at 2 o'clock from the funeral chapel of Undertaker Chas. H. Molloy on Market street. Burial will be in St. Patrick's cemetery. Funeral in charge of Undertaker Charles H. Molloy.

MURPHY—The funeral of Mrs. Ann Murphy will take place Friday afternoon from the chapel of Charles H. Molloy on Market street. The burial will be in St. Patrick's cemetery. Funeral will be in charge of Undertaker Charles H. Molloy.

PERCE—Died in this city, April 9, at the Lowell General Hospital, Edward A. Pierce, aged 69 years. Funeral services will be held Friday afternoon at 2 o'clock from the funeral parlors of Undertakers Young & Blake, 33 Prescott st. Burial at East Jaffrey, N. H. Friends invited to attend.

FELL INTO VAT OF ACID

YOUNG MAN PROBABLY FATALY BURNED AT GELATINE FACTORY IN WINCHESTER

BOSTON, April 9.—Joseph Transag, 21 years old, was probably fatally burned last night when he fell into a vat of hot acid about which he was working at the gelatine factory of the J. O. Whitney Co. of Winchester.

He was taken to the Winchester hospital where his name was placed on the dangerous list. It was said at the hospital that his entire body was badly burned by the acid.

STEAMERS COMING IN
CAPE RACE, April 9.—Str. St. Paul, from Southampton for New York, 1400 miles east of Sandy Hook at 12:50 a. m. Dock 5 a. m. Sunday. Str. Campania, from Liverpool for New York, 1255 miles east of Sandy Hook, 1:15 a. m. Dock 8:30 a. m. Saturday.

SABLE ISLAND, April 9.—Str. Rotterdam, from Rotterdam for New York, 580 miles east of Sandy Hook at 6 a. m. Dock 6:30 p. m. Monday.

Easter is in the air, go to The Gilbride Store for your new gloves, a matchless variety to select from.

FOUR GUNMEN WILL GO TO ELECTRIC CHAIR, APRIL 13

1. WHITEY LEWIS—2. DAGO FRANK—3. LEFTY LOUIS—4. GYP the BLOOD—5. Judge GOFF—6. SING SING PRISON—7. District Attorney WHITMAN.

ALBANY, April 9.—Governor Glynn has denied the application of the four gunmen in the Becker case for a commutation of sentence of death or for a reprieve. The men—Frank Crolic ("Dago Frank"), Louis Rosenberg ("Lefty Louis"), Harry Horwitz ("Gyp the Blood") and Jacob Seldenshner ("Whitey Lewis")—will go to the electric chair in Sing Sing prison at sunrise on Monday, April 13. When the court of appeals passed upon the judgment of the court imposing the sentence the date originally fixed for their execution had passed. Therefore it became incumbent upon the court of appeals to set a new date of execution, and it named the week beginning April 13. The only avenue of hope then left open to the four condemned men was executive clemency, and the governor was appealed to. At first he was inclined to grant a reprieve, but after asking for advice from prominent criminal lawyers he took up the reading of the testimony given at their trial, and from that time a decided change was noticed in his attitude. Frank is twenty-eight, Gyp twenty-five, Louis will be twenty-three this month, and Whitey is twenty-six. The crime for which they are to be punished was the shooting of Herman Rosenthal at 2 o'clock in the morning of July 16, 1912, at the front door of the Hotel Metropole, on Forty-third street, a scant hundred feet off brightly lighted Broadway. District Attorney Whitman proved that the four had been engaged by Jack Rose, Bridge Weber and Harry Vallon to kill Rosenthal, before he could get to the district attorney that morning and "sneak" on Lieutenant Becker, who was accused of grafting and extortion. The three turned state's evidence, and it was on their testimony that the four were convicted and that Becker was found guilty of having instigated the crime. District Attorney Whitman's quick action in the case is believed to have been responsible for the conviction of the four gun men and Lieutenant Becker. He took personal charge of the case before sunrise a few minutes after the murder occurred, and in spite of the opposition and poor memories of various members of the metropolitan police he carried the case through to a successful conclusion. The men were tried, before and sentenced by Judge Goff. The arrow in the accompanying prison picture indicates the death house at Sing Sing.

DEATHS

MURPHY—Mrs. Ann Murphy, an old resident of St. Patrick's parish, died this morning at the Chelmsford Street hospital. She leaves one daughter, Mrs. Mary Rigney. The body was removed to the funeral parlors of Undertaker C. H. Molloy.

WYMAN—Mrs. Charles H. Wyman, a well known resident of Pelham, N. H., died at her home at the age of 28 years and 11 months. She is survived by her husband and a son, Clarence N.

DINAN—Mrs. Nicholas Dinan died at her home in Groton after a lingering illness. She is survived by a husband and a daughter, Mrs. Rose Davis.

CULVER—George Culver, aged 61 years, died at his home in Groton. Deceased is survived by a widow, a daughter and a brother.

RICHARDS—Mrs. Nellie T. Richards of Chelmsford died yesterday at her home at the age of 40 years. She is survived by her husband, Frank Richards, and by one sister, Mrs. Bridget Brady. The body was removed to the undertaking rooms of C. H. Molloy.

ROCK—Mrs. Elizabeth Rock, a resident of St. Patrick's parish, died yesterday at her home, 775 Broadway, at the age of 41 years. She leaves her husband, Martin Rock; a daughter, Rita; two brothers, Daniel and James McGleary of San Francisco, and two sisters, Mrs. Anna Holden of Bethel, Vt., and Mrs. Catherine Gulliver of Fall River.

WILSON—Hugh Wilson, aged 43 years, died this morning at the state hospital in Tewksbury. He leaves a widow and five children. The body was taken to the chapel of James F. O'Donnell & Sons.

PERCE—Edward A. Pierce, only brother of the late Cassius W. Pierce, died early this morning at the Lowell General Hospital, aged 69 years. He leaves one niece, Miss Seola V. Pierce, of Melrose; also two nephews, Hal R. of Melrose and Guy C. of Chicago.

DOWAGER EMPRESS OF JAPAN DIED SUDDENLY

Haruko, Mother of Present Emperor, Passed Away at Imperial Villa, at Namazu, Today—Was 64 Years Old

TOKIO, Japan, April 9.—The dowager empress Haruko died at the imperial villa at Namazu today.

Following the usual custom in the case of the death of a member of the imperial family, the official announcement of the death will not be made until the body has been transferred to the capital, which is expected to take place tomorrow.

Her majesty passed away suddenly in the presence of Emperor Yoshihito, the empress and the other members of the royal family who had been summoned from the capital. The imperial patient had developed deceptive symptoms. She displayed increased vigor and asked for food. A short time afterward she lapsed into unconsciousness.

The doctors in attendance applied restoratives but without avail and she died without recovering sensibility.

Her majesty had been suffering for a considerable period from angina pectoris but the official diagnosis declared the direct cause of her death to be Bright's disease.

Bright's disease.

Was 64 Years Old

The late dowager empress Haruko of Japan was the widow of Emperor Mutsuhito, who died on July 30, 1912.

Her imperial majesty was born on May 28, 1850. She was a daughter of a nobleman, Ichijo Tadado. In 1869 she was married to the late emperor and was declared empress.

Haruko, by the side of her husband, passed through the troubled period of the transformation of Japan at the beginning of Mutsuhito's reign. She saw him transfer his capital from Kioto to Yedo, which was later renamed Tokio. She watched with curious interest the opening of the country to foreign commerce, its departure from old world customs and adoption of western civilization. She awaited in the Imperial palace news of the Japanese armies at war, first with China and then with Russia and saw in fact the complete evolution of Japan into a world power.

Her majesty was simple in her tastes. She presided over court functions with dignity, on most occasions wearing western dress, especially when she came into contact with Europeans or Americans.

WILL OF TREAS. FAIRBANKS

Estate Contains \$1,100,000 in Personal Property and \$63,150 in Real Estate

The will of Charles F. Fairbanks, of Milton, who was until his death treasurer of the Rigelow Carpet Company, probated yesterday by Judge Flint in the probate court, Boston, leaves to his daughter, Miss Julia M. Fairbanks of Milton, the sum of \$50,000 outright; to Henry P. Fairbanks, Charles F. Fairbanks and Stephen Fairbanks, three sons, he leaves the sum of \$25,000 each; to the widow of William K. Fairbanks (Mrs. Ethel M. Fairbanks), he leaves a similar amount. Two nieces and two nephews are to receive the sum of \$500 each, and to all of his grandchildren he leaves \$1000 apiece.

The house furnishings in Milton, horses, carriages, etc., are left to his widow. All the residue of the estate is placed in trust for his widow while she lives and upon her death to be divided among his children.

The estate contains \$1,100,000 in personal property, and \$63,150 in real estate.

Five new table linens just arrived in time for Easter, you can save 15% by buying at Gilbride's today.

FOR U. S. SENATOR
DES MOINES, Ia., April 9.—E. T. Meredith, a farm magazine publisher, today announced his candidacy on the democratic ticket for the United States senate, to succeed Senator Albert Cummins, republican.

BRYAN BACK AT DESK
WASHINGTON, April 9.—Secretary Bryan, who has been kept indoors for a week by a hard cold, returned today to his desk at the state department.

LEAVES ESTATE TO CHAUFFEUR

Widow's Will Give Val-
uable Property and
\$13,000 to Employee

Cuts Off Relatives With
\$50 Each—Bitter Con-
test Looked for

EAST KINGSTON, N. H., April 8.—The discovery that 48-year-old Mrs. Alice E. French, a widow, left practically her whole estate, consisting of valuable real estate and \$13,000 in cash in the savings bank, to Albert Gagnon, her 21-year-old chauffeur, has stirred up this town.

Charles Dow of Newburyport, a brother of Mrs. French, and Joseph F. and Eva M. Lawrence, her half-brother and half-sister, who live here, all of whom were cut off in the will with \$50 each, have opened fight in the probate court, charging the chauffeur with exercising undue influence over his mistress during her last illness.

long and bitter contest is looked for. How the young chauffeur, who was originally hired for one day only from an Exeter garage by Mrs. French, became her confidant in health, her nurse in illness, and finally her heir, was told Tuesday night by Judge Henry Shute of Exeter, author of the "Real Boy of a Real Boy," and member of the firm of Shute & Shute, which drew Mrs. French's will.

He said that young Gagnon was chosen by pure chance to respond to a hurry call to the garage from Mrs. French for someone to drive her car one afternoon. She decided to retain him in her service, and he was her chauffeur during the summer of 1912. During the next winter he came from his home in Exeter to take care of the French place here twice a week.

Last spring Mrs. French was very ill and Gagnon returned to his duties regularly in March and took full charge of her comfort, acting as a nurse part of the time.

Mrs. French made her will in May, 1913. At that time she told Judge Shute, he said, that her relatives had not been near her during her illness. She said they had "gone back on her" even before her husband, Francis E. French, had died two years before.

Mrs. French's relatives claim they did visit her while she was sick and that she was constantly in a condition which rendered her incapable of properly executing a will.

MRS. EDDY BROWN FOUND

WOMAN WANTED IN SIEGEL CASE
SAID TO BE IN NEW LONDON ON
HONEYMOON

BOSTON, April 8.—Mrs. Diana E. Eddy-Brown, better known as "Dolly" Eddy, of 32 Parkman street, Dorchester, who has been the object of a fascinating and vigorous search by the Boston, Providence, Connecticut and New York police and Philadelphia detectives, acting in behalf of District Attorney

Pelletier, who wants her to testify in the Henry Siegel bankruptcy investigation by the Suffolk county grand jury, is supposed to be in New London, Ct., on her honeymoon.

This information was given yesterday. It is said that she, accompanied by her husband, James Salisbury Brown, to whom she was married in Providence Saturday, went there Saturday and put up at a fashionable house out of reach of summonses to appear before the Suffolk county grand jury.

From there, it is said, they got into communication with Attorney Henry E. Tiepke of Pawtucket, and sought advice. They had a conference with him Sunday, which resulted in their authorization of the attorney to promise that they would come to Boston to testify when wanted. They have been informed through Attorney Tiepke that they are wanted Monday.

Mr. and Mrs. Brown, after their flight from Providence, while summons servers were waiting an opportunity to serve papers on the woman, appear to have realized that further effort to evade accepting summonses would make them appear as fugitives from the law, and they regretfully set aside their honeymoon plans to come back to Boston.

It seems evident that they could have escaped accepting summonses indefinitely, for Mrs. Eddy made two spectacular escapes and was apparently two or three days ahead of the police on every move.

Joseph Siegel, resident manager of the Henry Siegel company store in Boston, for whom the district attorney's office has had a summons to testify before the Suffolk county grand jury Monday in relation to the Henry Siegel bankruptcy case, will appear before the grand jury Monday.

A well attended meeting of the Delta Alpha society of the Worthen Street Baptist church was held Tuesday evening at the home of Miss Lillian Dunn, 375 Parker street. After the regular business session was over a musical program was furnished.

Save Money and Travel Comfortably to California

There's a best way to travel, just as there's a best way to do everything. Why go to a strange country without a guide when, for no more money, but at a great saving, you can go on one of our "Personally Conducted" Parties. In this way you have good company all the way, as the parties are made up of congenial people. We are particular about "choosing" our guests. And then our own special conductor goes with you all the way.

The courteous service and attention given you by this special guide, enables you to learn more of the country than you could do traveling alone, and he relieves you of all the care and worry about luggage, and other travel details. This extra service costs you nothing. Why not have it?

Call or write and let me tell you about this "Personally Conducted" party. We have parties to California that have helped to make the "Burlington Route" service famous.

Alex. Stocks, New England Passenger Agent, A. R. R., 264 Washington street, Boston.

MOTHER SAVES MILLIONAIRE

Comes to Rescue as
Chandler Was on
Way to Jail

Sends Lawyer to New
York to Arrange His
Bond

NEW YORK, April 8.—Byron Chandler, the "Million-Dollar Kid" whose high flying record is \$57,000, made one night at the Casino at Monte Carlo, was a winner yesterday. By about 20 minutes he escaped going to Ludlow street jail after being in custody since Tuesday morning on an order of arrest issued in the suit which Mrs. Grace L. Chandler, who is Grace La Rue, the actress, brought against him for separation. It was Chandler's second day of a hard fight to get bail bond and avoid going to jail.

He won by a narrow margin through aid sent by his mother who lives at Manchester, N. H., in the person of Allen M. Wilson, who came to New York and helped Chandler arrange his bond. The original bail was placed at \$25,000, by Judge Weeks, but the amount was reduced yesterday to \$7500, a bond for that sum being furnished by former Assemblyman Harold Spielberg, acting for the Southwestern Surety Insurance company.

Chandler was pleased at the turn of affairs, for, while he did not fear going to Sheriff Griffenheiser's, he just preferred the greater comforts of his apartment at the Hotel Maipin.

Chandler called his mother on the telephone yesterday morning. He asked her to wire the Garfield National bank \$25,000, to be given as a bond to the National Surety company. Mrs. Chandler seemed disinclined to forward the amount. According to those who know young Chandler, this doubtless was due to his proclivities to spend large sums of money on short notice. His mother replied that she would consult her lawyer.

"Mother, you've got to come to my assistance," he stated into the telephone. "I ask you as a son. Please try to understand my situation and help me out."

Chandler took a long time explaining what was wanted and his mother did not give him much encouragement. She would not say yes or no to his request, but promised to call him up in half an hour.

Throwing down the receiver, Chandler turned to the sheriff and said: "I can't convince my mother that this is a desperate case. She merely looks upon it as a new story to back up another 'touché.' Now, what is a poor fellow to do?"

Later, however, Mrs. Chandler relented and rushed her lawyer to New York at 4 o'clock, the official closing hour of the sheriff's office, and it looked as though the "Million Dollar Kid" would have to go to jail. Then Justice Weeks signed an order reducing the bail from \$25,000 to \$7500. Finally arrangements were made with the bonding company and the agent went to the sheriff's office, where after a conference he consented to go on Chandler's bond. It took about 15 minutes to sign the number of minutes separated Chandler from jail, when the formalities were completed and Chandler was told he could go up Broadway or anywhere he pleased.

SOCIAL AND FRATERNAL

At the regular meeting of Lowell herd, Benevolent Order of Buffaloes, held last evening in its regular meeting rooms on Middlesex street, J. Edward Lyle, secretary of the order, was elected to serve as floor director at the first annual ball of the order, which is to be held soon. Dr. Plunkett, chairman of the committee in charge, made an interesting report at the meeting and the event promises to be a great success. A number of the grand officers have promised to be present, and the following committee was elected to take care of all visitors on that day: John B. McLean, James Richardson and W. W. Murphy. The out-of-town guests and officers of the local herd will be escorted to Associate hall on that evening by the Lowell Cadet band.

The quarterly reports of Treasurer W. W. Murphy and Secretary J. E. Lyle were read and showed that the order is in a fine condition, both financially and numerically. The work of the degree team was very interesting and impressive.

Roberts of Malta

Rev. Nathaniel W. Matthews addressed the members of the Lowell Community of the Knights of Malta at the regular meeting on the subject, "The Black Plague." A number of beautiful views, a great many of which were taken in the mines of Pennsylvania, accompanied the lecture which was one of the most interesting ever heard at a meeting of the order.

WON ANOTHER

Textile Baseball Team
Defeated Malden High
by 11 to 5

The Lowell Textile baseball team took the second game on its schedule yesterday afternoon at their Meady street campus when they met Malden high in a nine inning diamond contest. The score of the game was 11 to 5.

The visiting schoolboys were a snappy aggregation but could not do much against Sturtevant nor Brickett until the latter loomed up in the seventh and ninth and allowed them to tally four runs. The Lowell team was well in the lead at the time and the Textile school captain did not exert himself.

Sturtevant and Brickett both pitched air-tight ball in the pinches in spite of the raw weather. Flanders, a southpaw, was on the mound for Malden and the local boys collected in all thirteen hits off his delivery.

Brickett, O'Brien, Baker and Carlson were the batting stars for the locals. Brickett got three hits for a total of five, his triple being the longest blow of the game. Murphy, captain of the Malden team, slammed out a brace of doubles, each of which resulted in a score.

The lineup and box score is as follows:

C. The other members on the

Better Than Calomel

Thousands Have Discovered Dr.
Edwards' Olive Tablets are a
Harmless Substitute.

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets. These pleasant little tablets do the good that calomel does but have no bad after effects. They don't injure the teeth like strong drugs or cathartics. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "dunks" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lousy" and "heavy." Note how they "clear" a clouded brain and how they "perk up" the spirits. At the end of 25c per box. The Olive Tablet Company, Columbus, O. All druggists.

STOP Coffee Drinkers, And think a minute!

Some persons seem able, for a time at least, to get along with coffee, but it contains a subtle, habit-forming drug, caffeine, which sooner or later is pretty sure to rob one of health and comfort.

If you know coffee don't harm you—if you feel prime and lit under its continued use, well and good—stick to it.

But—if you are sometimes a bit "off color," and irritable nerves, disturbed heart action, biliousness, headache, or symptoms of liver or kidney trouble make you wonder what's the matter—

Better find out what coffee has to do with it.

Evidently some people are learning the truth about coffee—listen—

During 1913 the sales of coffee in this country decreased over one hundred million pounds.

A mighty army of former coffee drinkers now use

POSTUM

and enjoy freedom from their old coffee aches and pains.

Postum, made of whole wheat and a bit of molasses, is a delicious table beverage, absolutely free from the coffee drugs, caffeine and laudan.

If you are interested in bettering yourself—think it over!

Postum now comes in two forms.

Regular Postum—must be well boiled. 15c and 25c packages.

Instant Postum—a soluble powder, requires no boiling. 30c and 50c tins.

The cost per cup of both kinds is about the same.

"There's a Reason" for Postum

—sold by Grocers everywhere.

RAPS SALARY INCREASES

Finance Commission Scores Fitzgerald, O'Meara and Cole and Makes Recommendations

BOSTON, April 9.—Ex-Mayor Fitzgerald, Police Commissioner O'Meara, former Fire Commissioner Cole and Penal Commissioner Gore were all rapped in a report which the finance commission submitted to Mayor Curley yesterday upon its investigation of the salary increases in the police, fire and penal institutions departments under the Fitzgerald administration.

While the ex-mayor and the others came in for a number of indirect slaps in the report, the commission scored Commissioner O'Meara directly, stating that he should have refused to concur with ex-Mayor Fitzgerald on the matter of the last salary increases

salaries increased. This practice has a demoralizing effect and should be stopped, the commission stated.

The report devoted particular attention to the fees that were paid or promised to Attorney Richard F. Teeling, who acted for the policemen, and who was to get, the report stated, \$18,500 or more for his services. The commission stated that it cannot be said the attorney's services required the payment or promise of such a sum. His chief service was to convince the mayor and police commissioner, who apparently did not need to be convinced, that the increases should be granted, the report said.

It was stated in the report that Attorney Carroll, who acted for the firemen, received \$6125, and Attorney Creed, who acted for the penal institutions department employees, was promised \$757.

The commission expressed the belief that the mysterious fund of \$400 raised during the Hibbard administration by members of the fire department to pay some persons unknown for some unknown service, was for something in direct violation of law.

The existence of this fund was disclosed at the finance commission hearing. It was stated by the commission that the "remarkable forgetfulness" displayed by some of the members of the fire department while testifying upon this subject, gave the members of the commission the impression that some of the firemen perjured themselves.

It was suggested by the commission that Fire Commissioner Grady and Police Commissioner O'Meara should have investigated this matter further. The commission recommended that hereafter increases of salary be considered at the beginning of the fiscal year and not "be made a matter of maneuvering at the close of the administration and close to the end of a fiscal year, so as to embarrass the succeeding administration."

Recommendations
In its report the commission makes the following recommendations:

"1. That increases of salary should be considered at the beginning of the fiscal year, and should be provided for in the budget, and not be made a matter of maneuvering at the close of one administration and close to the end of a fiscal year, so as to embarrass the succeeding administration."

"2. That the effect of using outside influence, as shown in the futile and apparently unlawful means of effecting changes in the attempted appropriation of \$400 by the Russell Fire club of the fire department for the purpose of changing the men's hours, should be referred to the fire and police commissioners for further inquiry and for action on their part."

"3. That the mayor take such action as is necessary to prevent the employment of counsel in the future on matters that are within the province of the mayor and the heads of departments on one side and the men on the other to settle, except in the case of hearings on charges, etc."

"4. That Rule 3, Paragraph 3 of the police department regulations, which states that 'members of the force, on promotion, transfers, or assignments to particular duties are free to make their desires known through the proper channels; and at suitable times members in person will be received by the commissioner at his office. But

should a member cause a person not his superior in the force to intervene or to make representation in his behalf to the commissioner or to any superior officer, personally, or by letter, or by petition, he shall be deemed guilty of conduct unbecoming an officer,' be so amended as to prevent the employment of counsel in department matters, between the mayor, the police commissioner and the members of the force."

"5. That in all departments a rule, whether existing now or not, permitting the men to interview the head of the department on any question or

TO MAKE CHICAGO "DRY"

THAT IS WHAT THE TEMPERANCE FORCES WILL ATTEMPT TO DO—PLAN CAMPAIGN

CHICAGO, April 9.—Inspired by their victories in the Illinois local option elections Tuesday, the temperance forces issued today a call for a delegate convention to be held here next Monday to formulate plans for a wet and dry vote in Chicago at the mayoralty election next spring.

The anti-saloon league of Illinois, through its superintendent, F. Scott McBride announced that the enactment of a law whereby the state would vote on the saloon question by counties instead of by townships would be made the chief issue in the legislative primary campaign this fall.

Revised returns from Tuesday's local elections in Illinois showed that 5 of the 102 counties in the state are now anti-saloon territory.

DEPOSITION OF VILLA

BOUGHT IN SUIT AGAINST CENTRAL LEATHER CO. OF MEXICO AND N. Y. & PENN. R. R. CO.

JERSEY CITY, N. J., April 9.—A case in the Hudson county circuit court was adjourned yesterday until Gen. Francisco Villa can be reached to give his deposition. The action is that of John O'Neill against the Central Leather Co. of Mexico and New York and the Pennsylvania R. R. Co. to recover the value of a large shipment of hides from Mexico which are alleged to have been taken from freight cars by Villa's men.

William D. Edwards, attorney for the railroad, said he would try to get the deposition of Villa when Mexico is more peaceful but the rebel chief was too busy now to give the case attention.

SHOT THROUGH THE HEAD

N. Y. MAN ANGERED BY DISPLAY OF EASTER FINERY ON WIFE AND DAUGHTERS

NEW YORK, April 9.—Angered by the display of Easter finery, which his wife and three daughters were parading before him last night, William Weise of Mount Hope, a suburb, seized a shotgun and shot himself through the head, dying instantly. When Weise was taken to the hospital, his daughters laughed at him for getting angry.

"You won't feel so funny about this by Sunday," he exclaimed and disappeared into another part of the house. A moment later he committed suicide. Weise was foreman at a cable manufacturing plant and was about 45 years old.

CHEMISTS IN CONVENTION

CINCINNATI, O., April 9.—When the nine sections of the convention of the American Chemical Society, which is being held at the University of Cincinnati today it was realized that the scores of addresses and reading of scientific papers set for the session which is to be the last of the convention would clog the proceedings and many of the papers will not be read, but will be given "leave to print."

All of these documents, very important to the chemists, will be enclosed in the official proceedings in the magazine which the society supports.

INDUSTRIAL DISPUTES

FIRST OF A SERIES OF HEARINGS CONCLUDED AT WASHINGTON TODAY

WASHINGTON, April 9.—The first of a series of hearings on the question of collective bargaining, mediation and conciliation in industrial disputes was concluded here today by the United States commission on industrial relations. The last witnesses were Samuel Gompers, president of the American Federation of Labor; J. A. Emery, counsel of the National Association of Manufacturers; J. E. Williams, chairman of the grievance committee of New York, and W. L. MacKenzie King, former minister of labor of Canada.

Many of those testifying before the commission have favored the solution of industrial disputes by a federal board similar in character to the mediation and conciliation board established to settle railroad controversies under the Newlands act. Questions directed to witnesses by members of

the commission have indicated that such a board is being seriously considered. Hearings will be conducted in various industrial centers throughout the country before the commission undertakes to reach a conclusion.

WILSON FAMILY CIRCLE

MR. AND MRS. SAYRE AT CAPITOL—WILL ACCOMPANY PRESIDENT OF EASTER TRIP

WASHINGTON, April 9.—The Wilson family circle was complete again with the arrival here today of Mr. and Mrs. Francis B. Sayre, the White House bride couple from their home in Williamsport, Mass. They will join the president and Mrs. Wilson and party on their trip to White Sulphur Springs, W. Va., to spend Easter. The party planned to leave Washington tonight to spend the next three days at the Springs. The president will return to Washington on Monday, but other members of the party probably will remain at the Springs for several days.

To the Woman Who Realizes She Needs Help

You are nervous. You have "crying spells." You are dejected. You don't sleep well. You have backache. You have lost ambition for your work. You are beginning to feel old and look old.

These symptoms, more than likely, are produced by some weakness, derangement or irregularity peculiar to the feminine organism.

Co-operative Bank Bill

In opposing the co-operative bank bill Mr. Hays declared that the co-operative banks should not be allowed to trespass on the fields of savings banks. "Co-operative banks," he said, "are quasi-philanthropic institutions and if you are going to make them keep a reserve you are going to lower their credit. There is only one co-operative bank in this state that has ever failed and that bank eventually paid every share."

Cobb of Clinton and Flynn of Malden contended that the majority of

lives of the tap line railroads of the northwest were before the supreme court today to argue against the order of the inter-state commerce commission prohibiting their receiving a share of trunk line rates on lumber hauled by the same interests as the "tap lines." The government is seeking to have the court reverse the decision of the commerce court holding this order illegal.

Counsel argued that the "tap lines" are legitimate railroads and not as the government contends merely devices of lumber companies to wring rebates from trunk railroads. They insist that the little lines were developed by the sections of the country through which they pass and in truth were common carriers.

A FREE PRESCRIPTION
You Can Have Filled and Use at Home

Do you wear glasses? Are you a victim of eye-strain or other eye-weakness? If so, you will be glad to know that there is real hope for you. Many whose eyes were failing until they have had their eyes restored through the principle of this wonderful free prescription. One man says, after trying it: "I was almost blind; could not see to read at all. Now I can read everything without any glasses, and my eyes do not water any more. At night they would pain dreadfully, now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for fifteen days everything seems clear. I can even read fine print without glasses." It is believed that thousands who wear glasses can now discard them at a reasonable time and multitudes more will be able to strengthen their eyes so as to be spared the trouble and expense of wearing glasses. The troubles of many descriptions may be wonderfully benefited by following the simple rules. Here is the prescription: Go to any drug store and get a bottle of Optima, fill a two-ounce bottle with warm water, drop in one Optima tablet and allow to dissolve. With this liquid, bathe the eyes two to four times daily. You should notice your eyes clear up perceptibly right from the start and inflammation will quickly disappear. Your eyes are gathering away even a little but you save them now before it is too late. Any hopelessly blind might have been saved if they had cared for their eyes in time.—Advertisement.

ALPHA SHOE CO., \$20,000 STOCK MUST BE SOLD BY MAY 1st

CHARGES OF GRAFT MADE

BOSTON, April 8.—Lieutenant-Governor Barry started something on Beacon Hill yesterday when he charged members of the legislative recess committee on tuberculosis with all sorts of improper expenditures, flatly refused to "O.K." their expense bills, and suggested that the council refuse to pass them.

That two members of the committee put in bills aggregating \$135 for the hire of their own automobiles, that some of them asked pay for car-fares and luxury lunches, and that one member charged \$100 for steam-er staterooms, which bill he later reduced under pressure, were among the

allegations of the lieutenant-governor

\$200 Per Meeting

He said that some members got as high as \$200 for each meeting of the committee they attended, and that the losing of the records made it impossible to tell just what a "soft thing" they had had out of the committee.

The total amount of expense bills turned in by the committee is \$1250, although the original figure was larger.

The members of the committee and their expense bills are as follows: Matthew Carberry, \$57.50; Samuel T. Collins, \$24.50; Victor P. Jowett (of Lowell), \$60; Michael S. Keenan, \$17.40; Enos H. Bigelow, \$110; Benjamin P. Holmes, \$21.60; Cleveland A. Chandler, \$97.50; Edward M. Hall, \$253.68; and Benjamin F. Sharp, \$110.

Mr. Barry said last night that as a result of his investigation he found that some of the members had been paid at the rate of \$200 a meeting and besides had charged car fares and lunches. He stated that he had sent for Henry Bird, the secretary for the committee, and received the information that the records of the meetings of the committee were lost.

Records Disappeared

Because of the disappearance of the records of the committee it has been found impossible to check up the number of meetings attended by each member of the committee. The council has already paid the members \$1000 each for their services, but the expense bills have been held up for some weeks.

The stenographer of one of the members of the committee had a bill for \$220.50.

According to the lieutenant-governor two other members of the committee put in bills for the hire of their own automobiles. One member charged \$25 for his automobile and another charged \$50. Meals in Boston costing \$24.60 were charged by another legislator.

"I intend to hold up all expense bills until I get an itemized account of the bills," said Mr. Barry.

In one bill furnished the state there is a \$5 charge made for a stateroom on a short water trip. The member reduced the original figure of his bill almost half. His original bill which was over \$100, was reduced to \$61.25 after talking with the lieutenant-governor.

Charged Railroad Fare

reduce the amount of their expense bill.

Expenses Not Justified

"I believe if there were any records available," said Mr. Barry, "it could be proved that members of this recess committee received in some cases over \$200 for each meeting they attended. There was one member of the committee who does business regularly in Boston every day who charged his fare from some distance out of town, and this despite the fact that the state allows every member of the legislature \$2 a mile."

"It is very apparent that the expenses are not justified and I shall refuse to sign the warrants until I have heard from the various members of the committee for what purpose they spent the money and the number of meetings they attended. I am satisfied that the number of meetings attended will not check up with the fares, which were in some cases heavy."

Another Bill Held Up

The lieutenant-governor has also held up the appointments of six members of municipal accounts named by Charles F. Getty of the bureau of statistics. These men are employed at a rate of not over 90 cents an hour. They are George H. Broad of Lynn, George H. Gerrish of Boston, William D. Maher of Dorchester, Fred Smith of Oak Bluffs, Walter M. Stowe of Somerville, and William E. Tierney of Lawrence.

COAL SUIT DISMISSED

U. S. COURT DECLARES THERE IS NO LAW AGAINST INTERLOCKING DIRECTORATES

TRENTON, N. J., April 8.—The United States court filed an opinion here yesterday dismissing the suit of the United States government against the Delaware, Lackawanna & Western Railroad company and the Delaware, Lackawanna & Western Coal company for alleged violation of the commodities clause and the Sherman anti-trust law.

The court holds that there is no United States law or decision prohibiting the same set of individuals holding stock in two distinct corporations, even though they may be engaged in kindred business.

This case is considered of the highest importance by the government, as it is one of the steps planned by the department of justice in its efforts to break up what it alleges to be a monopoly of the anthracite coal trade. The case, which was brought under both the Sherman anti-trust law and the commodities clause of the Hepburn railroad law, in all probability will go direct to the supreme court of the United States.

Yesterday's decision is the second that this court has handed down in a commodities clause case. The first case involved all the anthracite roads and reached the supreme court, which decided that the commodities clause was constitutional, but that a railroad might own stock in a bona fide corporation which owns the commodity the railroad is transporting.

LAST SPIKE DRIVEN

GRAND TRUNK PACIFIC-CONTINENTAL RAILWAY TO BE READY FOR OPERATION IN AUGUST

VANCOUVER, B. C., April 8.—The last spike on the Grand Trunk Pacific trans-continental railway was driven at noon yesterday near the Nachaco river at Fort Fraser, B. C., 220 miles east of Prince Rupert. The line will be ready for operation in August.

The Grand Trunk Pacific main line now stretches from Portland, Me., to Prince Rupert, B. C. A line of steamers gives Prince Rupert connection with Vancouver and Puget Sound. A branch south from Fort George, B. C., now under construction, will permit the operation of trains to Vancouver.

VICTORY FOR DRUCKER

REPUBLICAN WON IN NEW JERSEY BY 5000 VOTES—SUCCEEDED LATE ROBERT DRUCKER

PATKINSON, N. J., April 8.—Practically complete returns from the election in the seventh New Jersey congressional district show that Bow H. Drucker, republican, has beaten James J. O'Byrne, democrat, by a plurality of more than 5000 votes.

Whitehead, progressive, received but

611 votes, a big falling off from the progressive vote of 1912, when Roosevelt carried the district by 891 votes.

O'Byrne had the personal endorsement of President Wilson. Democratic leaders nevertheless today asserted that the reapportionment of 1912 which divorced Passaic from Bergen and Sussex counties and made it a district by itself left a normal republican plurality.

They called the election of the late Congressman Robert G. Brenner, a democrat, in this new district a personal success and accounted for Drucker's victory on the same grounds.

CHIP KNOCKED OUT

NEW YORK, April 8.—Al McCoy of Brooklyn knocked out George Chip of Newcastle, Pa., a leading claimant for the middleweight title, in the first round of their 10-round match last night.

STEAMERS ARRIVE

NEW YORK, April 8.—Arrived: Str. Kronprinz Wilhelm, Bremen, Borgensford, Bergen, Verona, Naples.

TO PROTECT AMERICANS

WASHINGTON, April 8.—American women and children in Dona Cecilia, a suburb of Tampico have been brought into the city by order of Rear Admiral Mayo in order that their lives may not be endangered by fighting in progress there. Admiral Fletcher forwarded to the navy department this report he received yesterday from Admiral Mayo at Tampico.

"Sharp fighting during the day until six, Vera Cruz firing all day. Do not believe this is a serious attack on Tampico as nothing indicates rebels have artillery but report is persistent they will have some soon. Government Caballeros is in command of the rebels. Some alarm in town but not acute. Have brought American women and children from Dona Cecilia into Tampico. Some non-combatants injured."

THREE DOLLARS PER YEAR. TWENTY-FIVE CENTS PER MONTH

THE PROBATION SYSTEM

According to a recent report of the state probation committee of New York the probation system of dealing with prisoners is proving highly effective and is achieving unprecedented good. Nearly 80 per cent. of the 10,441 who were placed on probation according to the report, have improved in character and habits, and that this is not due to mere accident is proved from the fact that the 10 per cent increase of this number over that of last year corresponds with the 10 per cent increase in the total number placed on probation. This result is gratifying in connection with New York especially because that state has not been conspicuous in the past for success in dealing with prison problems and all that relates to them.

One of the remarkable features of the system is the economy which has been effected. It is shown by the report that less than \$200,000 covered the entire cost to the various counties and cities for the salaries and other expenses of probation officers. In 1912 the cost of upkeep for the state prisons, reformatories and institutions for delinquent and dependent children was \$2,300,000 and the total number confined in these institutions was 11,010, far less than the number of those saved from prisons and jails last year by the operation of the probation law. When efficiency, economy and humanitarianism thus go hand in hand there is little chance to be adversely critical.

Another feature of the New York probation law as reflected in the report is the amount of money collected for the families of those who offend against the law. We know from our local courts that too often a prison sentence or other punishment inflicts injury on sisters, wives, mothers and children, and the remedial court usage that would ignore this phase of prison life would not be apt to get the best results. In the New York probation system prisoners on probation are obliged to pay so much per week towards those dependent on them and thus much misery is lightened. The probation system is proving a genuine blessing for those who commit minor offenses whereas a prison sentence would often tend to make of the offender a confirmed criminal.

THE MILK SITUATION

While cities and towns are making regulations governing the sale and distribution of milk, urged on by warnings from the state board of health, there are many recent indications in press reports which hint at some basic trouble with regard to the milk supply of Massachusetts. Delegations of farmers from the vicinity of Boston have gone to that city recently and given away immense quantities, sometimes as high as nine hundred quarts, it is alleged, to call attention to the fact that they cannot sell their products at a profit. Indeed some of them indulged in less defensible methods of advertising by pouring gallons of milk into the ground for the creation of newspaper photographs. Remembering the needs of thousands of children in Boston slums, one cannot regard this waste as anything short of a crime. Nevertheless, the plights of the milk producers should be investigated for the good of the public and for the protection of legitimate business.

A delegation of the farmers waited upon Governor Walsh recently and called to his attention the fact that when contracts between themselves and selling agents expired recently, the contractors offered the producers only 29 cents a can, though up to that time they were receiving 40 cents a can. There was no reduction to the public, however. The farmers say that they are in the power of the contractors who import milk from outside states and from Canada if the contractors which they favor are not accepted by the milk producers, thus freezing out the Massachusetts product. The governor is said to have urged on the farmers the elimination of the middleman unless the contractors show a more reasonable aspect. It may well be that between the state legislation which grows more exacting yearly and the greed of the contractors who have unlimited power, the lot of the milk producer has become unenviable. The public, of course, is interested because the only indication it gets of a change in the milk situation is when the price goes up—and this has happened quite consistently of late whether the contractors paid 40 cents for a can or only 29.

A WORD TO OUR NEIGHBOR
Our neighbor, the Corner-Citizen, is apparently very much worked up over the Seely dinner, so-called and seems to be determined to connect a public official with the affair, something which The Sun did not even intimate. It also, for its own sinister purposes, attempts to connect The Sun with Alderman Brown, who at a meeting of the municipal board threatened to make some revelations in regard to a Seely dinner.

Now The Sun's attitude is, that if an alderman brings up a charge of this kind at a public meeting the police department should investigate the matter and have the parties responsible

brought to justice if they are found to have violated the law. In our opinion the reputation of the city for which our neighbor shows such solicitude, will be better served by such a course than by hushing it up and leaving the implication that the participants in such exhibitions are immune from prosecution if they happen to belong to some prominent club or to have a political pull. We insist that the law should be enforced against all law-breakers alike regardless of their station. The crusade for law and order should not apply almost exclusively to Greeks, Chinamen, and unfortunate young girls, while the men who hold a coronal with degraded women as the chief attraction are allowed to go scot free.

The Sun expressly stated that this is not a question of gratifying any politician's spite but of bringing all law-breakers to justice, so that no body of men in our city will feel that they can conduct any disgraceful exhibition or revel over the degradation of young women with impunity so far as the enforcement of the law is concerned.

WAGES AND VICE

Interest in the real or imaginary relation of commercialized vice to wages has lagged since the investigation in Chicago under the direction of the energetic Lieut.-Gov. O'Hara, but the matter is again brought to the front by the published intention of that gentleman to study conditions for a few weeks in a New England mill city—possibly Lowell. It is to be hoped that his investigation will be sincere and free from hysteria, and if so it can be asserted in advance with all gravity that in comparing conditions in the mill cities with the conditions in the large metropolitan centers, the balance will be in favor of the New England mill girls. Vice we have of all varieties but proportionately there is less of it among the workers in the mills than the workers in many other lines of industry. For that matter, vice is confined to no one class nor is it dependent on wages, though a low wage often undoubtedly is contributory to some of its worst forms.

It may be said, too, with all due respect to Mr. O'Hara, who is undoubtedly able and who has not been proved guilty of insincerity, that such investigations as that in which he is said to be engaged are of doubtful value. Because of his environment and training he cannot get the atmosphere of the mill in which he works or understand the characteristics of the workers, and his abnormally critical aspect is too apt to exaggerate trifles until they look monstrous. Mills and mill workers are apt to suffer as much from over-investigation as from a neglect of such activity—it indeed they do not already suffer from the sensational work of over zealous social workers.

WARNING TO CARRANZA

That this country has no intention of abandoning the Monroe Doctrine or that portion of it which guarantees protection to foreigners in the countries where we forbid foreign invasion, is clearly indicated by the warning which the government has sent to the rebel leader, Carranza, in reference to the intention of Villa regarding the threatened expulsion of the Spanish at Torreon. The United States has stepped in to provide protection for the Spaniards so threatened and a clearly defined issue has been thus drawn with the government of this country on the one side and the Mexican rebels on the other. If the United States refused to countenance injustice and lawlessness on the part of Huerta it could not consistently allow it in the official acts of Villa especially in matters on which we could rightly be called to account by foreign countries. Were this country to allow the Spaniards of Mexico to be injured in person or property what explanation could be offered to Spain for an enforcement of the Monroe Doctrine which would prevent that nation from avenging its subjects or demanding satisfaction? A great deal will depend on the answer of Villa or Carranza, for upon it may hinge much of the future with regard to the "watchful waiting" policy.

Seen and Heard

How you had your Easter suit fitted yet?
The rabins may sometimes come just a little early, but it is mighty hard for them to get ahead of the fellow who always gets them first.

Cured His RUPTURE

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. I tried but no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no fast time, no trouble. I have nothing to sell, but will give full information about how you may find a complete cure without operation. If you write to me, Eugene A. Bullen, 141 Madison Ave., New York, N. Y., I will tell you all that you need to know. I will also tell you how to cure your rupture—no operation, no fast time, no trouble. I will also tell you how to cure your rupture—no operation, no fast time, no trouble. I will also tell you how to cure your rupture—no operation, no fast time, no trouble.

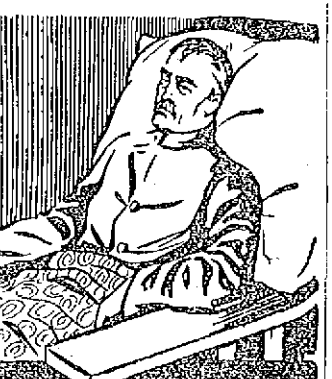

pled by a railroad accident.
"Business doesn't change much," was the reply. "It matters very little whether the mills are working half time or overtime, we get about the same amount, for people are usually willing to give so much to unfortunate ones."
"What is the average contribution?"
"From one cent to a nickel, but now and then we get a quarter or a half dollar. Once, I received a two dollar bill."
"What are your best days?"
"Saturday is always good, because that is pay day, but holidays are the leanest that we experience. I suppose people are so interested in being accused that they forget about the men who can't work and depend on the public for help to make both ends meet."
"Do you get much recognition from wealthy people—that is people who appear to be wealthy?"
"Very little. The average man or woman who throws a nickel or a dime our way is of the working class. I imagine the poor people have had their share of suffering, and are able to appreciate what we have undergone."
"What do you average a day?"
"From 75 cents to \$1. It's a matter of luck largely. Sometimes I go out on the street and the people are bad, I feel discouraged, and the world is as black as you can imagine, when all of a sudden half a dozen people come along, and drop silver pieces in my hat, and the sun shines once more. Then, I may look for good business. I imagine the poor people have had their share of suffering, and are able to appreciate what we have undergone."
"What do you average a day?"
"From 75 cents to \$1. It's a matter of luck largely. Sometimes I go out on the street and the people are bad, I feel discouraged, and the world is as black as you can imagine, when all of a sudden half a dozen people come along, and drop silver pieces in my hat, and the sun shines once more. Then, I may look for good business. I imagine the poor people have had their share of suffering, and are able to appreciate what we have undergone."

Officer Leighton, who patrols the Merrimack square "beat" is the right man in the right place, even when it comes to catching dogs, and some of his friends will endeavor to have him appointed official dog catcher for Lowell. The officer has a way of his own to attract mongrels, and for the past two days he has sent two victims to the dog house. The big patrolman was instructed by the dog catcher for unlicensed dogs for it seems that the Merrimack square is their rendezvous, and he it said that the cop is on the job. When a mongrel makes his appearance in the square Officer Leighton keeps him on him until he can by hands upon him and then it is all up for "Bogie," who is led to the dog box, where he is dispatched to the happy hunting grounds. Keep up the good work, officer.

"Laugh and the world laughs with you," seems to be the motto of the park board, who always have a joke on their sleeves. At the last meeting, before the question of a Tag day was brought to the attention of the commissioners, Mr. Carr was talking about having a certain park when Mr. Rountree asked him if he would like to see a few trees there. "Certainly," replied Henry. "Well then," said Allen, "I will go there with my family and that will make three 'Rountrees'." "I'll surely go up and see you," said Henry. "You had better go on a horse cart," chimed in Mr. Greene, and Dr. Stannard quickly remarked that the place would be much more interesting if "Mills" were located there, and that was the end of the joking for that night.

YOUNG PEGGY BLOOMS
(Published by Request)
Young Peggy blooms our bonniest lass. Her blush is like the morning.
The rosy dawn, the springing grass. With early gems adorning.
Her eyes are shining like the radiant beams. That glid the passing shower.
And shimmer o'er the crystal streams. And cheer each freshening flower.

Her lips, more than the cherries bright. A richer dye has graced them;

A
"Little Cold"
may mean
SERIOUS
ILLNESS

Don't neglect a cold—
When you feel it coming—
When you first commence
to sneeze and shiver—
Take a dose of—

Cures a cold in 24 hours—cures la grippe in three days. It is guaranteed. You can have your money back if it fails. It is an old standard, tried and proven remedy. Contains no poisonous chemicals—has no unpleasant after effects.
Simply take a dose to destroy the deadly germs and carry them out of the system.
Be sure to get the genuine—box with colored top. Mr. Hill's picture is on it. Don't experiment with substitutes. The price is 25 cents.

RHEUMATISM

Remarkable Home Cure Given by One Who Had It—He Wants Every Sufferer to Benefit

Send No Money—Just Your Address
Years of awful suffering and misery have taught this man, Mark H. Jackson of Syracuse, New York, how terrible an enemy to human happiness rheumatism is, and how it can be given him sympathy with all unfortunate who are struggling with it. He wants every rheumatic victim to know how he was cured. Read what he says:

"I Had Sharp Pains Like Lightning Flashes Shooting through My Joints."

"In the spring of 1903 I was attacked by Muscular and Inflammatory Rheumatism. I suffered as only those who have it know, for over three years. I tried every remedy after remedy, and doctor after doctor, but such relief as I received was only temporary. Finally, I found a remedy that cured me completely, and it has never returned. I have given it to a number who were terribly afflicted and even bedridden with Rheumatism, and it effected a cure in every case."

"I want every sufferer from any form of rheumatic trouble to try this marvelous healing power. Don't send a cent, simply mail your name and address and I will send it free to try. After you have used it and it has proven itself to be that long-looked-for means of curing your Rheumatism, you may send the price of it, one dollar, but understand, I do not want your money unless you are perfectly satisfied to send it. But don't delay. Write today. MARK H. JACKSON, No. 326 Gardner, Syracuse, N. Y.
Mr. Jackson is responsible. Above statement true.—Pub."

They charm in admiring gazer's sight.
And sweetly tempt to taste them;
Her smile is as the evening mild.
When she is seated on the hill.
And little lambskins wanton wild.
In playful bands disporting.

Where Fortune lovely Peggy's face,
Such sweetness would be found;
As blooming spring unbends the brow
Of sunny savage Winter.
Dearest, your eye can gain
Her winning power to lesson;
And fruitful Envy grins in vain
The poison'd tooth to fasten.

Ye Powers of Honor, Love and Truth,
From my ill defend her;
Inspire the highly favored youth
The destined intend her;
Still for the sweet convulsive flame
Responsive in each bosom;
And bless the dear parental name
With many a filial blossom.

—Robert Burns.

EDITORIAL COMMENT

L. W. W. ROTS
Brooklyn Times: Police clubs will not permanently quell L. W. W. disturbances in New York City. The reasoning of bruised heads seldom is relevant. The situation calls for strong minds rather than for strong arms, and it is unfortunate the arms got there first.

SUICIDE WAVES

Boston Traveler: Psychologists should give their attention to the social suicide wave that resulted in three students of the University of Pennsylvania taking their lives within a week. Fearing more waves of the same sort, Provost Edgar Smith of the university, summoned Billy Sunday, the evangelist, in the hope that he would divert the minds of the students. Their enthusiasm over the evangelist, the provost says, was a revelation to him and the results exceeded his fondest expectations.

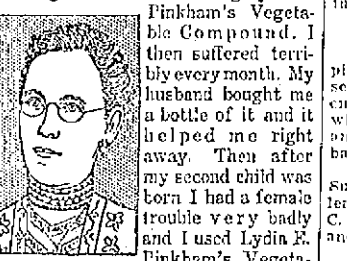

MASSACHUSETTS MILK

Lawrence Tribune: The North Reading farmers were confronted with an unusual situation during the past week. Their contracts with the wholesale milk dealers having expired, they

MRS. BEDEL TELLS WOMEN

How Lydia E. Pinkham's Vegetable Compound Kept Her in Health for 14 Years.

Shippensburg, Pa.—"It was several years ago that I started taking Lydia E. Pinkham's Vegetable Compound. I then suffered terribly every month. My husband bought me a bottle of it and it helped me right away. Then after my second child was born I had a female trouble very badly and I used Lydia E. Pinkham's Vegetable Compound and in a short time was cured and have been in excellent health since. I always praise the Compound whenever I have an opportunity as I know it helped me and will help others. Lately I have given the Compound to my daughter and I wish all suffering women would take it and be convinced of its worth."—MRS. JAMES A. BEDEL, 43 N. Penn Street, Shippensburg, Pa.

Lydia E. Pinkham's Vegetable Compound, made from the roots and herbs of the most successful remedy for female troubles, and to-day holds the record of being the most successful remedy for female troubles. I know of it, and thousands of voluntary testimonials on file in the Pinkham laboratory at Lynn, Mass., can prove this fact.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to any of the women whose testimonials letters we are constantly publishing. They will tell you their experience and give you confidence to try the medicine.

found themselves burdened with a daily supply of milk for which there seemed to be no market. At first they gave it to the hogs. Then they simply allowed it to run to waste. Finally the son of one of the farmers devised the plan of taking the milk to Boston and giving it away to any who desired it. How great was the demand has been proved not only by the news reports but also by the photograph of the crowds around the milk wagons which have been reproduced in some of the Boston papers.

TRUST METHODS

Lowell Sun: The right way is to leave everyone free to make corporations, big and little, and make all combinations of corporations that look promising of increased profits. Then give anyone injured in any corporation or combination easy access to the courts and prompt decision of his particular claim. A big organization may be able to give the public more and better service for the money. Give them the widest liberty to do so. And when in the exercise of that liberty they do a wrong, make them pay for it.—Liberty and responsibility.

IN SPRINGFIELD

Springfield Union: The Boston Herald observes that Springfield needs a clean-up and paint-up week less than many other cities. Springfield is and always has been a little tidier than the average run of cities, but it is not as clean as it can be and ought to be, and the clean-up week is expected to show the citizens how to put the city in the front rank for cleanliness.

KILLING MEASURES

Brooklyn Enterprise: A contemporary gives credit to the Massachusetts legislature this year for killing unwise measures. It is too bad that such measures get as far as to require legislative slaughter. It's dangerous, for now and then one gets by that means harm.

DEMURRERS SUSTAINED

BY JUDGE JENNEY IN CASE OF G. A. MUELLER, GUARDIAN OF ELMIZABETH PARKER

The defendants' demurrers in the case of George A. Mueller, guardian of Elizabeth Parker vs. Isaac Van Horne et al., have been sustained by Judge Jenney, who is presiding in the equity session of the superior court. Lawyers Kerwin and Reilly represent the Old Lowell bank, which is a co-defendant, in this case.

The demurrer was based on the contention that the bill in equity brought by the plaintiff sets out several distinct parties, and is therefore multifarious.

MILITANTS IN ULSTER

ARMY SQUAD SETS FIRE TO ORLANDS, OLD MANSION NEAR RICKFERGUS ON BELFAST LOUGH

BELFAST, Ireland, April 9.—Militant suffragettes continued their campaign of arson in Ulster today by setting fire to Orlands, an old mansion near Carrickfergus on Belfast Lough. The residence was burned to the ground. The usual suffrage literature was found littered about the grounds.

TEDDY ON G.O.P. TICKET

YARMOUTH DELEGATES FAVOR ROOSEVELT FOR PRESIDENT IN 1916

YARMOUTH, Me., April 9.—Theodore Roosevelt will be endorsed as the republican candidate for the presidency in 1916, if the efforts of the local delegation at the state republican convention in Augusta today prevail.

Resolutions instructing the Yarmouth delegates to urge vigorously that this step be taken was unanimously adopted at the republican caucus in this town yesterday. Howard Davies, Charles W. Gerow, John Simington and James Rogers were elected delegates.

The resolutions they will present for adoption by the convention read as follows:
"Resolved, that the republican party in this state must be aggressively progressive and the champion of political, economic and social justice, that the union of all the forces which are opposed to the democratic party is not only desirable, but necessary."

"That the nomination of William H. Taft in 1912 was ill-advised and unjustifiable; that the republicans of Yarmouth favor the nomination of Theodore Roosevelt for the presidency in 1916, and that the delegates from this town to the republican state convention be directed to use their influence to the end that the republican party of Maine recommend the nomination of Theodore Roosevelt as the republican candidate for the presidency in 1916."

NATIONAL LEAGUE EMPHATIC

NEW YORK, April 9.—All the members of the National league will assemble here on Saturday for a conference with President John G. Taylor, who has prepared a list of instructions and his ideas on how a game of baseball should be umpired.

The umpires who will assemble on Sunday are Bob Emslie, Charles Richter, Bill Klem, Al Orth, Mal Eason, E. C. Quigley, Bill Byron, Harry Johnson and Bill Hart.

SUFFRAGE FOR ILLINOIS WOMEN

CHICAGO, April 9.—Declaring that women demonstrated their desire to vote at Tuesday's township elections, woman suffrage leaders today began a movement for full suffrage for the women of Illinois. This could be obtained only through a change in the state constitution.

Under the equal suffrage act passed by the last legislature, women cannot vote for state officials, members of the legislature, members of congress, or other constitutional officers. The law granted them the vote on questions of public policy and for president and city offices, provided for by statute.

DRAFT

The annual meeting of the water supply district of Draught was held last night at Grange hall, Draught Centre, and was attended by about 20 people. In the absence of Moderator George H. Stevens, Nelson E. Huntley was elected to that position and Samuel Holgate was chosen clerk.

MURDERER GUARDED

Officer Charles A. Foye of the District Police force has been served an affidavit of arrest from the district attorney's office to the effect that he is to keep the key of the William R. Sweeney home in his pocket and not allow a soul to enter the house in Hemlock street until he hears from the district attorney again.

The notice was served upon the officer by Sheriff Martin Courtney and accordingly the house of the alleged murderer of his wife is still in the same condition and will remain that way probably until Sweeney is removed from the Worcester station.

Officer Foye reports that there were several parties who called to see him in relation to renting the house, and some of them when they were told that there was nothing doing for the present, asked the officer to give them the first chance, for they thought the place was an ideal one for a small family.

Michael Crumme, the man who, it is claimed, was murdered by Sweeney and who has been confined to St. John's hospital since the institution Monday and is now at his home, 15 England street, Wiganville. However, he will be discharged for life if the Sweeney case goes to trial Crumme will be the chief witness.

"WIRE TRUST" DISSOLVED

WASHINGTON, April 8.—Pursuant to an agreement with the department of justice disintegrating the Western Union Telegraph Co. and the American Telephone & Telegraph Co., directors of the American Telephone & Telegraph Co., who were likewise directors of the Western Union board today, a meeting of the new board has been called for April 15 when it is expected Newcomb Carlton will be elected president.

A statement to stockholders, President Carlton took occasion to discuss the possibility of the government control of telegraph lines.

"The property of the company," he

said, "cannot be taken unless a full and proper equivalent is returned to the owners. In such a case the stockholders should receive, as a minimum, a sum far in excess of the present market value of the shares."

The other alternative which has been advanced, to take over the long distance telephone lines and enter into competition with the existing telegraph lines for the purpose of destroying their business is not only of a questionable character as to be repudiated when its full significance is realized, but is so utterly impossible and unworkable from a practical point of view as to make it negligible.

WILL GO TO FLORIDA

From Lowell to Florida in a motor and sail boat, such is the feat that will be undertaken in a few weeks by Paul Robinson, son of Mr. and Mrs. J. W. Robinson of East Chelmsford. The young man is now at work finishing his craft and as soon as it is ready, he will set sail for the south.

Mr. Robinson, who is a skilled machinist has been at work on building his boat for several months, but only worked during his leisure hours. The boat is 32 feet by 8½ feet and is equipped with a large motor engine as well as spacious sails. It is so well constructed that it will stand any storm. The craft has been tested in salt water at the Salem harbor and has proven to be suitable for a voyage to the south.

Mr. Robinson went south some years ago and it was then he conceived the idea of building a motor boat that

would stand the roughness of the sea. He made up his mind to journey to Florida in his craft and there secure employment near the seashore, and he will be so constructed that there will be ample room for a bed room and a kitchen, and although this is an innovation in this part of the country, it is not unusual to see hundreds of those small craft so occupied in the seaports along the south.

Mr. Robinson is now putting the finishing touches on his boat and as soon as it is completed, providing he does not change his plans, he will set sail from the Salem harbor, where the boat is now located. If the climate is favorable he will remain in the south until his health has improved, and if not, he will simply make a pleasure trip. He hopes to make the voyage from Salem to the southern part of Florida in about three weeks, and he expects to start before the middle of May.

POLICE CONTROL

Discussed by the City Solicitor in Opinion to City Council

In the opinion of the city solicitor read at the meeting of the municipal council today the mayor is the administrative head of the police department as the other commissioners are the heads of their respective departments.

On this point the solicitor says: "In other words, the mayor, as commissioner of public safety, shall have the power, subject to the laws of the commonwealth, to appoint, employ, suspend, remove or discharge all subordinate officers and employees in the police department and shall make and execute all contracts necessary to the general charge and management of all matters pertaining to the police department, except for the purchase of material and supplies."

"It is, moreover, the opinion of the city solicitor that it is not the function of the municipal council to exercise any of the attributes and powers enumerated in said section 41. To each commissioner of the government is attributed the same power. There is no distinction made by the charter in the powers granted to the several commissioners for section 41 of chapter 645 of the Acts of 1911 seems to be clear and concise when it recites that 'The commissioner of public safety, the commissioner of finance, the commissioner of streets and highways, the commissioner of water works and the protection and the commissioner of public property and licenses shall be the administrative heads of their respective departments,' meaning, therefore, that each commissioner shall exercise control over the management of all matters pertaining to the department

ment to which he is assigned; possessing that discretion which is attributive of administrative power.

"You will observe, moreover, the language contained in section 25, chapter 645, of the Acts of 1911, wherein it is stated that: 'The municipal council shall determine the policies to be pursued and the work to be undertaken in each department, but shall not exercise any of the powers to carry out the policies or to have the work performed in his department, as directed by the municipal council.'

Wherefore the solicitor states the mayor is the administrative head of the police department.

15 YEARS ALIMONY BILL

WM. STOWE OF WORCESTER OWES \$2,423 TO HIS FORMER WIFE IS DECISION OF JUDGE

WORCESTER, April 8.—That William Stowe of Worcester owes a 15-years alimony bill amounting to \$2,423 to his former wife, Mrs. Emma Taylor of Boston, who has separated from her second husband, Stephen A. Taylor of Boston, is the decision handed down by Judge William Walte today in superior court. The Stoves were married in 1896 but two years later Mrs. Stowe procured a divorce from Stowe and an order for alimony of \$3 a week in the Maine courts. She married S. A. Taylor of Boston in 1899, but she has separated from him. Stowe married Annie Bragg in Worcester in 1902 and is living with her. The question submitted to Judge Walte was whether Stowe should be required to honor the alimony order since his former wife's second marriage. Judge Walte decides he must pay the bill.

FOREMAN OF BOSTON COMPANY
Mr. Robert Warnock of 19 Fort Hill avenue, formerly foreman for the late Patrick Conton, has accepted a position as foreman for the New England Concrete Construction Company of Boston.

STUCK LEDGE IN FOG

BRITISH STEAMER AGROUND NEAR BOSTON LIGHT-FIRE TUGS LIBERATE HER

BOSTON, April 8.—The British steamer America outward bound for Cuba was aground for several hours early today on a ledge near Boston light which she struck during a heavy fog.

Five tugs and the rising tide liberated her and she came back to her wharf with a decided list to port.

The America is a small craft engaged in the fruit trade and carried no passengers.

TRANSFER OF STOCKS

BILL PROVIDING FOR A STATE TAX AFTER SEPT. 1, 1914, WAS FAVORABLY REPORTED

BOSTON, April 8.—A bill providing for a state tax on transfers of stock after Sept. 1, 1914, was favorably reported by the legislative committee on taxation today. The tax would be two cents on each \$100 of the face value of the stock.

200 MASS. PHYSICIANS

BOSTON, April 8.—Nearly 200 physicians from all over the state were present at the 74th annual meeting of the Massachusetts Homeopathic Medical society today.

The afternoon session was devoted to a consideration of Boston's milk supply and papers were read by Dr. N. C. Davis, George R. Bedinger, director of the Milk and Baby Hygiene association, R. W. Bird and Dr. Stephen Blodgett.

BANK PRESIDENT RESIGNS

SPRINGFIELD, April 8.—Edward Pynchon, president of the Chicopee National bank of this city, who has been connected with the bank for 23 years, is to retire as president and will be succeeded by George MacDonald of North Adams, now treasurer of the bank.

Mr. Pynchon will be elected chairman of the board of directors of the Chicopee bank.

PLANT TREES IN BAY STATE

BOSTON, April 8.—Announcement was made today by the state forester, Frank W. Rane, that he had his forces all organized for starting the reforestation work and would send them in to the land within a few days to plant trees on land owned by the commonwealth. He says there will be more tree planting done in Massachusetts this year than ever before. The forestry department is going to break its record and land owners everywhere are acquiring an interest in the problem of planting trees.

In its nurseries the forestry department has more than 7,000,000 little trees, one-fourth of which are big enough to be transplanted this spring.

MATRIMONIAL

A pretty marriage took place at the home of Mr. and Mrs. John Johnson, 35 Corbett street, when their daughter, Louise Glna, was married to Mr. Herman Halverson of Pittsfield, Mass., by Rev. Mr. Stromberg, pastor of the Swedish M. E. church. The double ring ceremony being used. Miss Esther Schonborn was maid of honor, while the best man was a brother of the bridegroom, Mr. John Halverson. The couple will make their home in Pittsfield.

CUT IN FREIGHT RATES

CAUSED SLUMP IN CANADIAN PACIFIC TRADING ON LARGER SCALE TODAY

NEW YORK, April 8.—The sweeping reduction in freight rates ordered by the Canadian railroad commission caused a slump in Canadian Pacific today. It opened with a block of 2000 shares at 202 to 202 1/4, the lowest since 1911. Minneapolis, St. Paul and St. Marie, a controlled road, lost five points. The general list was inclined to heaviness. Trading was on a larger scale than during the last few days. Steel was under pressure, but like the other active stocks its loss was only fractional. Great Northern Ore added nearly a point to its recent decline and Delaware & Hudson lost one.

Reading and Lehigh were running about a point during the morning, causing an increase of covering in other stocks. Trading was on a considerably larger scale, the forenoon total being nearly four times yesterday's amount in the corresponding period. Buying power was limited in the afternoon and the bulls were unable to carry the rally further. Realizing sales disclosed vulnerable spots, but the main movement was unimportant. The metal shares made no response to the strong showing of the copper producers' monthly statement revealing a decrease of 13,762,000 pounds in supplies.

The market closed heavy. Lackawanna Steel's large shrinkage in earnings for the last quarter, the expected decrease in U. S. Steel tonnage figures and dismal comment by steel trade journals intensified the general heaviness.

BOSTON MARKET

BOSTON, April 8.—A 12 point rise in Calumet & Hecla to 42 1/2 was the feature of the local mining share market during the early hours today. Other stocks were fairly steady, but the demand continued light. Alaska opened off 1/4 at 24 1/4, but regained it by noon.

LABOR TROUBLES

Thorough Investigation by the Federal Commission

WASHINGTON, April 8.—A thorough investigation into past labor troubles in the clothing industry and the printing trades with a view to eliminating them in the future, was entered into here today by the federal commission on industrial relations. The witnesses appearing on behalf of the clothing industry were Julius Henry Cohen of New York and Joseph Schaeffner and Earl D. Howard. The employees were represented by J. S. Rosenberg of New York, president of the International Garment Workers' union; Abraham Blum of New York, and Sidney Hillman of New York, chief clerk of the joint board of Cloak and Suit Makers' unions.

Representing the employees of the printing trades were James M. Lynch, commissioner of labor of New York, and George L. Berry of Rogersville, president of the International Printing Pressmen and Assistants' union. The employers representatives were H. N. Kellogg of Indianapolis, president of the American Newspaper Publishers' association, and Charles Francis of New York.

NO SUNDAY BASE BALL

HILL WAS DEFEATED BY LARGE VOTE IN THE MASSACHUSETTS HOUSE TODAY

BOSTON, April 8.—Advocates of Sunday baseball were defeated in the house today. The vote was strongly against it. A similar bill last year had 56 supporters.

AT G. A. R. CONVENTION

GREETINGS FROM SEVERAL AFFILIATED BODIES—NEW OFFICERS INSTALLED

BOSTON, April 8.—Greetings were received from several affiliated bodies when the Grand Army resumed its session here today. The new officers were installed today.

APPEAL FOR ASSISTANCE

NEW YORK, April 8.—William J. Ellis, mayor of St. Johns, N. F., now in the city, issued a call today for a meeting of New Foundlanders in New York tomorrow evening to organize relief for the families that have suffered through the scaling fever. He will likely also issue an attempt to interest natives of the island who reside there.

WILSON'S EASTER TRIP

WASHINGTON, April 8.—Plans for President Wilson's Easter trip were changed today. The party will go to White Sulphur Springs, W. Va., instead of Hot Springs, Va., as previously announced. The purpose is to afford Mrs. Wilson rest and an opportunity to recuperate from her recent illness. The president will leave Thursday night and be back at his desk Monday morning.

CITY COUNCIL VOTES TO BORROW \$138,000

Making a Total of About \$190,000 Borrowed This Year—
Warren P. Riordan Sealer of
Weights and Measures

The municipal council met this forenoon and voted to borrow \$138,000 for streets and sidewalks. The total amount borrowed this year amounts to about \$190,000 and Mayor Murphy stated at today's meeting that he would not vote to borrow any more money this year unless the demand was a very urgent and a very necessary one.

11:40 with all members present.

The first business had to do with a petition for a pole location in Walker street. The matter was referred to the commissioners on streets and public property and licenses.

A petition for eight pole locations in Bppling street was referred. The petition of Owen McGary to keep gasoline in Amory street was read by the mayor and his honor also read communications from the Boot and Massachusetts bills protesting against the petition. The matter was referred. The petition by the Pitts Auto Supply Co. to keep store and use gasoline in Ward street, was granted on recommendation of Commissioner Connelly.

A hearing on a petition for a pole location in Methuen street was set for April 22. Other petitions for pole locations and wire attachments were referred.

Belmont Welsh, superintendent of police, petitioned for a police box in Plain street. The petition was referred.

The application of George A. Willet for license as weigher of coal was granted.

The order permitting Martha Mack to keep a lunch wagon in Greene street was adopted, and lunch cart petitions by William Mulcahy and Michael Gray were referred.

Two applications for the organization of clubs, the Pawtucketville Social and Elliot Social clubs, were referred to the superintendent of police.

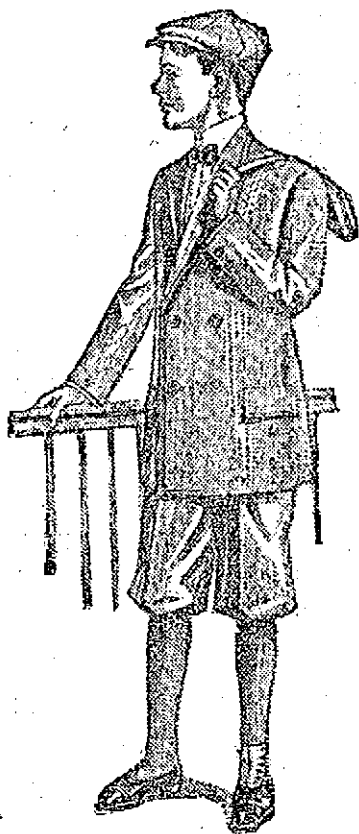

\$5000 for Sidewalks

An order to borrow \$5000 for sidewalks, introduced by Commissioner Morse, was read by the mayor. The order was adopted. Commissioner Brown said that some municipalities had a plan whereby the abutter paid his share in advance of the sidewalk work being done and he thought the plan would work well here. Mr. Morse said he would consider the suggestion. Mr. Morse said that the old brick sidewalks had gone by and that new sidewalks should be of the "granolithic type."

Steam Roller Repairs
Commissioner Morse asked permission to have the street department's steam rollers repaired. The matter had been properly advertised and the council voted Mr. Morse the authority to make the contract. The repairs will cost \$3700 and will be paid out of Mr. Morse's appropriation.

\$100,000 Loan Order

The next business had to do with a \$100,000 loan order for "stone block

permanent paving." The order was introduced by Mr. Morse and had the emergency clause attached.

Commissioner Connelly asked what streets were included and the amounts in reply to this question Mr. Morse said that he had gone over the matter with the city engineer and presented the following figures: Gorham street, \$12,500; Westford street, \$31,700; Pawtucket street, from Merrimack to Moody street, \$7,100; Branch street, from Nichols street to Smith street, \$3,400; Thorndike street, from Appleton street to the freight yard, \$3,300. Commissioner Connelly said that Back Central street, so-called, is in very bad condition from Church street to Charles street and he said he would like to see something done there. Mr. Morse said he would try and do something there but it would be useless for him, he said, to think of putting in smooth paving. The order as presented was adopted.

MASTER BUILDERS' BANQUET

All arrangements for the annual banquet of the builders' exchange are now completed and it is believed that the event will be the best ever. The affair which will mark the 26th anniversary of the exchange, an organization composed of most of the leading builders of the city, will be held Wednesday evening, April 15 at the Richardson hotel.

In the afternoon at 4 o'clock the members will meet in their quarters in The Sun building for their annual meeting and the report of the officers will be given out. The election of the officers for the ensuing year will be a feature of the afternoon, while other business of importance will be transacted.

Congressman Rogers will be the principal speaker at the banquet. The committee in charge of the arrangements are the following: Frank H. Weaver, chairman; John Dwyer, Geo. H. Watson and John H. Johnson.

TOWN OF DRACUT INDEMNITY TO COLOMBIA

The selection of Dracut have made the appointments of police officers for the coming year and there has been but one change, this being on account of one of the police officers being elected to the board of selectmen at the past town meeting. The new-comer is Clinton Coffin of the Centre district, who was appointed to fill the vacancy created by Victor Cluff, now a member of the board.

Two others, William Cullinan of the Collinsville district, and Charles A. Foye of the Kenwood district have been reappointed and their many friends will be pleased to hear the good news, for they are both valuable officers for the town and they are held in the highest esteem by their fellow citizens.

It was stated that there was a lively contest for Officer Foye's position, as other members of the Kenwood community were out strong for the job, but the officer's record is all and the selectmen could not see their way clear to remove such a brave officer, especially after the clerical arrest of Sweeney, the alleged murderer of his wife.

The whole list of appointments is as follows:

Collinsville: William Cullinan, Navy Yard; Arthur Garland, Centre; Clinton Coffin and Peter Goveite.

Kenwood: Charles A. Foye. One of the selectmen in conversation with the writer this afternoon stated that in a few weeks three more officers will be appointed for the summer months, one for Collinsville, another for Navy Yard and a third one for Kenwood.

FUNERALS

MAILLOUX—The funeral of Mrs. Francois Maillox took place this morning from her home, 5 Melvin street. High mass of requiem was celebrated at St. Joseph's church at 9 o'clock. Rev. J. H. Racette, O. M. I., Ph. D. officiating. The bearers were Joseph Pigeon, Pierre and Joseph Messier, Gedeon Parent, Laurent Audette, Alexis LeBlond. Burial was in St. Joseph's cemetery, where the committal prayers were read by Rev. Joseph Denis, O. M. I. Funeral arrangements were in charge of Undertaker Joseph Albert.

BERTRAND—The imposing funeral of Mrs. Arthur M. Bertrand, beloved wife of the well known merchant tailor, took place this morning from the home of her brother, Edward Bourassa, 128 Mt. Washington street and was very largely attended. For deceased counted a host of friends in this city. Solemn high mass of requiem was

U. S. Agrees to Pay \$25,000,000 for Acquisition of Canal Zone in Treaty Signed by Authorities

WASHINGTON, April 8.—Twenty-five million dollars is the amount the United States agrees to pay Colombia for the partition of Panama and the acquisition of the canal zone in the treaty signed in Bogota by America Minister Thompson and the Colombian authorities. This was stated here today at the Colombian legation.

No rights for a new inter-oceanic canal across Colombia by the Atrato river route and no coaling privileges on San Andreas and Providencia islands off the Colombian coast, it was added, were contained in the treaty.

The Colombian congress will be called in special session to pass on the treaty before it is submitted to the senate here.

TREATY SIGNED

WASHINGTON, April 8.—Secretary

Dryan and other officials of the state department were highly gratified today that the negotiations between the United States and Colombia for a settlement of the long pending Panama controversy had been brought to successful termination through the signing of a treaty between the two countries at Bogota yesterday.

The next step will be the ratification of the treaty by the Colombian congress which has been called to meet in special session for this purpose on May 1 and by the United States senate.

While details of the agreement have not been announced here it is understood that the treaty provides that the United States shall pay to Colombia a lump sum of between \$22,500,000 and \$25,000,000 in full for the loss suffered by the latter company when Panama succeeded and transferred the canal zone to the United States for the construction of an inter-oceanic canal through Colombian territory and for a coaling privilege on the Colombian coast.

Mr. and Mrs. J. Upton, Mr. and Mrs. H. H. Bean, Mr. and Mrs. W. M. Groat, Burial was in St. Joseph's cemetery, where the committal prayers were read by Rev. Joseph Dennis, O. M. I. Funeral arrangements were in charge of Undertaker Amodeo Archambault.

SELECTION OF RESERVE BANKS
WASHINGTON, April 8.—The first move to investigate the selection of the 12 regional reserve cities of the banking system was made in the senate today when Senator Hitchcock, democrat, introduced a resolution calling on the organization committee for its data and the reasons upon which it based its conclusion, selecting the reserve districts. Under objection it went over until tomorrow.

The resolution followed a hot debate between southern senators over the selection of Atlanta and Dallas as against New Orleans.

WARREN P. RIORDAN

of the council, the commissioner giving as his opinion that the police department should come under the jurisdiction of the council as a whole, rather than under the jurisdiction of the mayor. He thought it was too much power to place in one man's hands. The city solicitor, however, opines that the carrying out of the policies and the execution of the work to be done by the police department must be performed by the mayor.

Mayor Murphy called to order at

VETERANS PRAISE WILSON

G. A. R. Men Laud President for Mexican Policy—Lowell Man Elected by Sons of Veterans

BOSTON, April 9.—President Wilson's Mexican policy of "watchful waiting" received the unanimous approval and endorsement yesterday of 500 members of the department of Massachusetts, Grand Army of the Republic.

Gathered in Ford hall at a banquet marking the close of their fifth annual encampment the veterans made known their sympathy with the administration's attitude by spontaneous and vociferous applause when it was praised and commended in an address by State Auditor Frank A. Pope of Leominster.

"Thank God," cried Mr. Pope, "that we have a president in Washington who believes in a policy of 'watchful waiting' rather than one to precipitate a war."

Rounds of Applause
For a full half minute after this declaration, the speaker's voice was lost in the noise of stamping feet, and enthusiastic clapping of hands and cheering.

The state auditor also took occasion in his address to eulogize the Industrial Workers of the World, and especially one of the organization's leaders, Arturo Giovannitti, who, with Peter, was acquitted on a charge of murder growing out of the Lawrence strike.

Giovannitti and such men, said Mr. Pope, sought to undermine the greatest asset of the nation and the one thing upon which its past success had been built and upon which its future depended—patriotism. This declaration, too, evoked a storm of applause.

Notable Banquet
Yesterday's banquet in many ways was the most notable ever held by the Massachusetts Department. G. A. R. Besides Mr. Pope, the guests of honor and speakers were Gov. Walsh, Gardner, Washington, national commander-in-chief of the G. A. R., John E. Gilman, past national commander-in-chief, representing Mayor Curley; the Rev. Robert E. A. Horton, chairman of the state senate; Commander-in-Chief Sauter of the Sons of Veterans, and John M. Woods, newly elected commander of the Massachusetts department.

All vie with each other in their praise of the G. A. R. and in extolling the power of its great influence on the country today. Then, in between the addresses, the old time songs of "I were sung by an impromptu chorus organized under the direction of Commander A. A. Carleton of Melrose, and more than once the quavering voices of the old soldiers filled the hall even dimmed with tears and the cheers evoked by the patriotic airs came from throats, choked and husky with emotion.

One Much in Webster
The real creation of the dinner was given by Commander-in-Chief Gardner. More and more, he said, the country was showing its appreciation of the results of the war. He declared

LOWELL MATTERS

Continued

uous one. The fight for Mr. Pearson will be led by Representative Victor F. Jewett of this city, Representative Ralph M. Smith of Somerville and Representative Arthur S. Newhall of Boston. Representative Smith is the militia at the present time and Representative Newhall is a Spanish war veteran. He is also house chairman of the committee on military affairs, a firm believer in the five-year tenure for adjutant-general and a staunch friend and admirer of the present adjutant-general.

Pension Lowell City Laborers

Between 50 and 60 bills having to do with pensions and including the bill to pension employees of the city of Lowell are before the committee on social welfare and a plan is being thought out for the systematization of standardization of pensions along contributory basis, the legislature, as a whole, believing that the pension business is being overworked.

The bill relating to pensioning certain employees of the city of Lowell was introduced by Representative Dennis A. Murphy and reads as follows:

Section 1. An employee of the city of Lowell who has reached the age of 60 years, and has been in such employ for a period of not less than 15 years, and has become physically or mentally incapacitated for labor by reason of any injury received or illness incurred in the performance of his duties for the city, may at his application for said pension, and if approved by the board of aldermen, be retired from service, and if so retired, he shall receive from the city for the remainder of his life an annual pension equal to one-half of the annual compensation which he should have received had he worked full time during the year ending on the date of his application for said pension. Any employee of the said city, who has reached the age of 65 years and has been in such employ for a period of not less than 20 years, shall be retired from service and shall receive from the city an annual pension computed in the manner hereinbefore set forth.

Section 2. This act shall not apply to any employee of the police or fire departments of the said city.

Section 3. This act shall be submitted to the voters of the city of Lowell at the city election in the current year and shall take effect upon its acceptance by a majority of the voters voting thereon.

Assistant Probation Officer

The bill calling for an assistant probation officer and more clerical assistance in the Lowell court is still hanging fire at the state house and it was stated today that the legislature will frame a statewide bill covering this matter as the number of bills of a like nature coming in from various cities and towns are too numerous for completion.

State Tax Increasing

There are a number of small items being held up by the committee on ways and means for further consideration as to disposition. Money, the root of all evil, is at the bottom of the holdup. The legislature up to the last of March, 1914, had appropriated as much money as was appropriated during the entire year of 1913, and this state means a big increase in the state tax. The state tax last year amounted to \$5,000,000 and at the present time it represents about \$5,000,000. It is expected that the state tax will reach and probably exceed \$10,000,000 before the end of the year, and that's going some. The committee on ways and means realizes this and is attempting to put on the brakes. Quite a number of the minor bills being held up by this committee are of interest to Lowell.

Lieutenant Governor's Kick

Lieutenant Governor Barry charges the members of the legislative recess committee on unbecomingly with all kinds of improper expenditures and a Lowell man, Rep. Victor F. Jewett, is on that committee. Asked today if he had anything to say relative to Mr. Barry's graft charges, Mr. Jewett said: "So far as expense bills are concerned I cannot speak for the committee as a whole. I can speak only for myself and the only expense bill submitted by me was for car fare between this city and Boston. I do not think that the lieutenant governor or anybody else can very well criticize my bill."

ST. PETER'S ORPHANAGE

The good sisters of St. Peter's send out the following reminder to their friends on the occasion of the Easter festival: The sisters and children of St. Peter's orphanage would be pleased and grateful to be remembered Easter by their friends and neighbors. New and commodious home on Stevens street necessarily calls for larger funds and supplies. Provisions, articles of clothing, and money are always acceptable. We express our sincere thanks for past favors.

Respectfully yours,

The Sisters of Charity.

MAY SAVE MURDERER

DETECTIVE BURNS SAYS MARY PHAGAN WAS KILLED BY A NORMALLY ABNORMAL MAN

ATLANTA, Ga., April 9.—Mary Phagan, the factory girl mysteriously murdered here nearly a year ago, was killed by a morally abnormal man, in the opinion of Detective Wm. J. Burns, who has investigated the case.

Mr. Burns made this statement after a conference yesterday with Solicitor General Hugh Dorsey, at which the two went over all physical evidence presented at the trial of Leo M. Frank, under sentence of death for the murder.

Burns previously had repeatedly declared that Frank, the applicant is perfectly normal. Asked whether yesterday's statement, however, meant that his report would show the condemned factory superintendent innocent, the detective declined to commit himself.

Yesterday's conference was the first between Mr. Burns and the solicitor, who was in charge of Frank's prosecution. At its close, Mr. Dorsey declined to talk. Mr. Burns, however, said the evidence in the solicitor's possession was in line with his own conclusions. Mr. Burns' report on the case probably will be made public this week. Frank's execution is set for April 17.

James Conley, negro factory sweeper, testified at the trial of Frank that the young superintendent was a moral pervert.

STEAMERS ARRIVE

NEW YORK, April 9.—Arrived steamers Oceanic, Southampton, Rydam, Rotterdam.

BIG STRIKE IMMINENT

SYNDICALISTS PLAN GENERAL WALKOUT UNLESS INCREASE IS GRANTED ALL WORKERS

LONDON, April 9.—The syndicalists are taking measures to bring about a general strike in the autumn, according to the Standard, in order to procure an advance of five shillings (\$1.20) in the weekly wage of all workers. So far, however, many of the responsible leaders of the trade unions oppose the idea.

The new waists for Easter shown at Gilbride's deserve your inspection.

FOR FEDERAL POST

HUGH D. McLELLAN OF LEXINGTON

BOUND FOR U. S. DISTRICT ATTORNEY OF BOSTON

BOSTON, April 9.—Attorney Hugh D. McLeellan of Lexington, senior member of the firm of McLeellan, Carney & Brickley at 14 Milk street, is reported in legal circles as the next United States district attorney at Boston.

His name has been presented to Attorney-General McReynolds for appointment, with the endorsement of prominent members of the bench and bar in Massachusetts. It is expected that his name will be sent to the president for appointment today.

Mr. McLeellan is 37 years old, and if appointed will be one of the youngest men to hold the position of United States district attorney at Boston. He is a graduate of Colby college, '95, and of the Columbia Law school, New York, '92. Immediately on graduating from Columbia he was admitted to practice at the Massachusetts bar. He became associated with Samuel C. Bennett, formerly dean of the Boston University Law school, and then organized the present firm, with which he has been associated for a number of years as senior member.

Nocturnes in suits for Easter can be had at The Gilbride Co.'s Store.

AMUSEMENT NOTES

LOWELL OPERA HOUSE

If you like good wholesome excitement, snappy acting and beautiful scenery, by all means see "The Terror," the feature offering at the Opera House today. This striking production combines unusual scenic effects with a plot as thrilling as it is easy to follow. The remarkable adventures of the detective who risks his life to run to earth the clever thieves who have robbed Mr. Tarsova of his jewels are scenes that you will not soon forget. The climax in the third part where the detective jumps from the top of a building and catches the ringleader of the bandits, is a startling one, no less surprising than realistic. There are numerous scenes of unique character introduced throughout the production that are absolutely new to motion pictures, while the acting of the principals is most convincing and contributes largely to the success of this production.

"PEG-O' MY HEART"

"Peg O' My Heart," the most delightful comedy of the American stage, has been known in many years, will be the attraction at the Opera House, Wednesday eve, April 15th. This is the 3d. time that the play has been presented at the Lowell theatre. The play is a comedy of the detective who risks his life to run to earth the clever thieves who have robbed Mr. Tarsova of his jewels are scenes that you will not soon forget. The climax in the third part where the detective jumps from the top of a building and catches the ringleader of the bandits, is a startling one, no less surprising than realistic. There are numerous scenes of unique character introduced throughout the production that are absolutely new to motion pictures, while the acting of the principals is most convincing and contributes largely to the success of this production.

MERRIMACK SQUARE THEATRE

The Merrimack Square theatre players, who are to open their spring engagement next week, with "The Terror" Monday afternoon, in America's best comedy. The man on the box should receive a cordial welcome on their first appearance. Seats for the first night performance are now on sale, and judging from the large number of orders already given, there is every reason to expect a capacity audience on Monday night. The piece will be given a capital presentation by a large and capable cast, including some of Lowell's best stock artists. Only two days remain to witness that wonderful photo-drama, "Traffic in Souls." This picture story is not only interesting but it teaches a strong lesson which should be learned by all.

Try MUSTEROLE For

That Lame Back

Rub it on briskly—massage it in thoroughly, and note how quickly MUSTEROLE drives out the stiffness and soreness.

It beats a mustard plaster seven ways, and best of all, it doesn't blister or burn.

MUSTEROLE is a clean, white ointment made with oil of mustard. It comes in handy white glass jars. Get a jar from your druggist today.

MUSTEROLE is recommended by doctors and nurses. Millions of jars are used annually for Bronchitis, Croup, Stiff Neck, Asthma, Neuralgia, Congestion, Pleurisy, Rheumatism, Lumbago, Pains and Aches of the Back or Joints, Sprains, Sore Muscles, Bruises, Chills, Prickly Heat, Colds of Chest (it prevents Pneumonia).

At your druggist's, in 25c and 50c jars, and a special large hospital size for \$2.50.

Accept no substitute. If your druggist cannot supply you, send 25c or 50c to the MUSTEROLE Company, Cleveland, Ohio, and we will mail you a jar, postage prepaid.

W. H. Thurmond, Rockfish, Va., says: "Musterole is the greatest thing I ever got hold of for muscular rheumatism, and it is a most effective relief to sore and stiff joints and muscles."

MUSTEROLE

CONG. PETERS HITS WILSON

Attacks President's Mexican and Panama Canal Tolls Policies at G. O. P. Convention

AUGUSTA, Me., April 9.—Nearly one thousand delegates were assembled in city hall this morning when the republican state convention was opened. The convention was called to order by Col. Frederick Parkhurst of Bangor, the chairman of the state committee.

Congressman John A. Peters' address delivered upon assuming the chairmanship occupied the attention of the delegates for more than an hour.

CONG. PETERS' ADDRESS

AUGUSTA, Me., April 9.—An attack on President Wilson's Mexican and Panama canal tolls policies was made by Congressman John A. Peters of this state in his address as presiding officer of the republican state convention today.

"I have great admiration and respect for President Wilson," said Mr. Peters. "But no one but the blindest partisan or one who has given the matter no thought can have the slightest respect for the foreign policy of his administration, especially in Mexico. Indeed, it cannot be properly called a policy at all because it is unintelligible and aimless."

He declared that by refusing to recognize Huerta, the president lost his

greatest opportunity to establish some kind of order in Mexico and save thousands of lives and countless treasure. "During this 'watchful waiting' process of the administration," Mr. Peters continued, "lives and property of our own and other citizens are being destroyed. England and other countries have acted with extraordinary forbearance but the limit must be reached sometime. The Mexican policy of the administration has excited the surprise and contempt of European countries."

Mr. Peters in Washington as if England had our administration in a hole. Apparently she has taken advantage of the situation and said to the president: 'Kindly have your congress reverse its action in giving your coastwise vessels a right to go through the Panama canal free and we will keep out of Mexico.'

To repeal the free tolls law under the present circumstances admits that we had not the right to pass it. It changes the whole result of the stupendous work, smashes the Monroe doctrine and will change the history of this country."

Speaking of state issues, Mr. Peters urged the convention to declare itself against recommitment to the people of the proposed amendment to the state constitution.

\$3,299,000 FOR CHICAGO

CITY WILL GET THAT AMOUNT FROM NET EARNINGS OF THE SURFACE STREET RAILROADS

CHICAGO, April 9.—The city of Chicago will receive \$3,299,000 as its share of the net earnings last year of the surface street railroads, according to the annual reports of the companies made here today.

Under the terms of a franchise granted the surface lines some eight years ago the city receives 55 per cent of the net earnings. The traction fund which has accumulated since the franchise became effective and which is now in the city treasury amounts to about \$11,000,000.

LOTS OF WHITE PERCH

WASHINGTON, April 9.—Representative Rogers called on Commissioner Hugh M. Smith of the bureau of fisheries and presented a request from the Lowell Fish and Game Association that takes in the vicinity of that city be stocked with white perch. Mr. Smith said the request came at an opportune time, as the bureau is taking spawn from the Susquehanna river, and that the lakes would be stocked very soon.

EXPLOSION KILLS SEVEN

WORKMEN BLOWN TO ATOMS WHEN HUGE STEAM SHOVEL STRUCK DYNAMITE

THE DALLIES, Ore., April 8.—Seven men were killed outright, one is dying and a half dozen others were injured on the Dallis-Celtio government canal works near Big Eddy yesterday, when a heavy charge of dynamite that had moved fire was struck by a steam shovel.

Engineer Kinder, who was working the shovel that struck the dynamite, was blown into the coars of his machinery and ground to death. It was thought at first that only three men had been killed, but soon after it was discovered that four more were buried beneath tons of rubble. Workmen at once began digging for their bodies.

BOSTON, April 9.—Mrs. Catherine Rollins, aged 17, who swallowed bichloride of mercury tablets with suicidal intent 10 days ago, died at the Lynn hospital yesterday with a prayer on her lips that her husband, Harry Rollins, be forgiven for the wrong he had done her.

Four months after their elopement and secret wedding at Kittery, Me., two years ago, Mrs. Rollins left her husband because of alleged habits of intoxication and returned to the home of her parents. Mrs. Rollins, the daughter of 11 Vermont street, Lynn, after subsequent attempts to renew housekeeping, Rollins was arraigned in the Lynn court on the charge of non-support, and was ordered to pay \$6 a week for the support of his wife.

In March, 1913, Rollins disappeared and no word was received from him until his funeral in New York appeared in the papers. Mrs. Rollins and her parents became convinced of his death which was put on the records by the clerk of courts.

Three weeks ago Rollins appeared in Lynn. He claimed that he was the father of a boy now 10 months old, and Mrs. Rollins prevailed upon the court to give her husband one more chance after his arrest on a capias.

Ten days ago Rollins began to drink again to excess, and following another quarrel with his wife, he was arrested. Mrs. Rollins took poison in the presence of her husband and several others. Her recovery was expected until a few hours before her death.

Rollins was arrested for violating his probation the day after his wife swallowed the tablets, and is serving a sentence of two months in the house of correction at the present time.

LOWELL MEN

Will Attend Convention

in Amesbury on Sunday, May 3

The quarterly meeting of District Council No. 4, Union St. Jean Baptiste d'Amérique will be held in Amesbury, on Sunday, May 3. The affair will be under the auspices of St. Jean Baptiste council of that city and an elaborate program is being prepared for the occasion.

The delegates will include representatives from councils in various cities of the state, who will attend a solemn high mass at the Sacred Heart church, where a special sermon will be delivered by the pastor. At the conclusion of the church service a dinner will be tendered the delegates and in the afternoon a business meeting will be held. The meeting to be opened by Joseph P. Montminy of this city, substitute to the president general.

A SUIT FOR \$50,000

Entered Against James F. Lanigan by His Son's Widow—Defendant Well Known in This City

The many acquaintances in this city of James F. Lanigan, Sr., the Lawrenceville banker and manufacturer, who at one time was an honorary member of the Vesper Country club, will be interested to learn that papers in a \$50,000 post-mortem alienation suit have been served on him by Mrs. Maud Ford Lanigan of Boston, widow of the latter's son, James F. Lanigan, Jr., a

former member of the Vesper Country club.

The young woman declares in the suit that her husband died at his father's home, that she was not recognized at his funeral and was forced to furnish her own carriage in order to attend. As the young husband left no will, lively litigation is likely, in order to determine the disposal of the estate.

Mrs. Lanigan was a Dorchester girl and now resides at 295 Prospect street, Boston, where she made her home with her husband prior to his death. The young widow is represented by William R. Scharton of Boston, while Col. Sweeney of Lawrence will defend the interest of the defendant, who is president of the Emerson Foundry, the Lawrence Machine Co., the Dillon Mfg. Co. and the Davis foundry.

CARD OF THANKS

The undersigned wish to express publicly their sincere thanks to those who by acts of kindness and words of consolation, helped to lighten the burden of sorrow at the death of our beloved mother. Also for the many floral and spiritual offerings tendered we are very grateful.

Signed,
Bernard Thomas,
Rose Lee.

WALSH APPOINTS LABOR BOARD

Names Woman, Doctor, Worker, Employer and Sanitary Expert

John Golden Gets 4-Year Term—Judge Corbett for Land Court

BOSTON, April 9.—Gov. Walsh sent in a long appointment list yesterday to the council. Besides naming Judge Joseph J. Corbett an associate justice of the land court to succeed the late Judge Clark, he named the successors of the old state board of labor and industries as follows:

Alfred W. Donovan of Rockland, chairman, term ending 1919.

John Golden of Fall River, term ending 1918.

Mrs. Mary H. Dewey of Cambridge, term ending 1917.

Selekar M. Gunn of Watertown, term ending 1916.

Dr. Alfred M. Quessy of Fitchburg, term ending 1915.

Mrs. Mary H. Dewey of Cambridge is the only member of the old board who received a reappointment. The old board was removed because of the governor's belief that it did not conform to the law which required a physician, an employer, a labor man, a woman and a sanitary expert.

Lawyers Endorsed Corbett

Judge Corbett was endorsed by the bar association for associate justice of the land court. He was corporation counsel for the city of Boston for three years and was special justice of the Charlestown municipal court. He served as schoolhouse commissioner and as a member of the special commission to enlarge the Suffolk county court house. He is a graduate of Boston University Law school.

Alfred W. Donovan of Rockland, who is made chairman of the state board of labor and industries, is president of the E. T. Wright Shoe company of Rockland, Mass. For many years he was mentioned for the republican nomination for lieutenant-governor.

Golden a Textile Worker

John Golden of Fall River is president of the United Textile Workers of America. He was born in England in 1862, and came to this country in 1881 and worked as a mule spinner in the Union cotton mill of Fall River for years. He has been general president of the United Textile Workers of America, a member of the American Federation of Labor, a member of the Mule Spinners' local union of Fall River; also the International Mule Spinners' union, and has served as a member of the state commission on industrial education, a member of the commission on minimum wage, a member of the state commission to investigate

the inspection of factories and workshops, a member of the executive committee of the National Child Labor association, a member of the executive committee of the National Association of Industrial Education, a member of executive committee of National Civic Federation, a member of the executive committee of the New England Civic Federation and vice-president Massachusetts Association for Labor Legislation.

Gunn Graduate of Tech

Selskar M. Gunn named to the labor industry board is 31 years of age, a graduate of the Massachusetts Institute of Technology in 1905, department of public health. Biologist of the Boston Bio-Chemical laboratory 1906; biologist state board of health of Iowa 1908-1908 and lecturer on state hygiene at the state university of Iowa at the same time; health officer, Orange, N. J., 1908-1910, and as such had charge of health inspection in factories.

At that time he made a study of the hating industry with reference to the prevalence of tuberculosis particularly. He was made instructor of public health at the Massachusetts Institute of Technology, 1911 and has been assistant professor of public health since that time.

One of the courses at the institute is on industrial hygiene and sanitation. He was expert sanitarian of the bureau of economy and efficiency of Milwaukee; assistant secretary general of the 15th international congress of hygiene held at Washington, D. C., year before last. He has written many and various articles on the subject of public health and is editor of the American Journal of Public Health, secretary of the American Public Health association; lecturer on hygiene at Tufts college medical school, and

assistant professor of biology at Simmons college.

Dr. Quessy's Training

Alfred H. Quessy, M. D., of Fitchburg, was born May 8, 1878, at Meriden, Conn., and moved to Fitchburg when eight years old. He was educated in the public schools of Fitchburg and at Laval university, Montreal; won the degree of B. A. at the Physicians and Surgeons' college, Baltimore; Johns Hopkins university, Baltimore; was interne at Baltimore City hospital; assistant to Prof. Keble of the Pasteur Institute, Baltimore, and practiced medicine in Fitchburg ever since. He is a grand officer, Franco-American Foresters; vice-chief officer of Foresters of New England, member of St. Jean de Baptiste society of America and Franco-American society of Fitchburg.

Other Appointments

Other appointments are as follows: Timothy J. Foley of Worcester, trustee Worcester State hospital, vice Richard Healy, declined to serve.

Frank J. Halo of Newton, trustee, general insurance guarantor fund, vice Charles K. Fox, deceased.

Edward J. Mahoney of Springfield, medical examiner second Hampden district, vice S. J. Russell, resigned.

John E. McGrath of Boston, medical examiner, Middlesex county, vice E. C. Heit, removed, having left the state.

John J. Kelly of Marlboro, associate medical examiner, Middlesex county, vice J. E. McGrath, promoted.

Walter Walsh of Provincetown, justice second Barnstable district court, vice R. A. Hopkins, promoted.

Annette P. Rogers, Boston; William E. Richardson, Boston; Paul R. Frothingham, Boston; Thomas B. Fitzpatrick, Brookline, trustees Perkins Institution and Massachusetts School for the Blind.

Henry Stevenson of Tisbury, pilot for port of Fall River.

CIVIL SERVICE EXAMINATIONS

The United States Civil Service commission announces the following competitive examinations:

May 6.—Technical expert, all vacancies in the hydrographic office, bureau of navigation, navy department, salary between \$1600 and \$1800 per annum.

May 6.—Junior library assistant, (male), to fill vacancies in the department of agriculture, Washington, D. C., salary, \$600 to \$800 per annum.

May 6.—Aid, qualified in chemistry, (male), to fill vacancies in the bureau of standards, department of commerce, salary, \$720 to \$840 per annum.

CASE OF DR. ALLEN VS. TEL. & TEL. CO.

Heard at Superior Court This Morning—The Doctor's Telephone Taken Out by Mistake, Said Manager Leathers

The trial of the case of Dr. Otis Allen vs. New England Telephone & Telegraph Co. was opened before Judge Sanderson and a jury at the local session of superior court about 10:30 o'clock this forenoon. The amount of the suit is \$5000. Lawyer Tierney appeared for the plaintiff and the defense was represented by Mr. Clarke of the office of Powers & Hall of Boston.

The case is one in which the plaintiff claims that while he had a contract with the N. E. Telephone & Telegraph Co. for telephone service at his residence, employees of the defendant company disconnected the service and refused to continue it for some time. The defense claims that if there ever was a contract between the two parties, the plaintiff failed to perform his obligations, previous to the time that the phone was disconnected.

Dr. Otis Allen, the plaintiff, was the first witness called and he testified that he is a practicing dentist in Lowell with offices in "The Sun" building. In September, 1913, the time in question, his residence was on Gibson street, this city. His wife and two children were in Newmarket, said the witness, as one of the children was very ill.

A contract dated March 14, 1911, between Dr. Allen and the telephone company was read by Lawyer Tierney. It stated that the company was to furnish telephone service to the defendant at his home on Gibson street until cancelled by either party—providing a 30 days' notice was given. The witness said that on the 11th day of September, 1913, he sent a check to the N. E. T. & T. Co., paying all his bills up to Sept. 1, 1913, and about a week or so later the telephone service was disconnected. Six days after it had been taken out it was reinstated. At this point a question arose as to whether or not Dr. Allen had a right to use his residence telephone for business purposes. The doctor said that he often received emergency calls at his home while the phone was also used for social and private calls.

In answer to a question of Lawyer Clarke, the doctor said that from 5 to 12 per cent. of his business is done through the residence telephone. He testified that he did \$1700 worth of business monthly.

The doctor said that during the month of September, 1913, he received no notice that he was delinquent in the payment of his telephone bills. The bill which he paid in September, 1913, was for two months' service.

Dr. Allen stated that he now lives with a sister in this city and occasionally receives telephone calls there. Dr. Louis E. Beane, a dentist employed in the office of Dr. Allen, was called to the witness stand and testified that he attempted to call Dr. Allen at his house during the time the telephone was disconnected, but could not do so.

"In one particular case," said the witness, "a patient who required considerable dental work called at the office and asked for Dr. Allen personally. The work, as I outlined it, would have to cost about \$75 or \$80. The witness was unable to tell whether or not the doctor was at his home at that time, but the house telephone was not connected and he could not locate him.

Charles J. Leathers, manager of the local division of the N. E. T. & T. Co., was the next witness called and said that in this instance, when Dr. Allen's phone was removed, there was some mistake. "If Dr. Allen owed for telephone service for July and August, and if that bill was not paid about the first of September, what would be your proceedings?" asked Attorney Clarke. "I would send him a notice," the witness said, "that we would remove the phone as that was the second month," said Mr. Leathers.

The witness said that, according to the records, a great many of these notices had been sent to Dr. Allen. He said that a rebate was granted to Dr. Allen for the time that the telephone was not in use. Lawyer Tierney announced that the plaintiff's case rested and as the defense did not produce any witnesses the arguments were begun and the case was given to the jury early this afternoon.

SEN. LODGE SUPPORTS PRESIDENT WILSON

Strongest Speech Yet Delivered on Canal Tolls Controversy—Maintains Right of United States to Exempt its Ships, But Condemns Policy as Narrow and Internationally Unwise

WASHINGTON, April 9.—Senator Lodge, ranking republican member of the foreign relations committee, addressed the senate today in support of President Wilson's Panama canal tolls policy. He maintained vigorously the legal right of the United States to exempt its shipping, foreign as well as domestic, from tolls, but declared that "a decent respect to the opinions of mankind" and the "disturbance in some cases dislike" with which the United States is regarded abroad, demanded prompt repeal of the exemption clause of the canal act.

"Whether we shall insist upon giving to our ships two or three millions of dollars in a disputed way is, in my conception, a very small question compared to the larger issues which are here involved," said the senator. "When the year 1909 opened, the United States occupied a higher and stronger position among the nations of the earth than at any period in our history. Never before had we possessed such an influence in international affairs, and that influence had been used beneficently

and for the world's peace in two conspicuous instances—at Portsmouth and at Algiers. Never before had our relations with the various states of Central and South America been so good. It seemed as if the shadow of suspicion which, owing to our dominant and at times domineering power, had darkened and chilled our relations with the people of Latin America had at last been lifted. This great position and this commanding influence have been largely lost. I am not in the councils of the president of the United States.

Continued on page eight

SAG IN GORHAM ST. NEAR SEWER JOB

There's street trouble brewing in Gorham street, and just how much trouble will develop nobody knows. The street department is putting in a new sewer in Appleton street. There are three crews on the job and the work is being carried on day and night. The new sewer will enter the Gorham street sewer at the manhole in Gorham street near Appleton street.

Early this morning the night gang on the Appleton street sewer noticed that Gorham street was sagging in the vicinity of where they were working, the sag extending beyond the brick block occupied on the ground floor by Brown's grocery store.

The actual cause of the sag is not known, though it is thought that either the sewer or water pipes are leaking in that section. The men engaged in the sewer work cannot account for its occurrence at this time. They do not believe that the Appleton street connection has anything to do with it.

Happened Once Before
It is recalled that the same trouble occurred some years ago and it was stated today by a man thoroughly acquainted with that section that many years ago there was talk of sewer trouble in that street. Sowers were installed there about that time and it was alleged that the job was a very poor one; that the sewer or sewers had not been properly constructed.

The sag started early this morning and is continuing up Gorham street and the situation is looked upon as quite serious. Commissioner Norris is of the opinion that a leak must have occurred there and determined the street and he will proceed to investigate. The sag averages more than six inches at the present time and the street railway has abandoned the out rail for a short distance at that point.

Wants An Accounting
At a recent meeting of the municipal council City Solicitor J. Joseph Hennessy asked for and received \$200 for the payment of witnesses "in advance." Commissioner Brown seems to think that some of this money has gone for witnesses in the case having to do with the purchase of the Pillsbury estate for a contagious hospital and in order to ascertain what disposition has been made of the money the commissioner has addressed a communication to the city solicitor asking for a record of the disbursements and to whom paid, with a statement as to what case or cases the money was applied.

Act Governing Advertising
A copy of the following act relative to untrue and misleading advertisements, and approved April 2, was received by City Clerk Stephen Flynn this morning.
Section 1. Section 1 of Chapter 433 of the acts of the year 1912 is hereby amended by striking out the word "form" in the third line, so as to read as follows:—Section 1. If any person, firm, corporation or association, or any employee thereof, in a newspaper, circular, letter or other publication published, distributed or circulated in this

commonwealth, or on any bill-board, sign, card, label or other advertising medium, displayed on, in or near a street, electric car, show case, store or any other place in this commonwealth, knowingly makes or disseminates or causes to be made or disseminated any statement or assertion of fact concerning the quantity, the quality, the method of production or manufacture, the cost of production, the cost to the advertiser, the present or former price, or the reason for the price of the merchandise of such person, firm, corporation or association, or concerning the manner or source of purchase of such merchandise, or the possession of re-

words, prices or distinctions conferred on account of such merchandise, which statement or assertion has the appearance of an offer advantageous to the purchaser and is untrue or calculated to mislead, the person or corporation, or the member or members of a firm or association, causing such statement or assertion to be made or disseminated, also the employee making or disseminating such statement or assertion, shall be guilty of a misdemeanor, and shall be liable to a fine of not less than \$10 nor more than \$500 for each offence.

Section 2. This act shall take effect upon its passage. (Approved, April 2, 1914.)

RUNAWAY IN CENTRAL ST.

One of the liveliest runaways seen in this city for a long time occurred this noon, when a horse owned by the John Vlahos Fruit Co., in Market street, galloped through Central street at breakneck speed. There were several narrow escapes, but as luck favored all who were in the path of the frightened animal, no one was injured.

According to the story of one of the witnesses of the runaway, the horse was standing in Central street, near the corner of Jackson street. In some unaccountable manner the bit on the bridle got loose and the driver with the assistance of another party tried to repair the bridle, and in so doing slipped that part of the harness of the horse's head. At that moment an automobile went by and frightened the horse, which made a break for liberty. The driver of the wagon caught the animal by the neck, but the horse sidestepped and threw the driver to the ground and started up Jackson street. It cut through a side street onto Middlesex and returned to Central and galloped down this thoroughfare at a fast clip.

Hundreds of people on their way to work were on the street at the time and the sight of the frightened animal almost caused a panic among the women folks, who screamed and ran into stores and doorways in order to get out of the horse's way. The animal kept its wild pace up the street and on one occasion it ran right on the sidewalk. Several men made attempts to catch the horse, but they were unsuccessful. The horse turned into Market street and galloped up the street for all it was worth, a large crowd of boys and men following in the rear in an endeavor to bring the animal to a stop. The rig went by the police station like a flash and when the horse reached a spot opposite the store of the owners it came to a sudden stop. It was feared at first that the driver had been injured, but it was

learned later that he received only a few scratches. One of the hubs of the wagon was damaged.

GAMBLING CASE

The case of Apostolos Basdakis, charged with maintaining a gambling nuisance at his coffee house on Market street, furnished several lively trials before Daniel J. Donahue, Esq., lawyer for the defense, and the two police officers who testified for the government, Serg. Petrie and "Special Officer" Clark.

The lawyer and the officers crossed swords on practically every question that was propounded. The officers testified that they saw money passed in the defendant's place while a group of men were playing a game of cards at one of the tables. When Officer Clark took the stand Mr. Donahue asked, "Was there a dance there that night?" The court officers were obliged to rap for order.

After the prosecution had put in their side of the case, Mr. Donahue spent some time in arguing for a dismissal of the case. Judge Enright said, before pronouncing sentence, that the case was one of the clearest cases of a gambling nuisance that he ever sat upon. The defendant was ordered to pay a fine of \$50.

The eight Greeks who were playing in the coffee house were each fined \$3. Donnelly Case

The case of Thomas F. Donnelly, charged with forgery in connection with the initiative papers recently circulated for a hospital site, was continued for another week.

Larceny Case
Edward A. Gauvan pleaded not guilty to the larceny of \$3.35 from a young lady named Laura Calhoun. The theft of the money is said to have occurred in the boarding house at 12 Colburn street, which is owned by the com-

YEGGMAN TAKEN BY SPRINGFIELD POLICE

Proved to be One of the Gang Arrested in Lowell—Identified by Finger Print Record—Sent to Boston

The Springfield police took a man into custody on Monday and he was booked at the police station in that city on a charge of vagrancy. The fellow was very reticent and the police did not succeed in getting very much information from him concerning himself.

The finger print system was resorted to and the prints developed the fact that the man was none other than a member of the yegg gang arrested in this city in February, 1911. He was one of the yeggs rounded up in Appleton street at that time and the capture of the gang represented a very nice piece of police work.

The man in question, at the time of his arrest in this city gave the name of John Barry and by industrious search the Lowell police learned that he had been arrested under the name of Charles H. Chicken in Lynn, and that in Beverly when arrested for breaking and entering and larceny he used the alias, Frank McCarthy. He was arrested in Lynn for larceny and later as a tramp and was sentenced to the house of correction. From Beverly he was sent to the Massachusetts reformatory.

Finger Print Bureau
The finger prints taken by the

Springfield police were sent to Roscoe C. Hill, chief of the bureau of fingerprint identification, at the state house, and upon finding that they agreed with the finger prints of John Barry, alias Charles H. Chicken, alias Frank McCarthy, supplied by the Lowell police at the time of the roundup of the yeggs here, Mr. Hill addressed a communication to Lowell's superintendent of police.

Supt. Welch gave so complete a history of the man's arrest here and of his past record that Mr. Hill tendered his heartiest congratulations to the Lowell police. Besides giving the facts concerning the prisoner's arrest in this city, Lynn and Beverly, Supt. Welch also forwarded information of the man's arrest in Ipswich in 1907. He was arrested there for vagrancy and was sentenced to six months in the house of correction. The next and last chapter in the life of Barry, alias Chicken, alias McCarthy, as supplied by Supt. Welch told of his arrest for breaking and entering a postoffice at Greenfield. The United States authorities had charge of the Greenfield case and the defendant was given a 15 months' jail sentence.

Barry will be arraigned in Springfield on Saturday and the police of that city will have his record down "pat."

WOMAN DIED SUDDENLY

MRS. JOS. SAVIGNAC PASSED AWAY AT HER HOME IN MERRIMACK STREET THIS MORNING

Mrs. Joseph Savignac nee Melina Savignac, aged 37 years, 5 months and 15 days, died suddenly this morning at her home, 546 Merrimack street. Her condition was ill for some time, but she had been in bed for some days. Shortly after 4 o'clock this morning, a member of the household groans from Mrs. Savignac's room and upon investigation it was found that the young woman was dying, and she breathed her last before a physician could be summoned. The body was viewed this morning by Medical Examiner McGehee. Deceased is survived by her parents, Mr. and Mrs. Norbert Savignac, four sisters, Mrs. Telephore Frenette, Mrs. Eusebe Asselin, Miss Lucie Savignac, all of this city, and Mrs. George Tessier of Joliette, Que. The body was removed to the home of a sister, Mrs. Eusebe Asselin, 60 Melvin street.

OPEN HEARINGS ON TOLLS

Began Before Senate Committee on Inter-oceanic Canals Today—Will Continue Fifteen Days

WASHINGTON, April 9.—Public hearings were begun today before the senate committee on the repeal of the Panama tolls exemption. Senators who have introduced bills and resolutions on the subject were first heard.

Senator Norris, republican spoke of his amendment to repeal the right of the United States to discriminate in favor of its own ships if it chooses to do so and to direct the president to submit the controversy to arbitration.

SALT RHEUM IS THE ITCH FIEND

Salt rheum is one of the worst and unfortunately one of the most common of all diseases. How it reddens the skin, itches, oozes, dries and scales, over and over again.

Salt rheum comes from humors in the blood. This is why local applications do so little good. Ask your druggist for Hood's Sarsaparilla. It goes to the source of the trouble. It cleanses the blood and has given perfect satisfaction in thousands of cases. Get it today.

LEAVES ESTATE TO CHAUFFEUR

Widow's Will Give Valuable Property and \$13,000 to Employee

Cuts Off Relatives With \$50 Each—Bitter Contest Looked for

EAST KINGSTON, N. H., April 8.—The discovery that 48-year-old Mrs. Alice E. French, a widow, left practically her whole estate, consisting of valuable real estate and \$13,000 in cash in the savings bank, to Albert Gagnon, her 24-year-old chauffeur, has stirred up this town.

Charles Dow of Newburyport, a brother of Mrs. French, and Joseph T. and Eva M. Lawrence, her half-brother and half-sister, who live here, all of whom were out of the will with \$50 each, have opened fight in the probate court, charging the chauffeur with exercising undue influence over his mistress during her last illness.

long and bitter contest is looked for. How the young chauffeur, who was originally hired for one day only from an Exeter garage by Mrs. French, became her constant in health, her nurse in illness, and finally her heir, was told Tuesday night by Judge Henry Shute of Exeter, author of the "Real Diary of a Real Boy," and member of the firm of Shute & Shute, which drew Mrs. French's will.

He said that young Gagnon was chosen by pure chance to respond to a hurry call to the garage from Mrs. French for someone to drive her car one afternoon. She decided to retain him in her service, and he was her chauffeur during the summer of 1912.

During the next winter he came from his home in Fremont to take care of the French place here for a week.

Last spring Mrs. French was very ill and Gagnon returned to his duties regularly in March and took full charge of her comfort, acting as a nurse part of the time.

Mrs. French made her will in May, 1913. At that time she told Judge Shute, who said that her relatives had not been near her during her illness, she said they had "come back on her" even before her husband, Francis E. French, had died two years before.

Mrs. French's relatives claim they did visit her while she was sick and that she was constantly in a condition which rendered her incapable of properly executing a will.

MRS. EDDY BROWN FOUND

WOMAN WANTED IN SIEGEL CASE

SAID TO BE IN NEW LONDON ON

BOXING

BOSTON, April 8.—Mrs. Diana E. Eddy-Brown, better known as "Dolly," 43, of 33 Parkman street, Dorchester, who has been the object of a fascinating and vigorous search by the Boston, Providence, Connecticut and New York police and Pinkerton detectives, acting in behalf of District Attorney

Pelletier, who wants her to testify in the Henry Siegel bankruptcy investigation by the Suffolk county grand jury, is supposed to be in New London, Ct. on her honeymoon.

This information was given yesterday. It is said that she, accompanied by her husband, James Salisbury Brown, to whom she was married in Providence Saturday, went there Saturday and put up at a fashionable house out of reach of summonses to appear before the Suffolk county grand jury.

From there, it is said, they got into communication with Attorney Henry E. Tiepke of Pawtucket, and sought advice. They had a conference with him Sunday, which resulted in their authorization of the attorney to promise that they would come to Boston to testify when wanted. They have been informed through Attorney Tiepke that they are wanted Monday.

Mr. and Mrs. Brown, after their flight from Providence, while summons servers were waiting an opportunity to serve papers on the woman, appear to have realized that further effort to evade accepting summonses would make them appear as fugitives from the law, and they regretfully set aside their honeymoon plans to come back to Boston.

It seems evident that they could have escaped accepting summonses indefinitely, for Mrs. Eddy made two spectacular escapes and was apparently two or three days ahead of the police on every move.

Joseph Siegel, resident manager of the Henry Siegel company store in Boston, for whom the district attorney's office has had a summons to testify before the Suffolk county grand jury Monday in relation to the Henry Siegel bankruptcy case, will appear before the grand jury Monday.

A well attended meeting of the Delta Alpha society of the Worthen Street Baptist church was held Tuesday evening at the home of Miss Lillie Dunn, 378 Parker street. After the regular business session was over a musical program was furnished.

If you want help at home or in your business, try The Sun "Want" column.

Save Money and Travel Comfortably to California

There's a best way to travel, just as there's a best way to do everything. Why go to a strange country without a guide when, for no more money, but at a great saving, you can go on one of our "Personally Conducted" Parties. In this way you have good company all the way, as the parties are made up of congenial people. We are particular about "choosing our guests." And then our own special conductor goes with you, all the way.

The courteous service and attention given you by this special guide, enables you to learn more of the country than you could be traveling alone, and he relieves you of all the care and worry about luggage, and other travel details. This extra service costs you nothing. Why not have it?

Call or write and let me tell you about the "Personally Conducted," low fare parties to California that have much to make the "Burlington Route" service famous.

Alex. Stocks, New England Passenger Agent, C. & N. E. R. R., 264 Washington street, Boston.

MOTHER SAVES

MILLIONAIRE

Comes to Rescue as

Chandler Was on

Way to Jail

Sends Lawyer to New

York to Arrange His

Bond

NEW YORK, April 8.—Byron Chandler, the "Million-Dollar Kid" whose high flying record is \$87,000, made one night at the Casino at Monte Carlo, was a winner yesterday. By about 20 minutes he escaped going to Ludlow street jail after being in custody since Tuesday morning on an order of arrest issued in the suit which Mrs. Grace L. Chandler, who is Grace La Rue, the actress, brought against him for separation. It was Chandler's second day of a hard fight to get bail bond and avoid going to jail.

He won by a narrow margin through aid sent by his mother who lives at Manchester, N. H., in the person of Allen M. Wilson, who came to New York and helped Chandler arrange his bond. The original bail was placed at \$25,000 by Justice Weeks, but the amount was reduced yesterday to \$7500, a bond for that sum being furnished by former Assemblyman Harold Spielberg, acting for the Southwestern Surety Insurance company.

Calls for Mother

Chandler was pleased at the turn of affairs, for, while he did not fear going to Sheriff Griffenbagen's, he just preferred the greater comforts of his apartment at the Hotel McAlpin.

Chandler called his mother on the telephone yesterday morning. He asked her to wire the Capital National Bank, \$25,000, to be given as a bond to the National Surety company. Mrs. Chandler seemed disinclined to forward the amount. According to those who know young Chandler, this doubtless was due to his proclivities to spend large sums of money on short notice. His mother replied that she would consult her lawyer.

"Mother, you've got to come to my assistance," he shouted into the telephone. "I ask you as a son. Please try to understand my situation and help me out."

Chandler took a long time explaining what was wanted and his mother did not give him much encouragement. She would not say yes or no to his request, but promised to call him up in half an hour.

Throwing down the receiver, Chandler turned to the sheriff's office and said: "I can't convince my mother that this is a desperate case. She merely looks upon it as a new story to back up another 'touch.' Now, what is a poor fellow to do?"

Later, however, Mrs. Chandler related and that her lawyer to New York at 4 o'clock, the office of the hour of the sheriff's office, and it looked as though the "Million Dollar Kid" would have to go to jail. Then Justice Weeks signed an order reducing the bail from \$25,000 to \$7500. Financial arrangements were made with the bonding company and the agent went to the sheriff's office, where after a conference he consented to go on Chandler's bond. It lacked 15 minutes to 5, which number of minutes separated Chandler from jail, when the formalities were completed and Chandler was told he could go up Broadway or anywhere he pleased.

SOCIAL AND FRATERNAL

At the regular meeting of Lowell held last evening in its regular meeting room on Middlesex street, J. Edwards, secretary of the order, was elected to serve as floor director at the first annual ball of the order, which is to be held soon. Dr. Plunkett, chairman of the committee in charge, made an interesting report at the meeting and the event promises to be a great success. A number of the grand officers have promised to be present, and the following committee was elected to take care of all visitors on that day: John H. McLean, James Richardson and W. W. Murphy. The out-of-town guests and officers of the local lodge will be escorted to Associate ball on that evening by the Lowell Cadet band.

The quarterly reports of Treasurer W. W. Murphy and Secretary J. H. Lyle were read and showed that the order is in a fine condition, both financially and numerically. The work of the degree team was very interesting and impressive.

Knight of Malta

Rev. Nathaniel W. Matthews addressed the members of the Lowell Chapter of the Knights of Malta at its regular meeting on the subject, "The Black Diamond." A number of beautiful views, a great many of which were taken during the mines of Pennsylvania, accompanied the lecture which was one of the most interesting ever heard at a meeting of the order.

WON ANOTHER

Textile Baseball Team

Defeated Malden High

by 11 to 5

The Lowell Textile baseball team took the second game on its schedule yesterday afternoon at their Moody street campus when they met Malden high in a nine inning diamond contest. The score of the game was 11 to 5.

The visiting schoolboys were a snappy aggregation but could not do much against Sturtevant nor Brickett until the latter loosened up in the seventh and ninth and allowed them to tally four runs. The Lowell team was well in the lead at the time and the textile school captain did not exert himself.

Sturtevant and Brickett both pitched air-tight ball in the pinches in spite of the raw weather. Flanders, a southpaw, was on the mound for Malden and the local boys collected in all thirteen hits off his delivery.

Brickett, O'Brien, Baker and Carlson were the batting stars for the locals. Brickett got three hits for a total of five, his triple being the longest blow of the game. Murphy, captain of the Malden team, slammed out a brace of doubles, each of which resulted in a score.

The lineup and box score is as follows:

TOOK DOSE OF LINIMENT

YOUNG GIRL POISONED BY LIQUID

INTENDED FOR EXTERNAL APPLICATION ONLY

Miss Stavoula Batrakas, aged 15 years, who unintentionally took a dose of liniment, which was for external use only, in her home at 417 Moody street, early last evening, is resting comfortably at the Lowell hospital, and the authorities state that her recovery is almost assured. The girl was taken from her home to the hospital in the city ambulance.

REV. DR. WOOD HONORED

Rev. William Andrew Wood, D. D., a former pastor of the Worthen Street M. E. church of this city, now pastor of the Maple Street M. E. church of Lynn, has been signally honored with an appointment as one of the seven members on the board of award of the American university at Washington, D. C. The other members on the board are as follows:

Hon. William Jennings Bryan, secretary of state; Hon. Josephus Daniels, secretary of the navy; Hon. P. P. Claxton, United States commissioner of education; Dean A. C. True, director of experiment stations, United States government; Prof. T. C. Carver, director of rural organization, United States government; Rev. J. W. Hancher, secretary of the board of education of the Methodist Episcopal church, Professor Carver formerly held the chair of sociology and economics at Harvard.

Better Than Calomel

Thousands Have Discovered Dr.

Edwards' Olive Tablets are a

Harmless Substitute.

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild and laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets. These pleasant little tablets do the good that calomel does but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take the place.

Most headaches, "dizziness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "tired" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. At 10c and 25c per box. The Olive Tablet Company, Columbus, O. All druggists.

RESORTS—ATLANTIC CITY, N. J.

STOP

Coffee Drinkers, And think a minute!

Some persons seem able, for a time at least, to get along with coffee, but it contains a subtle, habit-forming drug, caffeine, which sooner or later is pretty sure to rob one of health and comfort.

If you know coffee don't harm you—if you feel prime and fit under its continued use, well and good—stick to it.

But—if you are sometimes a bit "off color," and irritable nerves, disturbed heart action, biliousness, headache, or symptoms of liver or kidney trouble make you wonder what's the matter—

Better find out what coffee has to do with it.

Evidently some people are learning the truth about coffee—listen—

During 1913 the sales of coffee in this country decreased over one hundred million pounds.

A mighty army of former coffee drinkers now use

POSTUM

and enjoy freedom from their old coffee aches and pains.

Postum, made of whole wheat and a bit of molasses, is a delicious table beverage, absolutely free from the coffee drugs, caffeine and tannin.

If you are interested in bettering yourself—think it over!

Postum now comes in two forms.

Regular Postum—must be well boiled. 15c and 25c packages.

Instant Postum—a soluble powder, requires no boiling. 30c and 50c tins.

The cost per cup of both kinds is about the same.

"There's a Reason" for Postum

—sold by Grocers everywhere.

RAPS SALARY INCREASES

Finance Commission Scores Fitzgerald, O'Meara and Cole and Makes Recommendations

BOSTON, April 9.—Ex-Mayor Fitzgerald, Police Commissioner O'Meara, former Fire Commissioner Cole and Penal Commissioner Gore were all rapped in a report which the finance commission submitted to Mayor Curley yesterday upon its investigation of the salary increases in the police, fire and penal institutions departments under the Fitzgerald administration.

While the ex-mayor and the others came in for a number of indirect slaps in the report, the commission scored Commissioner O'Meara directly, stating that he should have refused to concur with ex-Mayor Fitzgerald on the matter of the last salary increases

granted to the members of the police department.

The final increases granted by the ex-mayor in the police department were based upon a small unexpended balance sufficient only to pay the amount of the increases during the remaining few days of the Fitzgerald administration. The real burden of the increases must be borne by the present administration. Thus the commission upheld the mayor in his fight with the police commissioner to get the increases in salaries in question revoked.

In the report the commission condemned the practice of permitting attorneys to be hired and paid big fees by city employees seeking salary increases. The report stated that over \$35,000 in attorneys' fees had been contracted for by members of the three departments in question to get their

salaries increased. This practice has a demoralizing effect and should be stopped, the commission stated.

The report devoted particular attention to the fees that were paid, or promised to Attorney Richard P. Feeling, who acted for the policemen, and who was to get, the report stated, \$18,886 or more for his services. The commission stated that it cannot be said the attorney's services required the payment or promise of such a sum. His chief service was to convince the mayor and police commissioner, who apparently did not need to be convinced, that the increases should be granted, the report said.

It was stated in the report that Attorney Carroll, who acted for the firemen, received \$1615, and Attorney Creed, who acted for the penal institutions department employees, was promised \$737.

The commission expressed the belief that the mysterious fund of \$400 raised during the Hibbard administration by members of the fire department to pay some person unknown for some unknown service, was for something in direct violation of law.

The existence of this fund was disclosed at the finance commission hearing. It was stated by the commission that the "remarkable forgetfulness" displayed by some of the members of the fire department while testifying upon this subject, gave the members of the commission the impression that some of the firemen perjured themselves.

It was suggested by the commission that Fire Commissioner Grady and Police Commissioner O'Meara should have investigated this matter further. The commission recommended that hereafter increases of salary be considered at the beginning of the fiscal year and not "be made a matter of maneuvering at the close of the administration and close to the end of a fiscal year, so as to embarrass the succeeding administration."

Recommendations

In its report the commission makes the following recommendations:

"1. That increases of salary should be considered at the beginning of the fiscal year, and should be provided for in the budget, and not be made a matter of maneuvering at the close of one administration and close to the end of a fiscal year, so as to embarrass the succeeding administration."

"2. That the effect of using outside influence, as shown in the fire and apparently unlawful means of effecting changes in the attempted appropriation of \$400 by the Russell Fire club of the fire department for the purpose of changing the meal hours, should be referred to the fire and police commissioners for further inquiry and for action on their part."

"3. That the mayor take such action as is necessary to prevent the employment of a person in the future on matters that are within the province of the mayor and the heads of departments on one side and the men on the other to settle, except in the case of hearings on charges, etc."

"4. That Rule 5, Paragraph 3 of the police department regulations, which states that 'Members of the force desiring promotion, transfers, or assignments to particular duties are free to make their desires known through the proper channels, and at suitable times members in person will be received by the commissioner at his office. But

should a member cause a person, not his superior in the force to intervene or to make representation in his behalf to the commissioner or to any superior officer, personally, or by letter, or by petition, he shall be deemed guilty of conduct unbecoming an officer; be so amended as to prevent the employment of counsel in department matters, between the mayor, the police commissioner and the members of the force."

TO MAKE CHICAGO "DRY"

THAT IS WHAT THE TEMPERANCE FORCES WILL ATTEMPT TO DO—PLAN CAMPAIGN

CHICAGO, April 9.—Inspired by their victories in the Illinois local option elections Tuesday, the temperance forces issued today a call for a delegate convention to be held here next Monday to formulate plans for a wet and dry vote in Chicago at the mayoralty election next spring.

The anti-saloon league of Illinois, through its superintendent, P. Scott McBride announced that the enactment of a law whereby the state would vote on the saloon question by counties instead of by townships would be made the chief issue in the legislative primary campaign this fall.

Revised returns from Tuesday's local elections in Illinois showed that 5 of the 102 counties in the state are now anti-saloon territory.

DEPOSITION OF VILLA
SOUGHT IN SUIT AGAINST CENTRAL LEATHER CO. OF MEXICO AND N. Y. & PENN. R. R. CO.

JERSEY CITY, N. J., April 9.—A case in the Hudson county circuit court was adjourned yesterday until Gen. Francisco Villa can be reached to give his deposition. The action is that of John O'Neill against the Central Leather Co. of Mexico and New York and the Pennsylvania R. R. Co. to recover the value of a large shipment of hides from Mexico which are alleged to have been taken from freight cars by Villa's men.

William D. Edwards, attorney for the railroad, said he would try to get the deposition of Villa when Mexico is more peaceful but the rebel chief was too busy now to give the case attention.

SHOT THROUGH THE HEAD
N. Y. MAN ANGERED BY DISPLAY OF EASTER FINERY ON WIFE AND DAUGHTERS

NEW YORK, April 8.—Angered by the display of Easter finery, which his wife and three daughters were parading before him last night, William Weise of Mount Hope, a suburb, seized a shotgun and shot himself through the head, dying instantly. When Weise was taken to the hospital, his daughters laughed at him for getting angry.

"You won't feel so funny about this by Sunday," he exclaimed and disappeared into another part of the house. A moment later he committed suicide. Weise was foreman at a cable manufacturing plant and was about 45 years old.

CHEMISTS IN CONVENTION
CINCINNATI, O., April 9.—When the nine sections of the convention of the American Chemical Society which is being held at the University of Cincinnati met today it was realized that the scores of addresses and reading of scientific papers set for the session which is to be the last of the convention would clog the proceedings and many of the papers will not be read, but will be given "leave to print."

All of these documents, very important to the chemists, will be embodied in the official proceedings in the magazine which the society supports.

If you want help at home or in your business, try The Sun "Want" column.

INDUSTRIAL DISPUTES

FIRST OF A SERIES OF HEARINGS CONCLUDED AT WASHINGTON TODAY

WASHINGTON, April 9.—The first of a series of hearings on the question of collective bargaining, mediation and conciliation in industrial disputes was concluded here today by the United States commission on industrial relations. The last witnesses were Samuel Gompers, president of the American Federation of Labor, J. A. Goss, counsel of the National Association of Manufacturers, J. E. Williams, chairman of the grievance committee in the suit, cloak and skirt industry of New York, and W. L. MacKenzie King, former minister of labor of Canada.

Many of those testifying before the commission have favored the solution of industrial disputes by a federal board similar in character to the mediation and conciliation board established to settle railroad controversies under the Newlands act. Questions directed to witnesses by members of

WILSON FAMILY CIRCLE

MR. AND MRS. SAYRE AT CAPITOL WILL ACCOMPANY PRESIDENT ON EASTER TRIP

WASHINGTON, April 9.—The Wilson family circle was complete again with the arrival here today of Mr. and Mrs. Francis B. Sayre, the White House bride couple from their home in Wilmington, Mass. They will join the president and Mrs. Wilson and party on their trip to White Sulphur Springs, W. Va., to spend Easter. The party planned to leave Washington tonight to spend the next three days at the Springs. The president will return to Washington on Monday, but other members of the party probably will remain at the Springs for several days.

NEWS OF THE LEGISLATURE

Cooperative Banks Bill Passed to Third Reading—Committee Reports and Other Matters

BOSTON, April 8.—In the Massachusetts house of representatives yesterday the bill to authorize cooperative banks to allow shares to remain after maturity was passed to a third reading after considerable debate. Substitution of the substitute bill for the adverse committee report on the bill for protecting song birds by licensing cats was carried. The Sunday baseball discussion opened when Mr. Twobig urged substitution for an adverse report of his bill to permit baseball on Sunday in public parks between 2 and 4 p. m. Mr. Washburn's

co-operative banks wants this legislation. Tufts of Waltham said it was a poor man's bill. Messrs. Haines and Southern said the co-operative banks in their districts had asked them to oppose the bill. Fessenden of Townsend said Massachusetts is the only state in which co-operative banks are not allowed to hold shares after maturity. By a voice vote the bill was ordered to a third reading.

Reconsideration of the bill to protect song birds by licensing cats was granted by a voice vote and thereupon Frost of Somerville offered a substitute bill. Reconsideration of the substitute bill was refused by a voice vote. Substitution of the substitute bill for the adverse report was carried by a rising vote, 79 to 41.

Committee Reports
The following committee reports were received:
Education: A bill to permit the public to use schoolhouses for purposes other than school purposes when the houses are not being used for schools. Public health: Leave to withdraw on the petition to restrict further the sale of intoxicating liquors by drug-gists.
Mercantile affairs: A bill to provide that stockholders of any corporation doing business in Massachusetts, who live in the commonwealth and hold at least 25 per cent of the entire outstanding capital stock, shall have the right to nominate one director.
Public health: Bill to require cities and towns with a population of 25,000 or over to provide at least one public lavatory and convenience station.
Railroads: Leave to withdraw on the petition that the public service commission inquire into the necessity of abolishing grade crossings in Cambridge.
Taxation: Leave to withdraw on the

CHECK YOUR APRIL COUGH
Thawing frost and April rains chill you to the very marrow, you catch cold—Head and lungs stuffed—You are miserable—Cough continually and feel miserable—You need Dr. King's New Discovery. It soothes inflamed and irritated throat and lungs, stops cough, your head clears up, fever leaves, and you feel fine. Mr. J. T. Davis, of Stokely Corner, Me., was cured of a dreadful cough after doctor's treatment and all other remedies failed. Relief or money back. Pleasant—Children like it. Get a bottle today. 50¢ and \$1.00 at your druggist. Bucklen's Arnica Salvo for All Sores.

PLAYLET AND CONCERT
PLEASANT ENTERTAINMENT AT GORHAM STREET CHURCH—THE MONTHS OF YEAR PERSONIFIED
The Tower class of the Gorham St. Methodist church gave a very pleasing entertainment last evening, comprising a playlet and concert program.

The playlet had for its title "The Meeting of the Seasons" and was very well presented by a competent cast of young ladies. The story told was that of an old Bohemian legend in which a child, cast out by its stepmother, is cared for by the various seasons. In addition to the principal characters, each month was personified, as were also the winds and the snow. The little sketch gave evidence of having been most carefully rehearsed and the final staging was all that could be desired. It was produced under the direction of Miss Maude M. Mountford. The cast of characters was as follows:

Months: Misses Minnie Carpenter, Ruth Spence, Dorothy Wood, Lillian Swanwick, Dorothy Sewall, Martha Potter, Florence Potter, Gladys Wiley, Mildred Anderson, Irene Killberry, Edith Richardson, Nellie Peterson. Winds and Snow: Misses Marion Morrison, Violet McLean, Viola Wood. During the evening the following concert program was greatly enjoyed: Piano solo, selected, Miss Mildred Hallett; song, "A Foolish Little Boy," Miss Nellie Peterson; recitation, selected, Miss Bertha Parker; piano duet, selected, Miss Dorothy Sewall and friend; trio, "Three Little Maids," Misses Mildred Hallett, Irene Killberry, and Viola Woodhead; tableau, "Good Night," Misses Violet McLean, Marion Morrison and Viola Woodhead.

Accompanists: Miss Mildred Hallett and Miss Gladys Wiley.

\$750,000 TO WELLESLEY
THE ROCKEFELLER FOUNDATION MAKES AWARD CONDITIONALLY—SEVEN BUILDINGS PLANNED
BOSTON, April 8.—The sum of \$750,000, one of the largest amounts ever presented to any institution by the Rockefeller Foundation, has been given to Wellesley college by that society to be used in the restoration of facilities lost in the recent destruction of College hall by fire.

The gift was made with the understanding that a fund of \$2,000,000 be raised for new buildings, equipment and endowment, and President Ellen F. Fendleton stated last night that the campaign would be started immediately.

Officials of the college were overjoyed yesterday when the gift was announced by the board of trustees and all expressed themselves as being extremely confident of their ability to raise the fund.

In announcing the gift Bishop William Lawrence, president of the board of trustees, said: "So large a gift from such a source given us great courage, for it is the highest endorsement of Wellesley's worth and need. It expresses belief in the future of the college and shows confidence in its administration. The amount required to replace what was destroyed shows how far Wellesley, with her 1500 students, had outgrown her plant."

The plan of the trustees is to expend a million and a quarter for new buildings and three-quarters of a million for endowment. Seven new buildings of modern construction and equipment will be required to do the work formerly accomplished by the single large building burned.

Seven New Buildings
The rebuilding program includes three dormitories to house 100 persons each; two science buildings for laboratories, collections and museums; an administration building containing offices and assembly hall, and a building for recreation rooms.

The trustee explained that the raising of a million dollar endowment fund, which was well under way and almost half of which had been pledged before College hall burned, is now merged in the larger plan to raise \$2,000,000 before the first of next January. Fifty per cent of any pledges received must be payable before Jan. 1, 1916, and the balance before Jan. 1, 1917. The \$2,000,000 and these dates are determined by the conditions of the gift.

RESERVE BANKS
Debate Over Selection of 12 Cities Resumed in Senate
WASHINGTON, April 8.—Debate over the selection of the 12 regional reserve cities for the new federal banking system was resumed in the senate today. The discussion followed the calling up by Senator Hitchcock of his resolution providing that the organization committee of the federal reserve board submit all of its data and the reasons upon which it was based.

Senator Russell of Louisiana is authority for the statement that an attempt would be made to have the reserve board rearrange the selections of the organization committee.

JUST BEFORE EASTER
ANNUAL ENTERTAINMENT AT THE CENTRALVILLE M. E. CHURCH—L. A. A. ELECTS OFFICERS
The annual Easter supper, sale and entertainment at the Centralville M. E. church was held last evening and, despite the unfavorable condition of the weather, was well attended.

The entertainment consisted of a sketch entitled "Tommy's Wife." The cast of characters was as follows: Thomas Pitt Carothers, a promising young portrait painter, Irving D. Kimball, Rose Carothers, his sister, Miss Helen M. Fox, Dick Grannis, Carothers' chum, in love with Rose, Andrew G. Jenkins, Pat Carothers, a student at a dramatic school, Miss Jessie M. Callahan, Mrs. De Yonough-Smith, a society woman, Miss Laura A. Callahan, Pierre LeBont, a French dancing master, Russell M. Fox, Edith Bronson, a friend of Rose, Miss May O. Peard.

The ladies having charge of the supper and sale were as follows: Dining room committee, Mrs. Stephen Walton, Mrs. A. W. Hughes, Mrs. J. E. Collins, kitchen committee, Mrs. Roger Kenney, Mrs. J. Jenkins, Mrs. Swift and Mrs. Whitely; ice cream table, Mr. and Mrs. Pearl Kinney; candy table, Miss Mildred Smith; fancy table, Mrs. A. E. Gregory, Miss Margaret Bryant, Mrs. A. W. Hughes, Mrs. Avery Ryer; postcard table, Mrs. L. P. Waring.

A feature of the evening was the presentation of a handsome china dish to Mrs. L. F. Waring, wife of the pastor of the church, by the members of the Ladies' Aid society.

At the annual meeting of the Ladies' Aid association, which was held during the evening, the officers of the past year were re-elected for the ensuing term. The officers are as follows: Mrs. Russell M. Fox, president; Mrs. Avery Ryer, vice president; Mrs. A. L. Hiser, secretary; Mrs. A. E. Gregory, treasurer.

TAP LINE RAILROADS
REPRESENTATIVES BEFORE SUPREME COURT AGAINST INTER-STATE COMMERCE ORDER
WASHINGTON, April 8.—Representatives of the tap line railroads of the southwest were before the supreme court today to argue against the order of the inter-state commerce commission prohibiting their receiving a share of trunk line rates on lumber owned by the same interests as the "tap lines." The government is seeking to have the court reverse the decision of the commerce court holding this order illegal.

Counsel argued that the "tap lines" are legitimate railroads and not as the government contends merely devices of lumber companies to wring rebates from trunk railroads. They insist that the little lines were developing the sections of the country through which they pass and in truth were common carriers.

THROW AWAY YOUR EYE-GLASSES
A FREE PRESCRIPTION.
You Can Have Filled and Use at Home
Do you wear glasses? Are you a victim of eye-strain or other eye-weaknesses? If so, you will be glad to know that there is real hope for you. Many whose eyes were failing say they have had their eyes restored through the principle of this wonderful free prescription. One man says, after trying it: "I was almost blind; could not see to read at all. Now I can read everything without any glasses and my eyes do not water any more. At night, they would not 'drain' at all, now they feel fine at the time. It was like a miracle to me."

A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for fifteen days everything seems clear. I can even read fine print without glasses." It is believed that thousands who wear glasses can now discard them in a reasonable time and multitudes more will be able to strengthen their eyes so as to be spared the trouble and expense of getting glasses. Eye troubles of many descriptions may be wonderfully benefited by following the simple rules. Here is the prescription: Go to any drug store and get a bottle of Optona, fill a two-ounce bottle with warm water, drop in one Optona tablet and allow to dissolve. With this liquid, bathe the eyes two to four times daily. You should notice your eyes clear up perceptibly right from the start and inflammation will quickly disappear. If your eyes are bothering you, even a little, take steps to save them now before it is too late. Many hopelessly blind might have been saved if they had cared for their eyes in time.—Advertisement.

FIRE DEPT. REPAIR WORK

Done Mostly by Firemen Who are Experts in Various Trades—Much Expense Thus Saved

Chief Edward F. Saunders of the local fire department has started an economic campaign in his department, for he fears that he cannot live within his appropriation unless something is done to reduce expenses. This department was given \$124,000, and this would have been enough had it not been for the unforeseen expenses that were suddenly brought to the department by the fact that a boiler of one of the engines was condemned, and that new ladders and new sides for the large Babcock truck were needed, the total cost of the boiler and the ladders to be about \$1200.

The chief in conversation with a Sun reporter this morning said he was economizing in every way in the department and by so doing he hopes he will get along with the money voted his department by the municipal council. However, in order to do so he has to be very careful and look into every small detail in the administration of the department and even watch carefully the amount of gas burned in the various stations each month.

Speaking about gas, the chief said last month's bill for gas, which is being used in the stations for lighting purposes amounted to \$146, which is very high. Each station was supplied with a large gas light and some with two, and in many cases after he started an investigation he found that even though the men were all in the same apartment, lights were burning in other rooms, a thing which he said the men would not do at home. In order to reduce lighting expenses the chief had all the lights, 21 in number taken out and replaced with chandeliers each containing two or more incandescent lights. The men are getting as much satisfaction with those lights and the gas bill will be reduced considerably. There was practically no expense in the change-over for the work was done by men of the department.

Inspector of Repairs

Strict orders were also given as to the use of the telephones in the various buildings and it is believed that the telephone bill will also be reduced considerably. There is a new fixture in the department and that is the position of inspector of repairs. This position is being held by T. F. Saunders, who has more than saved his salary during the past year. The inspector visits the various stations occasionally and keeps tabs on the equipment of the department as well as on the horses. For instance if a horse drops a shoe, the inspector, who is a blacksmith by trade, replaces the shoe at

no cost to the department. The apparatus are also being kept in better condition for the slightest defects are being cured in the proper time and on many occasions what would turn out to be a big job if not cared for is taken up at the proper time and needless expenses are thus saved.

A short time ago the state inspector condemned the boiler of Engine 6, and the apparatus was immediately removed to the boiler works of Scannell & Wholley, where it is being taken apart by men of the department. The boiler will be constructed by the boiler firm at a cost of about \$500, but at least a couple of hundred dollars have been saved by the firemen who have taken the apparatus apart.

The inspector of repairs noticed a short time ago that the large Babcock truck was in bad condition and at once the apparatus was sent to Lawrence, where new sides are being built and new ladders constructed. The ladders were in a decayed condition and a menace to the department. Unfortunately this work could not be done by men of the department. This job will cost about \$700.

The automobile of District Chief Sullivan broke down a few days ago and the car which has been taken apart is now at the quarters of Hose Co. No. 8, where it is being repaired by men of the department. All the small jobs on the automobiles of the department are being handled by men of the department, for there are two automobile experts on the list and they are willing workers.

Well Equipped Repair Shop

The equipment and furniture of the various stations are also taken care of by men of the department. A well-fitted up workshop exists on the top floor of the Central station, and considerable work of the industrial kind is being done there. The equipment of the shop consists of two lathes, one small and one large; a circular saw and a buzz planer, as well as work benches and tools of all descriptions. At the present time men are at work in putting in new springs on one of the beds of the department. The chief says the men like this kind of work, for it keeps them busy during the day and life is not so monotonous.

The chief has just received 21 new automatic keyless doors for the alarm boxes and they are now being installed in the central part of the city by Electrician Fernald. These doors cost \$20 apiece, or five dollars each less than the first lot. These were ordered last year and have been shipped only a few days ago. The chief believes that these doors will prevent the ringing of many false alarms, for when the

door opens a large gong in the interior of the box rings and calls the attention of those in the vicinity to the fact that someone is calling. The alarm box. The other doors will be gradually taken out and in a few years all boxes will be equipped with the keyless door.

FUNERAL NOTICES

RICHARDS—The funeral of Mrs. Nellie Richards will take place Friday afternoon at 2 o'clock from the funeral chapel of Undertaker Chas. H. Molloy on Market street. Burial will be in St. Patrick's cemetery. Funeral in charge of Undertaker Charles H. Molloy.

200 DOZEN SPIC SPAN NEW EASTER WAISTS

98c, \$1.49, \$1.98 and \$2.98

New York Cloak and Suit Co.

CHERRY & WEBB

-12-18 JOHN STREET

Nicholson and Norton play several unusual things every week. A bride and groom of three weeks are found in a one-room apartment in New York city. They manage to exist, but little more. Yet they make of their apparent poverty something to laugh at. How they manage to take pleasure out of the adverse conditions is aptly shown. Misses

Herron and Gaylord in a character comedy also give plenty of room for real entertainment. Guerrero and Carmen, players of the violin and harp, give much real pleasure with their interpretation of classic airs, and Kaye & Dunn have two of the most appealing voices heard here this season. Webb & Burns, "the Italian minstrels,"

are singers and comedians of the "wen" type, and Nat Aldine work with the tables. In clown making after the manner of Bert Melrose Robbins' elephants go through a lot of richly staged which will prove a special interest to children. Good seats for all remaining performances. Phone 28.

BE ON HAND EARLY TODAY

STORE OPEN THURSDAY, FRIDAY AND SATURDAY EVENINGS

SALE NOW GOING ON

OF THE

ALPHA SHOE COMPANY, \$20,000 STOCK

88 MERRIMACK STREET—OPPOSITE JOHN STREET

THE PROBATION SYSTEM

According to a recent report of the state probation commission of New York the probation system of that state which possesses a highly effective and is showing a marked tendency to good. Many of the cases of the state who were placed on probation, according to the report, have shown a marked tendency to good. Many of the cases of the state who were placed on probation, according to the report, have shown a marked tendency to good.

brought to justice if they are found to have violated the law. In our opinion the reputation of the city for which our neighbor shows such solicitude, will be better served by such a course than by hushing it up and leaving the application that the participants in such exhibitions are immune from prosecution if they happen to belong to some prominent club or to have a political pull. We insist that the law should be enforced against all law-breakers alike regardless of their station. The crusade for law and order should not apply almost exclusively to the lower classes, Chinamen, and unfortunate colored girls, while the men who hold a personal with degraded women as the chief attraction are allowed to go scot-free.

The Sun expressly stated that this is not a question of gratifying any politician's spite but of bringing all law-breakers to justice, so that no body of men in our city will feel that they can conduct any disgraceful exhibition or revel over the degradation of young women with impunity so far as the enforcement of the law is concerned.

WAGES AND VICE

Interest in the real or imaginary relation of commercialized vice to wages has lagged since the investigation in Chicago under the direction of the energetic Lieut. Gov. O'Hara, but the matter is again brought to the front by the published intention of that gentleman to study conditions for a few weeks in a New England mill city—possibly Lowell. It is to be hoped that his investigation will be sincere and free from hysteria, and if so it can be asserted in advance with all gravity that in comparing conditions in the mill cities with the conditions in the large metropolitan centres, the balance will be in favor of the New England mill girls. Vice we have of all varieties but proportionately there is less of it among the workers in the mills than the workers in many other lines of industry. For that matter, vice is confined to no one class nor is it dependent on wages, though a low wage often undoubtedly is contributory to some of its worst forms.

It may be said, too, with all due respect to Mr. O'Hara, who is undoubtedly able and who has not been proved guilty of insincerity, that such investigations as that in which he is said to be engaged are of doubtful value. Because of his environment and training he cannot get the atmosphere of the mill in which he works or understand the characteristics of the workers, and his abnormally critical aspect is too apt to exaggerate trifles until they look monstrous. Mills and mill workers are apt to suffer as much from over-investigation as from a neglect of such activity—if indeed they do not already suffer from the sensational work of over zealous social workers.

WARNING TO CARRANZA

That this country has no intention of abandoning the Monroe Doctrine or that portion of it which guarantees protection to foreigners in the countries where we forbid foreign invasion, is clearly indicated by the warning which the government has sent to the rebel leader, Carranza, in reference to the intention of Villa regarding the threatened expulsion of the Spanish at Torreon. The United States has stepped in to provide protection for the Spaniards so threatened and a clearly defined issue has been thus drawn with the government of this country on the one side and the Mexican rebels on the other. If the United States refused to countenance injustice and lawlessness on the part of Huerta it could not consistently allow it in the official acts of Villa especially in matters on which we could rightly be called to account by foreign countries. Were this country to allow the Spaniards of Mexico to be injured in person or property what explanation could be offered to Spain for an enforcement of the Monroe Doctrine which would prevent that nation from avenging its subjects or demanding satisfaction? A great deal will depend on the answer of Villa or Carranza, for upon it may hinge much of the future with regard to the "watchful waiting" policy.

A delegation of the farmers waited upon Governor Walsh recently and called to his attention the fact that when contracts between themselves and selling agents expired recently, the contractors offered the producers only 25 cents a can, though up to that time they were receiving 40 cents a can. There was no reduction to the public, however. The farmers say that they are in the power of the contractors who import milk from outside states and from Canada if the contracts which they favor are not accepted by the milk producers, thus freeing out the Massachusetts product. The governor is said to have urged on the farmers the elimination of the middleman unless the contractors show a more reasonable aspect. It may well be that between the state legislation which grows more exacting yearly and the greed of the contractors who have unlimited power, the lot of the milk producer has become unenviable. The public, of course, is interested because the only indication it gets of a change in the milk situation is when the price goes up—and this has happened quite consistently of late whether the contractors paid 40 cents for a can or only 25.

Seen and Heard

Have you had your Easter suit fitted yet?

The robes may sometimes come just a little early, but it is mighty hard for them to get ahead of the fellow who always sees them first.

"How is business?" I asked the question of a man crisp.

Cured His RUPTURE

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was by operation. Trusses did me no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no lost time, no trouble. I have nothing to tell but will give full information about how you may find a complete cure without operation, if you like to. Write to Eugene M. Pullen, Caretaker, 165 Marchessault Avenue, Boston, N. J. Better cut out this notice and show it to any others who are ruptured—you may save a life or at least stop the misery of rupture and the worry and danger of an operation.

Now The Sun's attitude is, that if an alderman brings up a charge of this kind at a public meeting the police department should investigate the matter and have the parties responsible

pleaded by a railroad accident. "Business doesn't change much," was the reply. "It matters very little whether the mills are working half time or overtime, we get about the same amount, for people are usually willing to give so much to unfortunate."

"What is the average contribution?" "From one cent to a nickel, but now and then we get a quarter or a half dollar. Once I received a two dollar bill."

"What are your best days?" "Saturday is always good, because that is pay day, but holidays are the bestest that we experienced. I suppose people are so interested in being amused that they forget about the even who can't work and depend on public for help to make both ends meet."

"Do you get much recognition from wealthy people—that is people who appear to be wealthy?" "Very little. The average man or woman who throws a nickel or a dime our way is of the working class. I imagine the poor people have had their share of suffering, and are able to appreciate what we have undergone."

"What do you average a day?" "From 75 cents to \$1.15 a matter of luck largely. Sometimes I go out on the street, the weather is bad, I feel discouraged, and the world looks as black as you can imagine, when all of a sudden half a dozen people come along, and drop silver pieces in my hat, and the sun shines once more. Then I may look for good business with weather conditions right and many people passing, and remain for hours without collecting a penny. It's a funny game."

Officer Leighton, who patrols the Merrimack square "beat" is the right man in the right place, even when it comes to catching dogs, and some of his friends will endeavor to have him appointed official dog catcher for Lowell. The other has a way of his own to attract mongrels, and for the past two days he has sent two victims to the gas box. The long-haired-for-instructed to be on the lookout for unlicensed dogs for it seems that Merrimack square is their rendezvous, and he said that the cop is on the job. When a mongrel makes his appearance in the square, Officer Leighton keeps back on him until he can lay hands upon him and then it is all up for "doggie," who is led to the gas box, where he is despatched to the happy hunting grounds. Keep up the good work, officer.

"Laugh and the world laughs with you," seems to be the motto of the park board, who always have a joke up their sleeves. At the last meeting, before the question of a Tag day was brought to the attention of the commissioners, Mr. Carr was talking about beautifying a certain park when Mr. Rountree asked him if he would like to see a few trees there. "Certainly," replied Henry. "Well then," said Allen, "I will go there with my family and that will make three 'Rountrees' on the park. 'I'll surely go up and see you,' said Henry. "You had better go on a horse," clipped in Mr. Greene, and Dr. Mignault quickly remarked that the place would be much more interesting if "Mills" were located there, and that was the end of the joking for that night.

YOUNG PEGGY BLOOMS (Published by Request) Young Peggy blooms our bonniest lass, Her blush is like the morning, The rose dawn, the springing grass, With early gear adorning Her eyes outline the radiant beams That glid the passing shower, And glitter o'er the crystal streams, And cheer each fresh morning.

Her lips more than the cherries bright A richer dye has graced them;

RHEUMATISM

Remarkable Home Cure Given by one Who Had It—He Wants Every Sufferer to Benefit

Send No Money—Just Your Address

Years of awful suffering and misery have taught this man, Mark H. Jackson, of Syracuse, New York, how terrible an enemy to human happiness rheumatism is, and have given him sympathy with all unfortunates who are within its grasp. He wants every rheumatic to know how he was cured. Read what he says:

"In the spring of 1893 I was attacked by Muscular and Inflammatory Rheumatism. I suffered for only those who have it know, for over three years. I tried remedy after remedy, and doctor after doctor, but such relief as I received was only temporary. Finally, I found a remedy that cured me completely, and it has never returned. I have given it to a number who were terribly afflicted and even bedridden with Rheumatism, and it effected a cure in every case."

"I want every sufferer from any form of rheumatic trouble to try this marvelous healing power. Don't send a cent; simply mail your name and address and I will send it free to try. After you have used it and it has proved itself a healing power, I will send you a copy of the long-looked-for means of curing your Rheumatism. You may send the price of it, one dollar, but understand, I do not want your money unless you are perfectly satisfied to send it. Isn't that fair? Why suffer any longer when positive relief is thus offered you free? Don't delay. Write today. MARK H. JACKSON, No. 936 Curtis St., Syracuse, N. Y. Mr. Jackson is responsible. Above statement true.—Pub.

They charm the admiring gaze's sight, And sweetly tempt to taste them; Her smile is as the evening mild, When feathered pairs are courting, And little lambkins wanton wild, In playful bands disporting.

Where Fortune lovely Peggy's foe, Such sweetness would relent her; As blooming spring unbends the brow Of softly savage Winter, Delighting eyes no aim can gain, Her winning powers to lessen; And fretful envy grins in vain The poison'd tooth to fasten.

Ye Powers of Honor, Love and Truth, From every ill defend her; Inspire the highly favored youth The intellects ennobled here; Still fan the sweet conjugal flame Responsive in each bosom; And bless the dear parental name With many a filial blessing.

—Robert Burns.

EDITORIAL COMMENT

I. W. W. RIOTS

Brooklyn Times: Police clubs will not permanently quell I. W. W. disturbances in New York city. The reasoning of bruised heads seldom is benevolent. The situation calls for strong minds rather than for strong arms, and it is unfortunate the arms got there first.

SGUIDE WAVES

Boston Traveler: Psychologists should give their attention to the so-called suicide wave that resulted in three students of the University of Pennsylvania taking their lives within a week. Fearing more waves of the same kind, Provost Edgar Smith of the university summoned Bill Sunday, the evangelist, in the hope that he would divert the minds of the students. Their enthusiasm over the evangelist, the provost says, was a revelation to him and the results exceeded his fondest expectations.

MASSACHUSETTS MILK

Lawrence Tribune: The North Reading farmers were confronted with an unusual situation during the past week. Their contracts with the wholesale milk dealers having expired, they

MRS. BEIDEL TELLS WOMEN

How Lydia E. Pinkham's Vegetable Compound Kept Her in Health for 14 Years.

Shippensburg, Pa.—"It was several years ago that I started taking Lydia E. Pinkham's Vegetable Compound. I then suffered terribly every month. My husband bought me a bottle of it and it helped me right away. Then after my second child was born I had a female trouble very badly and I used Lydia E. Pinkham's Vegetable Compound and in a short time was cured and have been in excellent health since. I always praise the Compound whenever I have an opportunity as I know it helped me and will help others. Lately I have given the Compound to my daughter and I wish all suffering women would take it and be convinced of its worth."—Mrs. JAMES A. BEIDEL, 113 N. Penn Street, Shippensburg, Pa.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drug, and today holds the record of being the most successful remedy for female ills we know of, and thousands of voluntary testimonials on file in the Pinkham laboratory at Lynn, Mass., seem to prove this fact.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to any of the women whose testimonial letters we are constantly publishing. They will tell you their experience and give you confidence to try the medicine.

Repairing, Etc. Telephone 2169

found themselves burdened with a daily supply of milk for which there seemed to be no market. At first they gave it to the hogs. Then they simply allowed it to run to waste. Finally the son of one of the farmers decided the plan of taking the milk to Boston and giving it away to any who desired it. How great was the demand has been proved not only by the news reports but also by the photographs of the crowds around the milk wagons which have been reproduced in some of the Boston papers.

TRUST METHODS

Lowell Sun: The right way is to leave everyone free to make comparisons, big and little, and make all the combinations of corporations that look promising of increased profits. Then give anyone injured in any corporation or combination easy access to the courts and prompt decision of his particular claim. A big organization may be able to give the public more and better service for the money. Give them the widest liberty to do so. And when in the exercise of that liberty they do a wrong, make them pay for it—liberty and responsibility.

IN SPRINGFIELD

Springfield Union: The Boston Herald observes that Springfield needs a clean-up and paint-up week less than many other cities. Springfield is and always has been a little tidier than the average run of cities, but it is not as clean as it can be and ought to be, and the clean-up week is expected to show the citizens how to put the city in the front rank for cleanliness.

KILLING MEASURES

Brooklyn Enterprise: A contemporary gives credit to the Massachusetts legislature this year for killing unwise measures. It is too bad that such measures get as far as to require legislative sanction. It's dangerous, for now and then one gets by that means harm.

BY JUDGE JENNEY IN CASE OF G. A. MUELLER, GUARDIAN OF ELIZABETH PARKER

The defendants' demurrers in the case of George A. Mueller, guardian of Elizabeth Parker vs. Isaac Van Horne et al., have been sustained by Judge Jenney, who is presiding in the equity session of the superior court. Lawyers Kerwin and Reilly represent the Old Lowell bank, which is a co-defendant, in this case. The demurrer was based on the contention that the bill in equity brought by the plaintiff sets out several distinct matters as affecting several distinct parties, and is therefore multifarious.

MILITANTS IN ULSTER

BELFAST, Ireland, April 8.—Militant suffragettes continued their campaign of arson in Ulster today by setting the torch to Ouland, an old mansion near Carrickfergus on Belfast lough. The residence was burned to the ground. The usual suffrage literature was found littered about the grounds.

TEDDY ON G.O.P. TICKET

YARMOUTH, Me., April 8.—Theodore Roosevelt will be endorsed as a republican candidate for the presidency in 1916, if the efforts of the local delegation at the state republican convention in Augusta today prevail. Resolutions instructing the Yarmouth delegates to urge vigorously that this step be taken was unanimously adopted at the republican caucus in this town yesterday. Howard Davies, Charles W. Gerow, John Huntington and James Rogers were elected delegates. The resolutions they will present for adoption by the convention read as follows: "Resolved, that the republican party in this state, must be aggressively progressive and the champion of national, economic and social justice; that the union to the democratic party is not only desirable, but necessary."

"That the nomination of William H. Taft in 1912 was ill-advised and unjustifiable; that the republicans of Yarmouth favor the nomination of Theodore Roosevelt for the presidency in 1916, and that the delegates from this town to the republican state convention be directed to use their influence to the end that the republican party of Maine recommend the nomination of Theodore Roosevelt as republican candidate for the presidency in 1916."

NATIONAL LEAGUE EMPIRES

NEW YORK, April 8.—All the empires of the National League will assemble here on Saturday for a conference with President John K. Tener, who has prepared a list of instructions and his ideas on how a game of baseball should be unplayed. The empires who will assemble on Sunday are Bob Emmett, Charles E. Lester, Bill Klem, Al Orth, Mal Eason, E. C. Quigley, Bill Hyton, Harry Johnson and Bill Hart.

SUFFRAGE FOR ILLINOIS WOMEN

CHICAGO, April 8.—Declaring that women demonstrated their desire to vote at Tuesday's township elections, women suffrage leaders today began a movement for full suffrage for the women of Illinois. This could be obtained only through a change in the state constitution. Under the equal suffrage act passed by the last legislature, women cannot vote at the polls, nor can they be held to any of the provisions of the constitution or of any other constitutional officer. The law granted them the vote on questions of public policy and for president and city officers, provided for by statute.

DRAFT

The annual meeting of the water supply district of Draught was held last night at Grange hall, Draught Centre, and was attended by about 20 people. In the absence of Moderator George H. Stevens, Nelson E. Huntley was elected to that position and Samuel H. Hildreth was chosen clerk. Under article three, Christopher Bourke was elected auditor, and Albert Hamblitt, water commissioner for a term of three years. Under article 6 the sum of \$500 was raised for construction work during the ensuing year. The treasurer was

Athletes and Athletics

President Tener of the National league has come out hard against fence advertising at the ball parks along the National circuit. The Athletics and Pirates are the only two clubs which do not let out fence space to advertisers. Yes, and probably they will continue to be for there are few managers who are going to pass up a likely looking pot of kale for the sake of improving the appearance of their ball parks. In the opinion of Governor Tener the dignity of the national game is assailed by the glaring advertisements which assault one's eyesight at a ball game.

Frank Willey, a member of the Margus five of the Newton bowling league, smashed the league single string record for candle pins last night. His high roll was 179. Four strikes in succession was all that Willey collected. His total for the three strings was 499.

The decision of the Bunting Club's athletic committee to join the A. A. U. is a praiseworthy one. It will eliminate all chances of any amateur who competes from being disqualified or suspended. A club which holds out protection to the athlete will always draw the cream of them.

Sam Langford has bought a farm out Milford, Mass., and has settled down there with a retinue of twelve punching "bags." The dozen fighters which he has with him will be used to get the Boston Tar Baby in condition for his coming invasion of France. He expects to meet Georges Carpentier as well as Jack Johnson over in Paris. It hardly looks reasonable to suppose that either one will take on Langford.

Francis Oulmet, the American golfing champion, showed that his sea voyage did him no harm when he went around the course at Sandwich, England, in one stroke inside of "bogey." Oulmet was sick going across but his naturally strong constitution has shaken it off and he is in fit shape to take on the best of the continental and English golfers today.

Bill Carrigan's cash offer for Gainer has rather upset the dopest's calculations for the permanent lineup of the Red Sox. Gainer is not in the condition that he was when he first made his bow to the Detroit public although still a classy performer on the first cushion. The youngsters, Wilson and Judge, can't be as good as reports would have us think for.

Swett, the classy outfielder of last

year's New Bedford club and who is looked to this season as a Fitchburg standby, is at present engaged in coaching the Jowes school baseball candidates. At the same time he is stealing a march on his teammates and getting his whip into shape for the New England league season.

Pitcher Ward, the Pennsylvania State college boy whom Manager Gray has signed for this season, will be a big help when he comes along late in June if the Lowell club is in anything like the predicament it was in at that time last season. Gray was minus a pitching staff and a shortstop for two months. This year, however, we look for a different baseball outlook. The infield looks far better than the outer gardens. It is the only dependable outfielder on the lists and he hasn't signed up yet. Ward may be tendered a warmer reception when he packs his baseball kit for a journey to Lowell if he can bat and hold an outfield position.

Benny Kauff, the hard hitting right fielder of last year's Hartford team and the man whom all the Lowell pitchers were afraid to feed anything but corner balls to, is once more in uniform. Kauff jumped to the Feds this season and is playing his regular position on the Indianapolis club. He was hurt last week in a collision with a teammate but has fully recovered.

Manager Patsy Flaherty of the Lynn club will be seen back in the city of his adoption, the early part of next week. The Lynn manager has been down south and sends word to Owner Fraser that he is in perfect condition for a hard season. Flaherty expects to do quite a stunt himself in the box this year. Here's hoping he works against Lowell right along.

It looks now as though Mike Glover and Hayward Briggs would clash in the near future at the North Abington club. Both men have quite a following and their advent into the ring together would draw a big crowd. They will probably both weigh in at 115 pounds at six o'clock.

Manager Stallings has ceased to worry about his third base position. Charlie Deal has been improving with each practice until now the Braves' manager thinks that he can more than fill the gap which threatened his lineup. With Fivers and Marvinville, Deal will make up a tough trio for opponents of the Boston Nationals to puncture with their wands.

WANT RESERVE BANK

OMAHA BANKERS OBJECT TO PLACING CITY IN KANSAS CITY DISTRICT

OMAHA, Neb., April 9.—Officials of the National bank of Omaha today drew up a protest to be sent to the secretary of the treasury objecting to placing of Omaha in the Kansas City district of the reserve banking system. The protest asks that if Omaha may not have a regional bank of its own it is to be thrown into the Chicago district, as the trend of its business is in that direction.

— PENN. CANDIDATES —

The University of Pennsylvania rowing squad is particularly strong this year, and Vivian Nickalls, the English head coach, is confident that his proteges will finish the season with an imposing record. The illustration shows a group of candidates for the varsity eight on their return from a trial spin.

EX-GOV. DRAPER

No Improvement Evident Today—Grave Fears for Recovery

GREENVILLE, S. C., April 9.—No improvement was evident today in the condition of former Governor Draper of Massachusetts, stricken here with paralysis. Attending physicians would make no predictions but indicated they

EBEN S. DRAPER

entertained grave fears for Mr. Draper's recovery.

Members of the former governor's family arrived today from Massachusetts. They announced that two physicians from Boston would reach the stricken man's bedside within a few hours to aid the four doctors now in attendance. Mr. Draper's entire left side is affected and he is conscious only part of the time.

QUIMET WINNER

Took Foursome Match at Sandwich, England, Today

SANDWICH, England, April 9.—A victory in a foursome match was won here this afternoon by Francis Outmet of Brookline, Mass., open golf champion of the United States, and Arthur G. Lockwood, former amateur champion of Massachusetts. They played against the Marquis of Linlithgow and Lord Charles Hope, his brother, whom the Americans defeated by five holes up and four to play. Outmet's outward card registered 40 strokes and his homeward total was 48. The match was played in a boisterous wind.

THE SIEGEL CASE

Authorities Hope to Have Mrs. Siegel in Boston Monday

BOSTON, April 9.—Assistant District Attorney Lavelle, who is in charge of the investigation of the failure of the Henry Siegel Co. store here, left for New York today to interview Joseph Siegel, former resident manager of the Boston store. Mr. Lavelle stated he hoped to induce Mrs. Henry Siegel to return with him and testify before the grand jury which will hold a special session on Monday.

WILSON ON LOCAL OPTION

BELIEVES LIQUOR QUESTION SHOULD NOT BE MADE PART OF POLITICAL PROGRAM

WASHINGTON, April 9.—President Wilson is in favor of local option on the liquor question and does not believe prohibition should be made a part of his party's program. Since the order of Sec. Daniels was issued, prohibiting the use of liquor by officers in the navy, persons in a position to obtain the president's views have learned that he still stands by his letter written in May, 1911, while governor of New Jersey, to Rev. Thomas B. Shannon of Newark, N. J., in which he said:

"I am in favor of action upward, to the utter confusion of political action in every other field. They have thrown every question, however important, into the background, and have made constructive party action impossible for long years together."

See Daniels told friends that the purpose of his order was in no way to give a political aspect to the subject of prohibition or to commit the National administration, but only to promote efficiency in the navy, in conformity with the recommendation of Surgeon-General Baileyst. The president looks upon the new order as a departmental matter. Secretary Daniels having acted on his own initiative.

LAWRENCE STRIKE OFF

AGENT OF PLYMOUTH MILLS ANNOUNCED THAT GIRLS WHO QUIT CAME BACK TO WORK

LAWRENCE, April 9.—Agent Reed of the Plymouth mills announced today that a compromise had been effected in the strike of 35 girl employees who objected to a new wage scale caused by the introduction of an efficiency system and that practically all returned to work today.

HOLDUPS IN WORCESTER

FOUR WOMEN THE VICTIMS—ONE IN HOSPITAL SUFFERING FROM BLACKJACK WOUNDS

WORCESTER, April 9.—Four women were held up at the point of a revolver and robbed by an unknown man in this city last night. One of them is in a critical condition at the city hospital, suffering from 10 blackjacks wounds about the head.

The police and detective departments are completely absorbed and up to date in a critical condition at the city hospital, suffering from 10 blackjacks wounds about the head.

Within an hour after the police had received a report of this holdup, Mrs. Hanna Hammastrom, aged 52, of 22 Edward street, was found semiconscious near the corner of Edward and Newport streets by Miss J. Swenson of 77 Eastern avenue, who was attracted by her groans. Her money was missing and her head was marked with cuts.

The police ambulance was summoned, and on the way to the city hospital the woman asserted that the man thrust a gag into her mouth and, when she resisted, beat her over the head with a blackjack. The police learned that boys, who had accosted the man, were frightened away when he flourished a revolver. According to the boys, he threatened to shoot the first person who made an outcry.

Shortly after the ambulance returned to the police station word was received that Mrs. Anna Kelley, aged 66, of 16 Clinton street, had been held up on Prescott street just after leaving the church of the Immaculate Conception. The man again made good his escape.

Within half an hour after this holdup Mrs. Frank Kestner, aged 129, Prescott street, reported that a man had entered her store and, after purchasing a cheap cigar, stepped behind the counter, thrust a revolver into her face and demanded that she turn over the contents of the till.

He took a key which lay on the counter and attempted to dash past her into the house. Failing to catch entrance there he ran into a nearby alley and all trace of him was lost.

LAWRENCE STRIKE OFF

AGENT OF PLYMOUTH MILLS ANNOUNCED THAT GIRLS WHO QUIT CAME BACK TO WORK

LAWRENCE, April 9.—Agent Reed of the Plymouth mills announced today that a compromise had been effected in the strike of 35 girl employees who objected to a new wage scale caused by the introduction of an efficiency system and that practically all returned to work today.

LOWELL MATTERS ON BEACON HILL

Hot Fight Expected on the Adjutant General Bill—Pension Schemes Likely to be Beaten—Lt. Governor's Criticism

The question of repealing the bill providing for a five-year tenure of office for the adjutant-general will be fought out on the floor of the house within a day or two. The committee on military affairs reported in favor of the bill to repeal the five-year tenure and while the matter is on the house calendar for today it is not expected that it will be reached until tomorrow and perhaps not until the first of next week.

It is very generally conceded that the bill to repeal the five-year tenure is a drive against Adjutant-General Pearson and it is expected that the fight in the house will be a very strenuous one.

Continued to Page 5

INCREASE IN TAX RATE

Citizens of Tewksbury Believe Tax Rate Will be Over \$18—Fire Protection Expected

The assessors of the town of Tewksbury are very busy these days, for they have started on their tour of the town, in the course of which they will endeavor to place a proper valuation on all the real and personal property, in order to fix the tax rate for the present year.

It is believed by many that there will be an increase in the tax rate this year, and many are of the opinion that the increase will be very near \$3 if not more. The present tax rate is \$17.40 per thousand, but on account of the many increases in appropriations voted at the last town meeting it is very probable that the rate will jump to nearly \$19 per thousand.

The assessors are not yet ready to give a statement in relation to tax conditions and it will be some time before they get through their task, for it is no small job to travel from one end of the town to the other and value property, especially in Tewksbury, which covers an area of several square miles.

Some of the residents of the town are wondering if anything has been done by the selectmen toward the purchase of fire apparatus in conformity with the vote taken at the town meeting. Over a month has now elapsed since the meeting was held and thus far not a word has been heard from the officials of the town in relation to fire protection. Several hose reels are to be purchased and some say that the selectmen ought to get busy if they have not already done so and supply the town with proper protection and not rely all the time on the department at the state infirmary.

Water System. The committee appointed to look into the possibilities of installing a water system in the town, is active, they say and doing considerable work in that respect. These men are to report at a special town meeting which will be held in June and it is believed that their report will be favorable and that a hydrant system will be installed in the heart of the town.

A large gang of men are at work on the state-highway between Lowell and Tewksbury and in a short time the road will again be in very good condition. The frost during the past few months has caused the road to break up in some places and when the state officials were notified they immediately sent men on the job. A steam roller is kept working on the premises and crushed stone is being laid on the surface of the road which will be ready for traffic in a short time.

RECOUNT IN MONTREAL

ON VOTE CAST MONDAY—CITY IS WITHOUT OFFICIAL GOVERNMENT

MONTREAL, April 9.—The retirement of the old city organization today left Montreal without an official city government owing to the fact that a recount is necessary to determine the successful candidates at the municipal election last Monday. The recount was called for on account of mistakes in the original count and it was said today that at least three weeks must elapse before the result of the election can be officially proclaimed.

The original count gave Metegle Martin a plurality of 5000 for the mayoralty. Martin was the candidate of the French element.

TRIPLE WATER SUPPLY

MADE POSSIBLE IN SPRINGFIELD BY CITY GETTING POSSESSION OF 1500 ACRES ON RIVER

SPRINGFIELD, April 9.—Deeds were filed and papers signed yesterday transferring from Eugene F. De Noe, mandis of Boston to the Springfield water department about 1500 acres of land and the water power rights of streams tributary to the Little River, the main source of Springfield's water supply.

The price paid was about \$75,000. This deal gives the Springfield department sites and land that will make it possible to triple its water supply and to develop water power, if so desired.

SEE WINDOW DISPLAY YOU'LL BE OUR CUSTOMER

Celebrate Easter with a Griffon Brand Suit. The snappy suit. Of genuine interest to you, however, is the question of obtaining the utmost for your clothes appropriation. THE IRISH LEAGUE FUNDS

Treas. Fitzpatrick to Send \$10,000—Compliments the People of Lowell for Generosity

BOSTON, April 2.—T. B. Fitzpatrick, national treasurer of the United Irish League of America, expects to be able to send another remittance of \$10,000 to the trustees of the Irish parliamentary fund in Ireland when the home rule bill comes up for final passage.

Home Rule Victory Looked For
A speedy settlement of the home rule bill is now looked for. This is the conviction expressed by the national president of the U. I. L., Michael J. Ryan of Philadelphia, in a letter just received by the national secretary, Michael J. Jordan.

Mr. Fitzpatrick reports that he has received within the past few weeks \$2500 from the Irish World, New York, through its late editor, Patrick Ford, the Irish World pledged \$10,000 at the last U. I. L. convention.

Other receipts are as follows:
United Irish League of Chicago, \$2500, as a result of their St. Patrick's day meeting; Toronto, \$121, completing their pledge of \$2000; Lowell, \$350, completing their pledge of \$1000; Springfield, Mass., \$100; Portland, Ore., \$100. Remittances amounting to \$48,272 have been forwarded to the trustees of the fund in Ireland since the Philadelphia convention.

There will be a meeting of the executive committee of the league at the office in Boston this afternoon, when arrangements will be made for an active campaign to complete the Massachusetts pledge of \$20,000. Of that amount \$15,110 has been contributed. Contributions are expected from Fall River, Worcester and Lawrence.

Lowell's Contribution
The following letter has been received from the national treasurer, Mr. Fitzpatrick of Boston, in acknowledgment of the money subscribed by the Lowell branch of the United Irish League:

Boston, April 2, 1914.
Dear Mr. Gallagher: Your kind letter of March 31st, enclosing check for \$350, from your treasurer, Mr. Bryan McFadden, came being contribution to the United Irish League, received this morning. This makes, as you say, the one thousand dollars pledged by the good people of Lowell at the last convention. Enclosed please find receipt for same.

Lowell has always helped the league generously and patriotically, and like the present time, has always been true to its pledges. We certainly unite with you in the hope that the home rule bill will pass and that the great and long looked for triumph of representative government for Ireland will be realized. When that day comes, and I for one am satisfied that it will come, there is no community that will have better reason to be proud of the part they have taken in this achievement than the good people of Lowell.

With kind regards, I remain,
Very sincerely yours,
T. B. Fitzpatrick,
National Treasurer, U. I. L.

LEGISLATIVE INQUIRY

NEW BRUNSWICK HOUSE INVESTIGATES CHARGES AGAINST GOVERNMENT MEMBERS

FREDERICKTON, N. B., April 2.—The New Brunswick Legislature this afternoon began the consideration of charges lodged against Louis Agoste Dugal, a member of the provincial legislature, against Premier J. K. Fleming and other government members. Mr. Dugal alleges that the premier extorted from lessees of crown timber limits \$100,000, no part of which reached the provincial treasury and that bidders on the St. John and Quebec railway work had paid large sums to government members as the price of obtaining contracts. He charges also that a large amount of money resulting from the sale of bonds guaranteed by the government for the railroad construction was diverted from its proper channels.

WELL KNOWN PUBLISHER DEAD
NORWICH, Conn., April 2.—David N. Thayer, a retired newspaper publisher, died here today of heart failure. He was 70 years of age and brother of John M. Thayer of the superior court and former Mayor Charles E. Thayer of this city. At one time he published the Hotel Mail in New York city.

SENATOR LODGE

Continued

States, but I believe that during the past year the present position of the United States in its foreign relations has become very apparent to him, as it has to other responsible and reflecting men, and with this appreciation of our present position has come the earnest wish to rectify some of our steps, at least, and to regain, so far as possible, the high plane which we formerly occupied. It would be an obvious impropriety to point out the specific causes of our present relations with the various nations, both in the old world and the new; it is enough to note the fact that we are regarded by other nations with distrust and in some cases with dislike. Rightly or wrongly, they have come to believe that we are not to be trusted; that we make our international relations the sport of politics and treat them as if they were in no wise different from questions of domestic legislation. This has not been in accord with our history or our position.

Abrogated Treaty But Once
Only once have we abrogated a treaty, and then actual if not declared war existed. We have scrupulously observed our international agreements, and where differences have arisen we have settled them not with the high hand of power but by negotiation and arbitration.

"I suppose that at this moment in the midst of the ardently stimulated passions raised against the president's recommendation that we should repeal the tariff exemption it will be thought very poor spirited and even truckling—I believe that is the accepted word—to suggest that in deciding this question we should take into consideration the opinions of other nations. Nevertheless, I consider this a very important element in any decision which I may reach, and I am encouraged to believe that I am right in so thinking, because I have the warrant and authority of the author of the Declaration of Independence. When Jefferson framed that great instrument he declared that the impelling reason for making the declaration was 'a decent respect to the opinions of mankind.'"

The Merest Hypocrisy
"The long delay in the ratification by the senate of the treaties renewing the

arbitration treaties of 1908 produced a widespread feeling among other nations that our championship of the principle of arbitration and our loud boasts of our devotion to the cause of peace were the merest hypocrisy; because we seemed ready to abandon the cause of arbitration when it looked as if our treaties might bring us to the arbitration of questions which we did not desire to have decided by an impartial tribunal. The president renewed the arbitration treaties, and finally, after a delay which, as I have said, aroused unpleasant suspicions, those which have been sent to the senate have been ratified. This was the president's first step, as I looked at it, in his effort to restore the influence and reputation of the United States, which he had found to be impaired. The second step is his recommendation of the repeal of the tariff-exemption clause of the canal act.

"The outcry about exhibiting subservility to Great Britain or to other countries because we see fit to repeal the tolls seems to me hardly worthy of serious consideration. The United States is altogether too great and too powerful to be subservient to any one, and the mere fact of suggesting it seems to me to indicate an uneasy suspicion on the part of those from whom it emanates not only of the validity of their position but of the power and greatness of their own country, as to which, for one, am troubled by no doubts.

Murder of 150 Americans
"As I have listened to some recent stirring declarations of our utter fearlessness of our readiness to face a world in arms, in defense of toll exemption, about which noble cause no country would think of fighting, there have been moments when I have marvelled as I thought of the coolness and indifference with which we have contemplated the murder of more than a hundred and fifty Americans not many miles from our own borders. The violated rights, the unavenged, the almost unnoticed deaths of those innocent people have seemed to make heroes out of canal tolls, where there is no part to any one, peculiarly out of place."

In opening his address Senator Lodge rehearsed the history of the canal negotiations previous to "the blunder of the Clayton-Bulwer treaty" which he said had committed the United States to obligation in regard to future treaties. He told of the various steps

by which the Hay-Pauncefote treaty had been reached and of the later adoption of the exemption clause in the regulations.

"I am of opinion," he said, "that under the terms of the treaty we have a legal right to exempt our own vessels no matter what trade they are engaged in. In my view, if we admit that we have not the legal right to exempt from tolls vessels engaged in foreign trade, we have no right to exempt or refuse to collect tolls from vessels of the United States engaged in any trade. I think, however, that we have the legal right to exempt or refuse to collect tolls from all vessels of the United States."

Treaty Negotiations
After reciting his own connection with the treaty negotiations, Senator Lodge continued:

"I took the view then that under the terms of the treaty of November 18, 1901, the United States was at liberty to exempt its own vessels of commerce from the payment of tolls if it saw fit to do so, and I voted against the barred amendment, which made this right explicit, because I thought it needless.

"It is clear, that the United States has rightfully, and in accordance with the terms of the treaty, built the canal through territory which is its own for canal purposes, although the ultimate sovereignty remains with the Republic of Panama, and the treaty accords to the United States all rights incident to building the canal. It is also clear that in undertaking the canal on these terms the United States did so with the purpose of excluding all foreign control beyond the stipulation to preserve the 'general principle of neutralization and for equality of terms to all users of the canal.'"

Can't Free and Open
"Those who deny the right of the United States to exempt its own vessels rest their case on the language of article 3, which declares that—

"The canal shall be free and open to the vessels of commerce and of war of all nations observing these rules, on terms of entire equality;—and more particularly upon the proposition that the words 'all nations' must include the United States. I freely admit that this is a fairly arguable point, but it does not seem to me that the words 'all nations' in this connection necessarily include the United States."

We Give S. & H. Green STAMPS

How About Your Easter Hat?

Are you thinking of buying one? If you are, don't forget that ours is the place where you can buy it for as little money as it can be had at any place in town. In fact our prices are so low that it isn't rare to hear a customer ask us, in surprise: "How can you do it, when others are charging such BIG PRICES?" Our answer is, small expenses make it.

Don't fail to come and see our \$1.98 and \$2.98 HATS that others are charging \$3.50 and \$4.50 for.

VETERANS PRAISE WILSON

G. A. R. Men Laud President for Mexican Policy—Lowell Man Elected by Sons of Veterans

BOSTON, April 9.—President Wilson's Mexican policy of "watchful waiting" received the unanimous approval and endorsement yesterday of 500 members of the department of Massachusetts, Grand Army of the Republic.

Gathered in Ford hall at a banquet marking the close of their 47th annual encampment the veterans made known their sympathy with the administration's attitude by spontaneous and vociferous applause when it was praised and commended in an address by State Auditor Frank A. Pope of Leominster.

"Thank God," cried Mr. Pope, "that we have a president in Washington who believes in a policy of 'watchful waiting' rather than one to precipitate a war."

Rounds of Applause
For a full half minute after this declaration the speaker's voice was lost in the noise of stamping feet, and enthusiastic clapping of hands and cheering.

The state auditor also took occasion in his address to eulogize the Industrial Workers of the World, and especially one of the organization's leaders, Arturo Giovannitti, who, with Elder, was acquitted on a charge of murder growing out of the Lawrence strike. Giovannitti and such men, said Mr. Pope, sought to undermine the greatest asset of the nation and the one thing upon which its past success had been built and upon which its future depended—patriotism. This declaration, too, evoked a storm of applause.

Notable Banquet
Yesterday's banquet in many ways was the most notable ever held by the Massachusetts Department G. A. R.

Besides Mr. Pope, the guests of honor and speakers were Gov. Walsh, Gardner Washington, national commander-in-chief of the G. A. R.; John E. Gilman, past national commander-in-chief, representing Mayor Curley; the Rev. Robert E. Horton, chaplain of the state senate; Commander-in-Chief Sculler of the Sons of Veterans, and John M. Woods, newly elected commander of the Massachusetts department.

All vie with each other in their praise of the G. A. R. and in extolling the power of its great influence on the country today. Then, in between the addresses, the old time songs of '61 were sung by an impromptu chorus organized under the direction of Commander A. A. Carleton of Melrose, and more than once the quivering voices of the old soldiers filled the hall eyes dimmed with tears and the cheeks evoked by the patriotic airs came from throats, choked and husky with emotion.

One Much to Webster
The real oration of the dinner was given by Commander-in-Chief, Gardner, More and more, he said, the country was showing its appreciation of the results of the war. He declared

LOWELL MATTERS

Continued

uous one. The fight for Mr. Pearson, will be led by Representative Victor E. Jewett of this city, Representative Ralph M. Smith of Somerville and Representative Arthur S. Newhall of Stoneham. Representative Smith is in the militia at the present time and Representative Newhall is a Spanish war veteran. He is also house chairman of the committee on military affairs, a firm believer in the five-year tenure for adjutant-general and a staunch friend and admirer of the present adjutant-general.

Pension Lowell City Laborers

Between 50 and 60 laborers having to do with pensions and including the bill to pension employees of the city of Lowell are before the committee on social welfare and a plan is being thought out for the systematization or standardization of pensions along a contributory basis, the legislature, as a whole, believing that the pension business is being overworked.

The bill relating to pensioning certain employees of the city of Lowell was introduced by Representative Dennis A. Murphy and reads as follows:
Section 1. An employee of the city of Lowell who has reached the age of 60 years, and has been in such employment for a period of not less than 20 years and has become physically or mentally incapacitated for labor, and any employee of the said city who has been in such employment for a period of not less than 15 years, and has become physically or mentally incapacitated for labor by reason of any injury received or illness incurred in the performance of his duties for the city, may at his request, with the approval of the mayor and the board of aldermen, be retired from service, and if so retired, he shall receive from the city for the remainder of his life an annual pension equal to one-half of the annual compensation which he should have received had he worked full time during the year ending on the date of his application for said pension. Any employee of the said city, who has reached the age of 60 years and has been in such employment for a period of not less than 20 years, shall be retired from service and shall receive from the city an annual pension computed in the manner hereinbefore set forth.

Section 2. This act shall not apply to members of the police or fire departments of the said city.

Section 3. This act shall be submitted to the voters of the city of Lowell at the city election in the current year and shall take effect upon its acceptance by a majority of the voters voting thereon.

Assistant Probation Officer

The bill calling for an assistant probation officer and more clerical assistance in the Lowell court is still hanging fire at the state house and it was stated today that the legislature will frame a statewide bill covering this matter as the number of bills of a like nature coming in from various cities and towns are too numerous for comfort.

State Tax Increasing

There are a number of small items being held up by the committee on ways and means for further consideration as the disposition of money, the root of all evil, is at the bottom of the holdup. The legislature up to the last of March, 1914, had appropriated as much money as was appropriated during the entire year of 1913, and this simply means a big increase in the state tax.

The state tax last year amounted to \$5,000,000 and at the present time it is estimated at \$9,000,000. It is expected that the state tax will reach and probably exceed \$10,000,000 before the end of the year, and that's going some. The committee on ways and means realizes this and is attempting to put on the brakes. Quite a number of the minor bills being held up by this committee are of interest to Lowell.

Lieutenant Governor's Kiosk

Lieutenant Governor Barry charges the members of the legislative recess committee on tuberculosis with all kinds of improper expenditures and a Lowell man, Rep. Victor E. Jewett, if he had anything to say relative to Mr. Barry's graft charges, Mr. Jewett said: "So far as expense bills are concerned I cannot speak for the committee as a whole. I can speak only for myself and the only expense bill submitted by me was for car fare between this city and Boston. I do not think that the lieutenant governor or anybody else can very well criticize my bill."

ST. PETER'S ORPHANAGE

The good sisters of St. Peter's send out the following reminder to their friends on the occasion of the Easter festival: The children of St. Peter's orphanage would be pleased and grateful to be remembered Easter by their friends and benefactors. Their new and larger home on Stevens street necessarily calls for larger funds and supplies. Provisions, articles of clothing, and money are always accepted. We express our sincere thanks for past favors.

Respectfully yours,
The Sisters of Charity.

RAILROAD IS COMPLETED

FIRST TRAIN WENT OVER THE GRAND TRUNK PACIFIC TRANS-CONTINENTAL R. R. TODAY.

NECHAGO RIVER CROSSING, B. C., April 9.—The last spike linking up the main line of the Grand Trunk Pacific trans-continental railroad was driven early today one mile and a half east of this point.

Shortly after, the first train, having on board Merley Donaldson, vice president of the road and a party of officials continued its journey to Prince Rupert, the western terminal of the line.

All the newest fads in Easter neckwear for women and misses at The Gilbride Co.

The Real Cause of Most Bad Complexions

It is a stern fact that no truly beautiful complexion ever came out of jars of cosmetics. The cause of the complexion is the skin. To be healthy, must breathe. It also must expel through the pores. Creams and powders clog the pores, interfering both with elimination and breathing. If more women understood this, there would be fewer complexion troubles. If they would use ordinary mercolated wax instead of cosmetics, they would have natural healthy complexions. This remarkable substance actually absorbs a bad skin, also unclogging the pores. Result: the fresher, younger underlain complexion is permitted to show itself. An exquisite new complexion gradually peeps out, one free from any appearance of artificiality. Get an ounce of mercolated wax at your druggist's and try it. Apply nightly like cold cream, for a week or so, washing it off mornings.

To eradicate wrinkles, here's a marvellously effective treatment which also tones naturally and harmlessly: Dissolve 1 oz. powdered exaltol in 1/2 pint witch hazel and use as a wash lotion.

STEAMERS ARRIVE

NEW YORK, April 9.—Arrived steamers Oceanic, Southampton; Ryndam, Rotterdam.

BIG STRIKE IMMINENT

SYNDICALISTS PLAN GENERAL WALKOUT UNLESS INCREASE IS GRANTED ALL WORKERS

LONDON, April 9.—The syndicalists are taking measures to bring about a general strike in the autumn, according to the Standard, in order to procure an advance of five shillings (\$1.20) in the weekly wage of all workers.

So far, however, many of the responsible leaders of the trade unions oppose the idea.

The new waists for Easter shown at Gilbride's deserve your inspection.

FOR FEDERAL POST

HUGH D. McLELLAN OF LEXINGTON BOUND FOR U. S. DISTRICT ATTORNEY OF BOSTON

BOSTON, April 9.—Attorney Hugh D. McLellan of Lexington, senior member of the firm of McLellan, Carney & Brickley at 14 Milk street, is reported in legal circles as the next United States district attorney at Boston.

His name has been presented to Attorney-General McKeenholds for appointment, with the intorsement of prominent members of the bench and bar in Massachusetts. It is expected that his name will be sent to the president for appointment today.

Mr. McLellan is 37 years old, and is appointed to be one of the youngest men to hold the position of United States district attorney at Boston. He is a graduate of Colby college, '95, and of the Columbia law school, New York, '92. Immediately on graduating from Columbia he was admitted to practice at the Massachusetts bar. He became associated with Samuel C. Bennett, formerly dean of the Boston University law school, and then organized the present firm, with which he has been associated for a number of years as senior member.

Novelties in suits for Easter can be had at The Gilbride Co's Store.

AMUSEMENT NOTES

LOWELL OPERA HOUSE

If you like good wholesome excitement, snappy acting and beautiful photography, by all means see "Tilus the Detective" at the Lowell Opera House today. This striking production combines unusual scenic effects with a subtle plot—intricate, yet easy to follow. The story is the tale of a detective who risks his life to run to earth the clever thieves who have robbed Mrs. Tarsova of her jewels, are scenes of the most realistic nature. The climax in the third part where the detective jumps from his aeroplane, and captures Tilus, the fingerleader of the bandits, is a startling scene in the history of the theatre.

There are numerous scenes of unique character introduced throughout the production that are absolutely new to the stage. The production is most convincing and contributes largely to the success of this photo-play.

"PEG O' MY HEART"

"Peg O' My Heart," the most delightful comedy the American stage has known, is now playing at the Lowell Opera House. This is the J. Hartley Matinee play in which Miss Maudie is the star. The production is a most convincing and contributes largely to the success of this photo-play.

THE DALLIES, Ore., April 9.—Seven men were killed outright, one is dying and a half dozen others were injured on the Dallis-Cello government canal works near Big Eddy yesterday, when a heavy charge of dynamite that had missed fire was struck by a steam shovel.

Engineer Kindler, who was working the shovel that struck the dynamite, was blown into the cogs of his machinery and ground to death. It was thought at first that only three men had been killed, but soon after it was discovered that four more were buried beneath tons of rock. Workmen at once began digging for their bodies.

CONG. PETERS HITS WILSON

Attacks President's Mexican and Panama Canal Tolls Policies at G. O. P. Convention

AUGUSTA, Me., April 9.—Nearly one thousand delegates were assembled in city hall this morning when the republican state convention was opened. The convention was called to order by Col. Frederick Parkhurst of Bangor, the chairman of the state committee. Congressman John A. Peters' address delivered upon assuming the chairmanship occupied the attention of the delegates for more than an hour.

CONG. PETERS' ADDRESS

AUGUSTA, Me., April 9.—An attack on President Wilson's Mexican and Panama canal tolls policies was made by Congressman John A. Peters of this state in his address as presiding officer of the republican state convention today. "I have great admiration and respect for President Wilson," said Mr. Peters. "But no one but the blindest partisan or one who has given the matter no thought can have the slightest respect for the foreign policy of his administration, especially in Mexico. Indeed, it cannot be properly called a policy at all because it is unintelligible and aimless."

He declared that by refusing to recognize Huerta, the president lost his greatest opportunity to establish some kind of order in Mexico and save thousands of lives and countless treasure. "During this watchful waiting process of the administration," Mr. Peters continued, "lives and property of our own and other citizens are being destroyed. England and other countries have acted with extraordinary forbearance but the limit must be reached sometime. The Mexican policy of the administration has excited the surprise and contempt of European countries."

"It looks in Washington as if England had our administration in a hole. Apparently she has taken advantage of the situation and said to the president: 'I have your congress reverse its action in giving your coastwise vessels a right to go through the Panama canal free and we will keep out of Mexico.'"

"To repeal the free tolls law under the present circumstances admits that we had not the right to pass it. It changes the whole result of the stupendous work, smashes the Monroe doctrine and will change the history of this country."

Speaking of state issues, Mr. Peters urged the convention to declare itself against resubmission to the people of the prohibition amendment to the state constitution.

\$3,299,000 FOR CHICAGO KILLED UNDER WHEELS

CITY WILL GET THAT AMOUNT FROM NET EARNINGS OF THE SURFACE STREET RAILROADS

CHICAGO, April 9.—The city of Chicago will receive \$3,299,000 as its share of the net earnings last year of the surface street railroads, according to the annual reports of the companies made here today. Under the terms of a franchise granted the surface lines some eight years ago the city receives 55 per cent of the net earnings. The traction fund which has accumulated since the franchise became effective and which is now in the city treasury amounts to about \$14,000,000.

LOTS OF WHITE PERCH

WASHINGTON, April 9.—Representative Rogers called on Commissioner Hugh M. Smith of the bureau of fisheries and presented a request from the Lowell Fish and Game Association that takes in the vicinity of that city be stocked with white perch. Mr. Smith said the request came at an opportune time, as the bureau is taking spawn from the Susquehanna river, and that the lakes would be stocked very soon.

DISCUSS BILL TO CLOSE SALOONS ON GOOD FRIDAY

PROVIDENCE, April 9.—A largely attended meeting of retail liquor dealers of the state was held yesterday afternoon to discuss the Good Friday closing bill, now before the legislature. The sentiment of the dealers was divided, many believing it would be advisable to close on Good Friday if another bill before the legislature to allow all saloons to open Labor day had any chance of passing.

An attempt to block the passage of the Good Friday bill was frustrated yesterday afternoon by Gov. Pothier. This morning the senate committee on special legislation will report the bill, with recommendation of passage in concurrence, and it will probably pass. The committee on engrossed acts will report at once, and the governor will sign the bill so that it will be operative Friday.

GIRL WIFE ENDS HER LIFE

TOOK BICHLORIDE OF MERCURY AFTER A QUARREL WITH HER HUSBAND

BOSTON, April 9.—Mrs. Catherine Rollins, aged 47, who swallowed bichloride of mercury tablets with suicidal intent 10 days ago, died at the Lynn hospital yesterday with a prayer on her lips that her husband, Harry Rollins, be forgiven for the wrong he had done her.

Four months after their elopement and secret wedding at Kittery, Me., two years ago, Mrs. Rollins left her husband because of alleged habits of intoxication and returned to the home of her parents, Mr. and Mrs. Henry J. Leary of 11 Vermont street, Lynn.

After subsequent attempts at new housekeeping, Rollins was arraigned in the Lynn court on the charge of non-support, and was ordered to pay \$8 a week for the support of his wife.

In March, 1913, Rollins disappeared and no word was received from him until his obituary with an account of his funeral in New York appeared in the papers. Mrs. Rollins and her parents became convinced of his death which was put on the records by the clerk of courts.

Three weeks ago Rollins appeared in Lynn. He learned that he was the father of a boy now 10 months old, and Mrs. Rollins provided upon the court to give her husband one more chance after his arrest on a rapist.

Ten days ago Rollins began to drink again to excess, and following another quarrel said to be due to his treatment of her, Mrs. Rollins took poison in the presence of her husband and several others. Her recovery was expected until a few hours before her death.

Rollins was arrested for violating his probation the day after his wife swallowed the tablets, and is serving a sentence of two months in the house of correction at the present time.

LOWELL MEN

Will Attend Convention in Amesbury on Sunday, May 3

The quarterly meeting of District Council No. 4, Union St. Jean Baptiste d'Amrique will be held in Amesbury, on Sunday, May 3. The affair will be under the auspices of St. Jean Baptiste council of that city and an elaborate program is being prepared for the occasion.

The delegates will include representatives from councils in various cities of the state, who will attend a solemn high mass at the Sacred Heart church, where a special sermon will be delivered by the pastor. At the conclusion of the church service a dinner will be tendered the delegates and in the afternoon a business meeting will be held, the meeting to be opened by Joseph P. Montminy of this city, substitute to the president general.

The local delegates to attend the meeting will be Hector McDonald, J. N. Jacques, council; Joseph Lussier, Havel, council; Joseph Carrier, Carleton, council; Mrs. Morier, St. Theres council; Pierre A. Brousseau, Barreille, council. Other delegates will represent councils from the following places: Lawrence, Lynn, Amesbury, Newburyport, Haverhill, Danvers and Ipswich.

WAR ON 'QUACKS'

Declared by Women's
Municipal League of
Boston

BOSTON, April 9.—The Women's Municipal League of Boston yesterday declared war upon "quack doctors."

Their attack will be against false patent medicines, alleged cures and unscrupulous medical practitioners. They also received a report that the air in the state house was dangerous to life.

In charge of the campaign against crooked practice among doctors is the "committee on quackery," comprising the following: Mrs. Milton J. Rosenau, chairman, 45 Naples road, Brookline; Mrs. H. H. Remis, Chestnut Hill; Mrs. Mary Mills, 257 Beacon street, and Mrs. Andrew J. Webster, The Puritan, Boston.

Mrs. William Lowell Putnam and Mrs. Reid Hunt, members of a sub-committee, have been making an intensive study of one alleged quack doctor, and are hopeful of bringing the courts to act against him. They refused to divulge the particulars of that case.

The meeting yesterday was called for the reading of committee reports and the election of officers. The following were elected: President, Mrs. T. J. Hewitt; first vice president, Mrs. J. Randolph Coughlin, Jr.; second vice president, Mrs. Henry Pratt McKean; third vice president, Mrs. Bayard Thayer; secretary, Mrs. Sumner H. Pearmain; chairman of the advisory committee on finance, Mrs. Henry Parkman; directors at large, Mrs. Geo. T. Rice and Mrs. Henry Tudor.

Tenements Unit
The housing committee reported

that women and children in Boston, particularly in the North and West Ends, are living in untidy tenements, where there is no sunlight; lamps being lighted during the day.

An effort is being made by the women to push through house bill 1972, dealing with the conditions found by the committee. The house committee has already reported favorably upon the bill.

The report of the committee on public buildings and conveyances said that "the improvement of the air in the state house seems a hopeless task until the new wing is built, when it is promised that committee meetings may be attended without the present immediate danger of asphyxiation."

The air in the public library, particularly in Bates hall, the children's room and the periodical department, was "found to be comparatively free of bacteria and yet it has a marked odor of an oppressive quality, probably from the binders, paper and glue of the books." That statement was based upon an investigation made by Prof. Phelps of M. I. T.

The executive committee was granted the privilege of increasing its membership from 12 to not more than 15 persons, and the board of directors from 10 to not more than 8.

TRUANT OFFICER DEAD

James R. McGowan of Lawrence Victim of Heart Disease—On Beard Thirty-two Years Ago

LAWRENCE, April 9.—James R. McGowan, truant officer of the public schools nearly 32 years, was taken ill while on his way to the headquarters of the school department in the High school building yesterday morning and died on the way to his home, 14 Berkeley street. Heart trouble is believed to have been the cause.

He was born in Ireland and became truant officer Sept. 1, 1882. He was a member of Lawrence council, R. A., and the New England Truant Officers' association. He leaves a wife and four daughters, two of whom are teachers in the public schools.

FOUR GUNMEN WILL GO TO ELECTRIC CHAIR, APRIL 13

ALBANY, April 9.—Governor Glynn has denied the application of the four gunmen in the Becker case for a commutation of sentence of death or for a reprieve. The men—Frank Christel ("Dago Frank"), Louis Rosenberg ("Lefty Louis"), Harry Horowitz ("Gyp the Blood") and Jacob Seidenshner

("Whitey Lewis")—will go to the electric chair in Sing Sing prison at sunrise on Monday, April 13. When the court of appeals passed upon the judgment of the court imposing the sentence the date originally fixed for their execution had passed. Therefore it became incumbent upon the court of appeals to set a new date of execution, and it named the week beginning April 13. The only avenue of hope then left open to the four condemned men was executive clemency, and the governor was appealed to. At first he was inclined to grant a reprieve, but after asking for advice from prominent criminal lawyers he took up the reading of the testimony given at their trial, and from that time a decided change was noticed in his attitude. Frank is twenty-eight, Gyp twenty-five, Louis will be twenty-three this month, and Whitey is twenty-six. The crime for which they are to be punished was the shooting of Herman Rosenthal at 2 o'clock in the morning of July 16, 1912, at the front door of the Hotel Metropole, on Forty-third street, a scant hundred feet off brilliantly lighted Broadway. District Attorney Charles S. Whitman proved that the four had been engaged by Jack Rose, Bridge Weber and Harry Vallon to kill Rosenthal before he could get to the district attorney that morning and "equal" on Lieutenant Becker, who was accused of grafting and extortion. The three turned state's evidence, and it was on their testimony that the four were convicted and that Becker was found guilty of having instigated the crime. District Attorney Whitman's quick action in the case is believed to have been responsible for the conviction of the four gun men and Lieutenant Becker. He took personal charge of the case before sunrise a few minutes after the murder occurred, and in spite of the opposition and poor memories of various members of the metropolitan police he carried the case through to a successful conclusion. The men were tried before and sentenced by Judge Goff. The arrow in the accompanying prison picture indicates the death house at Sing Sing.

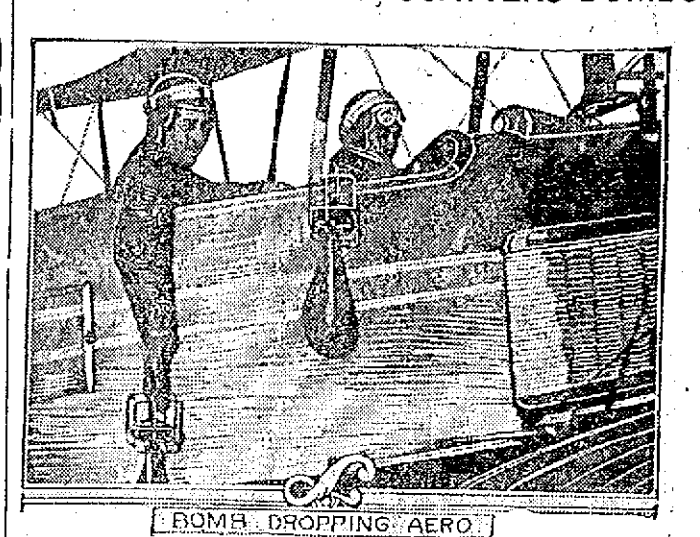

REPORT ONE WILL CONFESS
NEW YORK, April 9.—There were persistent rumors today to the effect that at least one of the four gunmen who are to die at Sing Sing Monday morning for the part they played in the murder of Herman Rosenthal, the gambler, would confess. The rumors could not be traced to their source.

Joseph A. Shay, counsel for Charles Becker, the former police lieutenant convicted for instigating the murder but saved by higher court ruling, said he might go to the prison some time today and endeavor to get statements from the four men to be used by the

defense at the second trial of Becker. Although Gov. Glynn has twice refused to grant a reprieve, the families of the gunmen and their counsel, Charles G. Wahl, had not given up all hope today. Every means known to the law will be employed from now until Monday, Wahl declared. The rumors regarding the expected confession had it that the one gunman most likely to talk was "Gyp the Blood" Horowitz.

LATEST AID FOR MEXICAN REBELS; AEROPLANE THAT SCATTERS BOMBS

JUAREZ, April 9.—What is expected to be a powerful aid to the rebel army in its southward advance through Mexico toward the capital is a fleet of aeroplanes built for bomb dropping purposes. Both Carranza and Villa place great faith in these deadly machines. They are a product of the Moisant company, and one has already been delivered here. Six others are being constructed. The illustration shows a bomb dropping aeroplane ready for active service.

HEIRESS TO \$250,000

MRS. WELLES, NIECE OF CALIFORNIA FORTY-NINER, LOCATED IN BOSTON

BOSTON, April 9.—Mrs. Elizabeth Welles of 239 Huntington avenue yesterday received word from San Francisco that she is the heiress of an estate valued at \$250,000.

For two years, she declares, Rush & Smith, San Francisco attorneys, have been searching for heirs of Charles W. Raymond of that city, a forty-niner, who went there from the east. Raymond, who died in 1912, was known to have once lived in Augusta, Me. He had one sister, Elizabeth Raymond. His parents had died. Detectives were put to work and learned that the sister had married a man named Bruce and removed to Boston. Following the trail to this city, the sleuths learned that Mrs. Bruce had died, leaving one daughter, Elizabeth. She was the only child. The daughter had married a man named Welles, who had also died. Mrs. Welles was located at 239 Huntington avenue.

"I was very much surprised," she said yesterday. "I knew that I had an uncle named Charlie, as mother used to receive letters from him. But they ceased years ago and I never knew where he was after that. There is so much litigation about such things that I suppose other heirs will crop up," she continued. "But I do not see where anyone else can claim a share. Uncle Charlie never married, and as my mother was his only sister

there are no cousins to make claim to the property. I expect to go to the coast any day, now. I am awaiting word from the attorneys there. The estate comprises real estate in California and in New York, securities, principally government bonds, and cash. I am very happy."

CHENEY OUT IN HARTFORD

HARTFORD, Conn., April 9.—Although on the face of the returns of the biennial mayoralty election Tuesday, Mayor Louis R. Cheney, republican, was returned to office by 64 votes, the moderator of the adjourned city meeting late last night declared Jos. H. Lawler, democrat, elected by an arbitrary plurality of 35 votes. This action was taken because of the democratic contention that one of the voting machines in the fourth ward failed to register 120 democratic votes.

The machine was opened during the day and it was found that the cog connecting with the Lawler counter was out of order, preventing it from recording the vote. After the meeting City Clerk Smith issued, on his own volition, a certificate of election to Mayor Cheney. Mr. Cheney refused to accept the certificate and sent in his resignation to take effect at once. He says that while it is apparent he was elected, on the face of the returns, "it will be intolerable for me to serve as mayor with the consciousness that my election may have resulted from a failure of the voting machinery to record the will of the people."

WANTED--BOYS

Wanted half dozen strong boys to help unload several carloads of new Wall Papers; must be over 18 years old. Apply to L. R. Wilson, Mgr., 8 to 12 mornings.

United Wall Paper Stores of Am.

Temporary Location, Lowell 5c Savings Bank Building.

WILL YOU PLEASE STAY IN THE MIDDLE OF THE STREET?

HELP!

NOT SO FAST BILL, THIS IS MY FIRST TRIP IN A TAXI!!

THAT'S NOTHING, THIS IS MY FIRST TRIP TOO!

EXCUSE ME!

defense at the second trial of Becker. Although Gov. Glynn has twice refused to grant a reprieve, the families of the gunmen and their counsel, Charles G. Wahl, had not given up all hope today. Every means known to the law will be employed from now until Monday, Wahl declared. The rumors regarding the expected confession had it that the one gunman most likely to talk was "Gyp the Blood" Horowitz.

A LITTLE NONSENSE

MEAN OF MAUD.

Fred stole a kiss from Ruth last night and she cried.

What for—more?

NOW-A-DAYS.

"Do you believe that two can live as cheaply as one?"

"Not unless one of the two is a vegetarian."

BLISSFUL SHIPWRECK.

"A kiss often leads to marriage."

"Yes, many a courtship has been wrecked on the coral reefs."

SURE IS.

Is your new maid particular with her work?

Yes, indeed. She breaks nothing but the best china.

FOR A NEW SET.

"Does Marie like her new dentist?"

"Well, he certainly made an impression on her."

DOMESTIC BLISS.

Wife (pouting) — You never let me goodbye any more.

Hubby — Well, I can assure you, my dear, it isn't because I don't want to.

DOWAGER EMPRESS OF JAPAN DIED SUDDENLY

Haruko, Mother of Present Emperor, Passed Away at Imperial Villa, at Namazu, Today—Was 64 Years Old

TOKYO, Japan, April 8.—The dowager empress Haruko died at the Imperial Villa at Namazu today.

Following the usual custom in the case of the death of a member of the Imperial family, the official announcement of the death will not be made until the body has been transferred to the capital, which is expected to take place tomorrow.

Her majesty passed away suddenly in the presence of Emperor Yoshihito, the empress and the other members of the royal family who had been summoned from the capital. The Imperial patient had developed depressive symptoms. She displayed increased vigor and asked for food. A short time afterward she lapsed into unconsciousness.

The doctors in attendance applied restoratives but without avail and she died without recovering sensibility.

Her majesty had been suffering for a considerable period from angina pectoris but the official diagnosis declared the direct cause of her death to be Bright's disease.

Was 64 Years Old

The late dowager empress Haruko of Japan was the widow of Emperor Mutsuhito, who died on July 30, 1912.

Her Imperial majesty was born on May 25, 1850. She was a daughter of a nobleman, Ichijo Tadato. In 1869 she was married to the late emperor and was declared empress.

Haruko, by the side of her husband, passed through the troubled period of the transformation of Japan at the beginning of Mutsuhito's reign. She saw him transfer his capital from Kyoto to Yedo, which was later renamed Tokyo. She watched with curious interest the opening of the country to foreign commerce, its departure from old world customs and adoption of western civilization. She awaited in the Imperial palace news of the Japanese armies at war, first with China and then with Russia, and even in fact the complete evolution of Japan into a world power.

Haruko was simple in her tastes. She presided over court functions with dignity, on most occasions wearing western dress, especially when she came into contact with Europeans or Americans.

MASSACHUSETTS ROADS

Chairman Sohler Says State Built 1,461.97 Miles During Last Twenty Years

BANGOR, Me., April 8.—William D. Sohler, chairman of the Massachusetts highway commission, was the chief speaker at the good roads convention which opened here yesterday. His address was on "Massachusetts Highways—Twenty Years' Work."

State highway 1,461.97 miles
Road in small towns 353.65
From motor vehicle fees, town roads 129.57
From special appropriations 28.59
Total 1,973.78

Speaking of the roads thus built, he said:

"The total expenditures for the construction of state highways up to this year were slightly over \$2,000,000, and the roads outstanding, because the counties repay 25 per cent, were under \$1,500,000. The small town roads had cost \$2,000,000. The total expenditure for the repair and maintenance of state highways from motor vehicle fees, about \$1,500,000; repair and maintenance from the state tax, \$1,762,000; making the total expenditures of the commission \$3,262,000 expended in 20 years. We have about 35 miles of gravel road, 345 miles of macadam, nearly three miles of concrete and about three-quarters of a mile of granite block.

"We have found it necessary to treat with some form of dust-layer and blinder, either a tar or an asphaltic compound, 57 miles of our gravel road and 790 miles of our macadam roads. We are building on the main routes almost entirely or bituminous macadam or concrete, because we find that water-bound macadam will not withstand a large amount of automobile travel.

For Automobile Use

Out of our 567 miles of state highway already constructed, therefore, \$44 have been either built or have been treated with some bituminous compound, so that they will withstand the automobile travel, and we have only a little over 100 miles of either gravel or macadam, and those entirely located in small country towns, which have

memory of my friend, John Reidy, whom I have known and highly regarded for over 30 years, ever since I came to St. Paul's as curate. I am sorry that the state of my health prevented me from singing the funeral mass as I should wish to have done for the deceased was a warm personal friend of mine and I deeply regret his demise. I am touched especially by the sad circumstances surrounding his death, which was undoubtedly hastened by that of his dear wife who was buried only a week ago. God, the consoler of the afflicted, will reward his servants for a life of faithfulness and devotion, and all sufferings are slight compared with the glory to follow.

John Reidy belonged to the old order of Irish gentlemen, a type that is fast disappearing from the community. Honest, respectable, God-fearing, kindly and sincere, he drew others to him by his fine qualities and he gave the example of a Christian life. There are only a few remaining like him, and it is with sadness blended with hope that I am here to officiate in the sad service which the church holds for her departed servants.

The bearers at the funeral were: Martin Conway of Billerica, and Michael Nowell, John Sullivan and Jeremiah Shea of Cambridge. Burial was beside his wife in St. Paul's cemetery, Arlington.

CONVICTS TO MAKE BRICKS

GOV. GLYNN SIGNS BILL APPROPRIATING \$75,000 FOR PURPOSE IN REFORMATORY

ALBANY, April 8.—Bricks for use in constructing highways in New York state will be made at the Elmira state reformatory as soon as buildings and apparatus are erected.

Governor Glynn today signed the bill appropriating \$75,000 for this purpose. The plan is the first step in the governor's recommendation to the legislature that convicts be employed in manufacturing road material.

John D. Carlisle, state commissioner of highways, expressed the opinion that the first state brickmaking plant would be in operation and brick roads completed before the summer is over.

LATE JOHN REIDY

Buried Yesterday Morning—Touching Tribute by Fr. Ryan

The funeral of the late John Reidy took place from his home, 43 Banks street, Cambridge, Wednesday morning, attended by his relatives and old time friends of Cambridge, where he had resided for 30 years, and by his nephews and other relatives of this city. Solemn high mass of requiem was celebrated at St. Paul's church, Cambridge, at 8 o'clock, the celebrant being Rev. John J. Ryan, permanent rector, assisted by Rev. Dennis J. O'Brien, D. D. of Lowell, as deacon, and Rev. Fr. Buckley, as sub-deacon. Fr. Ryan has been suffering from a severe cold, and he surprised the friends of St. Reidy by being present and still more so by an improvised tribute to the memory of the deceased which brought tears to the eyes of those present.

Immediately before the final absolution and as the choir was about to sing the impressive "De Profundis," Fr. Ryan turned around on the altar steps and spoke with evident feeling, as follows: "I came from a sick bed this morning to show my respect for the

RISE IN TEMPERATURE

IS PROMISED—FREEZING AND NEAR FREEZING TEMPERATURES IN SOUTHWEST

MEMPHIS, Tenn., April 9.—Freezing and near freezing temperatures were reported from western Arkansas, northern Mississippi and Oklahoma by the local weather bureau today. Indications are that much of the fruit and vegetables in exposed places have been killed. Today the sun is shining with promise of a decided rise in temperature.

PERISHED IN FURNACE

WOMAN SUES WICKWIRE STEEL CO. OF BUFFALO FOR DEATH OF HER SON

BUFFALO, April 9.—The Wickwire Steel Co. in answering the suit of Mrs. Susan Hargreaves in supreme court here for the alleged death of her son, who she claims was burned to death in a huge furnace after being shut in when he entered to make some adjustments. The company claims there is no evidence to show that the man is dead as his body has never been kept. The question which now confronts the jury is whether Hargreaves is alive or dead.

WOMAN OF 80 PERISHED

MRS. CATHERINE FLEMING OF BOSTON FOUND BY NEIGHBOR WITH CLOTHING IN FLAMES

BOSTON, April 9.—Mrs. Catherine Fleming, 59 years old, was so seriously burned in her home at 18 Parnell street, Roxbury, yesterday afternoon, that she died before she could be taken to the hospital.

Mrs. Fleming was very feeble and had been warned not to touch the fire, as a neighbor was in the habit of coming in to look after it while her daughter was absent. Yesterday her daughter left home about noon, and about 1:30 p. m. Caroline Duffley, a neighbor, came to see if everything was right, and found Mrs. Fleming asleep on a couch.

About 4:30 boys playing in the street in front of the house saw smoke pouring out of the front windows, and gave the alarm. Mrs. Duffley ran in and found Mrs. Fleming standing in a corner, her clothes and hair a mass of flames.

Mrs. Duffley seized a blanket from the bed in the room, and wrapping it about Mrs. Fleming, attempted to smother the flames, but the blanket caught fire. A fish peddler, attracted by the cries, helped Miss Duffley wrap the victim in a comforter and thus put out of the flames.

Meanwhile one of the boys had turned in an alarm. The firemen soon over the woman's body with a salv in an attempt to save her, but she was so badly burned that she died before the City hospital was reached.

FOR U. S. SENATOR

DES MOINES, Ia., April 9.—E. T. Meredith, a farm magazine publisher, today announced his candidacy on the democratic ticket for U. S. United States senate, to succeed Senator Albert Cummins, republican.

CASE OF DR. ALLEN VS. TEL. & TEL. CO.

Heard at Superior Court This Morning—The Doctor's Telephone Taken Out by Mistake, Said Manager Leathers

The trial of the case of Dr. Otis Allen vs. New England Telephone & Telegraph Co. was opened before Judge Sanderson and a jury at the local session of superior court about 10:30 o'clock this forenoon. The amount of the suit is \$5000. Lawyer Tierney appeared for the plaintiff and the defense was represented by Mr. Clarke of the office of Powers & Hall of Boston.

The case is one in which the plaintiff claims that while he had a contract with the N. E. Telephone & Telegraph Co. for telephone service at his residence, employees of the defendant company disconnected the service and refused to continue it for some time. The defense claims that if there ever was a contract between the two parties, the plaintiff failed to perform his obligations previous to the time that the phone was disconnected.

Dr. Otis Allen, the plaintiff, was the first witness called and he testified that he is a practicing dentist in Lowell with offices in The Sun building. In September, 1913, the time in question, his residence was on Gibson street, this city. His wife and two children were in Nantucket, said the witness, as one of the children was very ill. A contract dated March 14, 1911, between Dr. Allen and the telephone company was read by Lawyer Tierney. It stated that the company was to furnish telephone service to the defendant at his home on Gibson street until cancelled by either party—providing a 30 days' notice was given. The witness said that on the 11th day of September, 1913, he sent a check to the N. E. T. & T. Co., paying all his bills up to Sept. 1, 1913, and about a week or so later the telephone service was disconnected. Six days after it had been taken out it was reinstalled. At this point a question arose as to whether or not Dr. Allen had a right to use his residence telephone for business purposes. The doctor said that he often received emergency calls at his home while the phone was also used for social and private calls.

In answer to a question of Lawyer Clarke, the doctor said that from 5 to 12 per cent. of his business is done through the residence telephone. He testified that he did \$1700 worth of business monthly.

The doctor said that during the month of September, 1913, he received no notice that he was delinquent in the payment of his telephone bills. The bill which he paid in September, 1913, was for two months' service.

Dr. Allen stated that he now lives with a sister in this city and occasionally receives telephone calls there. Dr. Louis F. Beane, a dentist employed in the office of Dr. Allen, was called to the witness stand and testified that he attempted to call Dr. Allen at his house during the time the telephone was disconnected, but could not do so.

"In one particular case," said the witness, "a patient who required considerable dental work called at the office and asked for Dr. Allen personally. The work as I outlined it would have to cost about \$75 or \$80. The witness was unable to tell whether or not the doctor was at his home at that time, but the house telephone was not connected and he could not locate him.

Charles J. Leathers, manager of the local division of the N. E. T. & T. Co., was the next witness called and said that in this instance when Dr. Allen's phone was removed, there was some mistake.

"If Dr. Allen owed for telephone service for July and August, and if that bill was not paid about the first of September, what would be your proceedings?" asked Attorney Clarke.

"We would send him a notice informing him that we would remove the phone as that was the second month," said Mr. Leathers.

The witness said that, according to the records, a great many of these notices had been sent to Dr. Allen. He said that a rebate was granted to Dr. Allen for the time that his telephone was not in use. Lawyer Tierney argued that the plaintiff's case rested and as the defense did not produce any witnesses the arguments were begun and the case was given to the jury early this afternoon.

SAG IN GORHAM ST. NEAR SEWER JOB

Some Underground Trouble in Sewer or Water Main—New Law Relative to Misleading Advertisements is Quite Strict

There's street trouble brewing in Gorham street, and just how much trouble will develop, nobody knows. The street department is putting in a new sewer in Appleton street. There are three crews on the job and the work is being carried on day and night. The new sewer will enter the Gorham

street sewer at the manhole in Gorham street near Appleton street. Early this morning the night gang on the Appleton street sewer noticed that Gorham street was sagging in the vicinity of where they were working, the sag extending beyond the brick block occupied on the ground floor by

Brown's grocery store. The actual cause of the sag is not known, though it is thought that either the sewer or water pipes are leaking in that section. The men engaged in the sewer work cannot account for its occurrence at this time. They do not believe that the Appleton

SEN. LODGE SUPPORTS PRESIDENT WILSON

Strongest Speech Yet Delivered on Canal Tolls Controversy—Maintains Right of United States to Exempt its Ships, But Condemns Policy as Narrow and Internationally Unwise

WASHINGTON, April 9.—Senator Lodge, ranking republican member of the foreign relations committee, addressed the senate today in support of President Wilson's Panama canal tolls policy. He maintained vigorously the legal right of the United States to exempt its shipping, foreign as well as coastwise, from tolls, but declared that among the nations of the earth there is no decent respect to the opinions of mankind and the "distraught and in some cases dilapidated" with which the United States is regarded abroad, de-

manded prompt repeal of the exemption clause of the canal act. "Whether we shall insist upon giving to our ships two or three millions of dollars in a disguised way is, in my conception, a very small question compared to the larger issues which are here involved," said the senator. "When the year 1909 opened, the United States occupied a higher and stronger position among the nations of the earth than at any period in our history. Never before had we possessed such an influence in international affairs, and that influence had been used beneficently

and for the world's peace in two conspicuous instances—at Portsmouth and at Algiers. Never before had our relations with the various states of Central and South America been so good. It seemed as if the shadow of suspicion which, owing to our dominant and at times domineering power, had darkened and chilled our relations with the people of Latin America had at last been lifted. This great position and this commanding influence have been largely lost. I am not in the councils of the president of the United States.

Third Edition YEGGMAN TAKEN BY SPRINGFIELD POLICE

Proved to be One of the Gang Arrested in Lowell—Identified by Finger Print Record—Sent to Boston

The Springfield police took a man into custody on Monday and he was booked at the police station in that city on a charge of vagrancy. The fellow was very reticent and the police did not succeed in getting very much information from him concerning himself.

The finger print system was resorted to and the prints developed the fact that the man was none other than a member of the yegg gang arrested in this city in February, 1911. He was one of the yeggs rounded up in Appleton street at that time and the capture of the gang represented a very nice piece of police work.

The man in question, at the time of his arrest in this city gave the name of John Barry and by industrious search the Lowell police learned that he had been arrested under the name of Charles H. Chickens in Lynn, and that in Beverly when arrested for breaking and entering and larceny he used the alias, Frank McCarthy. He was arrested in Lynn for larceny and later as a tramp and was sentenced to the house of correction. From Beverly he was sent to the Massachusetts reformatory.

Finger Print Bureau
The finger prints taken by the

Springfield police, were sent to Roscoe C. Hill, chief of the bureau of finger print identification, at the state house, and upon finding that they agreed with the finger prints of John Barry, alias Charles H. Chickens, alias Frank McCarthy, supplied by the Lowell police at the time of the roundup of the yeggs here, Mr. Hill addressed a communication to Lowell's superintendent of police.

Supt. Welch gave so complete a history of the man's arrest here and of his past record that Mr. Hill tendered his heartiest congratulations to the Lowell police. Besides giving the facts concerning the prisoner's arrest in this city, Lynn and Beverly, Supt. Welch also forwarded information of the man's arrest in Ipswich in 1907. He was arrested there for vagrancy and was sentenced to six months in the house of correction. The next and last chapter in the life of Barry, alias Chickens, alias McCarthy, as supplied by Supt. Welch told of his arrest for breaking and entering a postoffice at Greenfield. The United States authorities had charge of the Greenfield case and the defendant was given an 18 months' jail sentence.

Barry will be arraigned in Springfield on Saturday and the police of that city will have his record down "pat."

NOMINATIONS BY WILSON

MASSACHUSETTS WAS NAMED SECOND SECRETARY TO EM-BASSY AT MEXICO CITY.

WASHINGTON, April 9.—President Wilson today made a large number of consular and diplomatic appointments, among them being the following: Second secretary of embassy at Mexico City, Warren D. Robbins of Massachusetts, now third secretary at Paris. Consul general at large, Ralph J. Totten of Tennessee; now consul at Montevideo.

Consul general, Joseph Britton of Ohio, now consul general at Cebu, transferred to Auckland, N. Z. G. H. Murphy of North Carolina, now consul general at large, transferred to Capetown.

GUilty OF MURDER
MORDEEN, Manitoba, April 9.—John Krafchenko today was found guilty of the murder of H. M. Arnold, manager of the bank of Montreal branch at Plum Coulee, Dec. 3. He robbed the bank of \$5000 and shot Arnold, who resisted.

NEW DAIRY COW RECORD

PETERBORO, N. H., April 9.—A new world's dairy cow record of 1059.55 pounds of butter fat in a year has been established by a Guernsey cow at the Cassett farm at Berwin, Pa., according to a statement today by William D. Caldwell, secretary of the Guernsey Cattle association. The former record of 1055 pounds was held by a Holstein cow owned by E. F. Field of Brockton, Mass.

The Cassett cow produced 19,639.5 pounds of milk during the year.

Mr. Caldwell claims that the record was certified by Pennsylvania and government inspectors.

TAFT AT AUGUSTA, GA.

FORMER PRESIDENT WILL BE SPEAKER AT DEDICATION OF BRIDGE TO MAJ. BUTT

AUGUSTA, Ga., April 9.—Pleased with the prospect of an extended vacation, former President Taft arrived here today for a stay he said might last several weeks. He was accompanied by Mrs. Taft. The ex-president will be one of the speakers Tuesday at the dedication of a bridge to Major Archie Butt, who lost his life on the Titanic.

TO LECTURE AT PRINCETON
PRINCETON, N. J., April 9.—Alfred Noyes, the English poet, was elected to the faculty of Princeton university by the board of trustees today, in the capacity of a visiting professor. He will lecture during the term of each year, the term being optional with Mr. Noyes. He will also be a lecturer in English before the senior class.

Div. 8, A. O. H.

Members who have not as yet procured tickets for the banquet which will be held on April 13, will do so now. April 13 tickets can be had from the committee or the financial secretary, THOMAS DORSEY.

18 YEARS IN SING SING

Ed. Mendell a Respected Steel Merchant in Newark by Day and Thug in N. Y. by Night

NEW YORK, April 9.—Edward Mendell, a respected iron and steel merchant in Newark by day and a thug in New York by night, was today sentenced to spend the next 18 years of his life in Sing Sing prison. Mendell, who in Newark was a member of many fraternal orders and clubs, lived Mrs. Pauline Koestel to an upper West Side freight yard in New York and there tore her diamond ear rings from her ears. He was captured as he was running away from the yard.

In court later three other women identified him as the man who had brutally assaulted and robbed them. Many letters and petitions from Newark clubs and associations came to the judge who sentenced Mendell. All these insisted some mistake had been made.

ON COTTON AND GRAIN

NEW ARRANGEMENT IN UNITED STATES INSPECTION BILL—ANTI-GAMBLING MEASURE

WASHINGTON, April 9.—A bill providing for federal grading and inspection of cotton and grain soon will be reported to the house by the committee on agriculture.

After action on this measure it is understood that the committee will report another bill prohibiting "gambling" on exchanges in cotton, grain and other products of the farm.

Announcement was made today by Chairman Lever of the house committee that hearings on the cotton bill will be begun before the committee on April 22 and will continue four days. On April 27 the committee will begin hearings on the grain grading bill.

It is understood that an agreement has been reached by the northern and southern members to combine the grain and cotton bills. They believe that an inspection bill covering both products would insure action at this session.

A cotton bill was passed by the senate last week. A bill providing for federal grading and inspection of grain is pending in the senate. It is believed that this measure will be passed within the next week or two.

In a statement made public today, Chairman Lever said the action of the New York cotton exchange in agreeing to change its contract so that in the future such trades would be based on government types of grades and not settled through commercial rather than fixed differences would not deter the committee from recommending legislation.

BIG FIRE AT BRIDGEPORT

ONE MAN PROBABLY FATALY INJURED IN BLAZE THAT DESTROYED BLOCK

BRIDGEPORT, Conn., April 9.—One man was possibly fatally injured in the burning of a three story frame business and dwelling block here today. The property loss is \$20,000. The injured man is Michael Bain, chauffeur for assistant Fire Chief Johnson. He fell from the second floor of the building to the cellar and is suffering from fractured ribs and internal injuries. The building was owned by Charles McElitz, whose drygoods store occupied the street floor.

MORE NEW BUILDINGS

The following building permits have been issued at the office of the superintendent of buildings at city hall since the last were published: At Agnes McCoy for a dwelling in Princeton street. The building will be 25 by 30 feet, two and one-half stories, 5 rooms, pantry and bath. The estimated cost is \$5000.

Maria N. and Maund J. Ayala for a stable in Chippewa street. The building will be one and one-half stories in height and the estimated cost is \$1500.

Albert Dragon has been granted a permit to change a building at 28 Fourth st. from a one to a 2-apartment house. The additions and alterations will include separate rear entrances and the estimated cost is \$500.

\$1428 VERDICT

For Nil Nilson Against the Bay State Street Railway Company

A verdict of \$1428 for the plaintiff was returned at superior court this afternoon in the case of Nil Nilson of Stoughton vs. Bay State St. Ry. Mr. Nilson claimed that while driving from his home to the public highway in Stoughton his wagon was struck by an electric car and he was thrown to the ground with such force that he was seriously injured. The amount of the writ was \$5000.

LONG POND STOCKED

Twelve large days of white perch reached Lowell yesterday and were distributed at Long Pond in Draught. The perch were supplied by the state upon requisition of the Lowell Fish and Game association. The perch averaged about eight inches in length.

CARE FOR SPANISH REFUGEES

EL PASO, Texas, April 9.—The Spanish refugees from Torreon today were all well cared for. They expressed themselves as reassured by General Carranza's statement that their property would not be confiscated.

If you want help at home, or in your business, try The Sun "Want" column.

WILL NOT CLOSE SALOONS

RHODE ISLAND SENATE THIS AFTERNOON DECLINED TO VOTE ON GOOD FRIDAY CLOSING BILL

PROVIDENCE, R. I., April 9.—The saloons of the state may remain open tomorrow, Good Friday, the senate this afternoon having declined to suspend its rules and vote on a Good Friday closing bill recently passed by the house. Gov. Fotherill was prepared to sign the act. The measure went on the senate calendar for next Wednesday.

JURY OF TEN MEN

But ten jurors were in the court room at superior court this afternoon when the case of the Electro Importing company vs. New York vs. W. C. Hinckley, a local electrician, was called and an agreement of counsel the case went to trial before a jury of ten men.

The Electro Importing Co. claim that Mr. Hinckley agreed to purchase a list of electrical supplies costing \$118.31 and that after the goods had been delivered to the defendant's place of business, the latter refused to pay for them. Mr. Hinckley claims that when the agreement was signed he was to have the exclusive sale of the company's goods in Lowell, but the company broke its agreement by selling to another party. Schwartz and Dearborn appear for the plaintiff and William D. Regan for the defendant.

LOWELL DRIVING CLUB

The Lowell Driving club will meet Monday evening, April 13, 1914, at 8 o'clock, at the club's headquarters in the Wamsit bank building, 417 Middlesex street, for the purpose of discussing the purchase of land for a driving park.

LEAVES ESTATE TO CHAUFFEUR

Widow's Will Give Valuable Property and \$13,000 to Employee

Cuts Off Relatives With \$50 Each—Bitter Contest Looked for

EAST KINGSTON, N. H., April 8.—The discovery that a year-old Mrs. Alice E. French, a widow, left practically her whole estate consisting of valuable real estate and \$13,000 in cash in the savings bank, to Althea Gagnon, her 24-year-old chauffeur, has stirred up this town.

Charles Dow of Newburyport, a brother of Mrs. French, and Joseph F. and Eva M. Lawrence, her half-brother and half-sister, who live here, all of whom were cut off in the will with \$50 each, have opened fight in the probate court, charging the chauffeur with exercising undue influence over his mistress during her last illness.

How the young chauffeur, who was originally hired for one day only from an Essex garage by Mrs. French, became her attendant in health, her nurse in illness, and finally her heir, was told Tuesday night by Judge Henry Stone of Essex, author of the "Road to a Real Boy," and member of the firm of Shute & Shute, which drew Mrs. French's will.

He said that young Gagnon was chosen by pure chance to respond to a hurry call to the garage from Mrs. French for someone to drive her car one afternoon. She decided to retain him in her service, and he was her chauffeur during the summer of 1912. During the next winter he came from his home in Fremont to take care of the French place here for a week.

Last spring Mrs. French was very ill and Gagnon returned to his duties regularly in March and took full charge of her comfort, acting as a nurse part of the time.

Mrs. French made her will in May, 1913. At that time she told Judge Stone, he said, that her relatives had not been near her during her illness, she said they had "gone back on her" even before her husband, Francis E. French, had died two years before.

Mrs. French's relatives claim they did visit her while she was sick and that she was constantly in a condition which rendered her incapable of properly executing a will.

MRS. EDDY BROWN FOUND

WOMAN WANTED IN SIEGEL CASE SAID TO BE IN NEW LONDON ON HONEYMOON

BOSTON, April 8.—Mrs. Diana E. Eddy Brown, better known as "Dolly," Eddy, of 35 Parkman street, Dorchester, who has been the object of a fascinating and vigorous search by the Boston, Providence, Connecticut and New York police and Pinkerton detectives, acting in behalf of District Attorney

Pelletier, who wants her to testify in the Henry Siegel bankruptcy investigation by the Suffolk county grand jury, is supposed to be in New London, Ct., on her honeymoon.

This information was given yesterday. It is said that she, accompanied by her husband, James Salisbury Brown, to whom she was married in Providence Saturday, went there Saturday and put up at a fashionable house out of reach of summonses to appear before the Suffolk county grand jury.

From there it is said, they got into communication with Attorney Henry E. Tiepke of Pawtucket, and sought advice. They had a conference with the Sunday, which resulted in their authorization of the attorney to promise that they would come to Boston to testify when wanted. They have been informed through Attorney Tiepke that they are wanted Monday.

Mr. and Mrs. Brown, after their flight from Providence, while summonses were waiting an opportunity to serve papers on the woman, appear to have realized that further effort to evade accepting summonses would make them appear as fugitives from the law, and they regretfully decided their honeymoon plans to come back to Boston.

It seems evident that they could have escaped accepting summonses in definitely for Mrs. Eddy made two spectacular escapes and was apparently two or three days ahead of the police on every move.

Joseph Siegel, resident manager of the Henry Siegel company store in Boston, for whom the district attorney's office has had a summons to testify before the Suffolk county grand jury Monday in relation to the Henry Siegel bankruptcy case, will appear before the grand jury Monday.

A well attended meeting of the Delta Alpha society of the Worthen Street Baptist church was held Tuesday evening at the home of Miss Lilli Dunn, 378 Parker street. After the regular business session was over a musical program was furnished.

If you want help at home or in your business, try The Sun "Want" column.

Save Money and Travel Comfortably to California

There's a best way to travel, just as there's a best way to do everything. Why go to a strange country without a guide when, for no more money, but at a great saving, you can go on one of our "Personally Conducted" Parties.

In this way you have good company all the way, as the parties are made up of congenial people. We are particular about "Schooling" the guides. At the same time, the extra service costs you nothing. You do not have to worry about the "Personally Conducted" parties. You can go on one of our "Personally Conducted" parties. You can go on one of our "Personally Conducted" parties. You can go on one of our "Personally Conducted" parties.

The Lowell Textile baseball team took the second game on its schedule yesterday afternoon at their Moody street campus when they met Malden high in a nine inning diamond contest. The score of the game was 11 to 5.

The visiting schoolboys were a snappy aggregation but could not do much against Startevant nor Brickett until the latter loosened up in the seventh and ninth and allowed them to tally four runs. The Lowell team was well in the lead at the time and the Textile school captain did not exert himself.

Startevant and Brickett both pitched air-tight ball in the pinches in spite of the raw weather. Flanders, a southpaw, was on the mound for Malden and the local boys collected in all thirteen hits off his delivery.

Brickett, O'Brien, Baker and Carlson were the batting stars for the locals. Brickett got three hits for a total of five, his triple being the longest blow of the game. Murphy, captain of the Malden team, slammed out a brace of doubles, each of which resulted in a score.

The lineup and box score is as follows:

NEW YORK, April 8.—Byron Chandler, the "Million-Dollar Kid" whose high flying record is \$87,000, made one night at the Casino at Monte Carlo, was a winner yesterday. By about 20 minutes he escaped going to Ludlow street jail after being in custody since Tuesday morning on an order of arrest issued in the suit which Mrs. Grace L. Chandler, who is Grace La Rue, the actress, brought against him for separation. It was Chandler's second day of a hard fight to get bail bond and avoid going to jail.

He won by a narrow margin, through aid sent by his mother who lives at Manchester, N. H. in the person of Allen M. Wilson, who came to New York and helped Chandler arrange his bond. The original bail was placed at \$25,000 by Justice Weeks, but the amount was reduced yesterday to \$7500, a bond for that sum being furnished by former Assemblyman Harold Spahnberg, acting for the Southwestern Surety Insurance company.

Chandler was pleased at the turn of affairs, for, while he did not fear going to Sheriff Griffiths' cell, he just preferred the greater comforts of his apartment at the Hotel Alhambra.

Chandler called his mother on the telephone yesterday morning. He asked her to wire the Garfield National bank, \$25,000, to be given as a bond to the National Surety company. Mrs. Chandler seemed disinclined to forward the amount, according to those who know young Chandler, this doubtless was due to his proclivities to spend large sums of money on short notice. His mother replied that she would consult her lawyer.

"Mother, you've got to come to my assistance," he shouted into the telephone. "I ask you to be a son. Please try to understand my situation and help me out."

Chandler took a long time explaining what was wanted and his mother did not give him much encouragement. She could not say yes or no to his request, but promised to call him up in half an hour.

Throwing down the receiver, Chandler turned to the sheriff and said: "I can't convince my mother that this is a desperate case. She merely looks upon it as a new story to back up another 'touch.' Now, what is a poor fellow to do?"

Later, however, Mrs. Chandler relented and rushed her lawyer to New York at 4 o'clock, the official closing hour of the sheriff's office and it looked as though the "Million Dollar Kid" would have to go to jail. Then Justice Weeks signed an order reducing the bail from \$25,000 to \$7500. Financial arrangements were made with the bonding company and the agent went to the sheriff's office, where after a conference he consented to go on Chandler's bond. It took 15 minutes to fill out the papers, and the separation of Chandler from jail, when the formalities were completed and Chandler was told he could go up Broadway or anywhere he pleased.

SOCIAL AND FRATERNAL

At the regular meeting of Lowell herd, Benevolent Order of Buffaloes, held last evening in its regular meeting rooms of Middlesex street, J. Edward Lyle, secretary of the order, was elected to serve as floor director at the first annual ball of the order, which is to be held soon. Dr. Plunkett, chairman of the committee in charge, made an interesting report at the meeting and the event promises to be a great success. A number of the grand officers have been promised to be present, and the following committee was elected to take care of all visitors on that day: John R. McLean, James Richardson and W. W. Murphy. The out-of-town guests and officers of the local herd will be escorted to Associate ball on that evening by the Lowell Cadet band.

The quarterly reports of Treasurer W. W. Murphy and Secretary J. E. Lyle were read and showed that the order is in a fine condition, both financially and numerically. The work of the degree team was very interesting and impressive.

Knights of Malta.
Rev. Nathaniel W. Matthews addressed the members of the Lowell Commandery of the Knights of Malta at the regular meeting on the subject, "The Black Diamond." A number of beautiful views, a great many of which were taken in the mines of Pennsylvania, accompanied the lecture, which was one of the most interesting ever heard at a meeting of the order.

WON ANOTHER

Textile Baseball Team Defeated Malden High by 11 to 5

The Lowell Textile baseball team took the second game on its schedule yesterday afternoon at their Moody street campus when they met Malden high in a nine inning diamond contest. The score of the game was 11 to 5.

The visiting schoolboys were a snappy aggregation but could not do much against Startevant nor Brickett until the latter loosened up in the seventh and ninth and allowed them to tally four runs. The Lowell team was well in the lead at the time and the Textile school captain did not exert himself.

Startevant and Brickett both pitched air-tight ball in the pinches in spite of the raw weather. Flanders, a southpaw, was on the mound for Malden and the local boys collected in all thirteen hits off his delivery.

Brickett, O'Brien, Baker and Carlson were the batting stars for the locals. Brickett got three hits for a total of five, his triple being the longest blow of the game. Murphy, captain of the Malden team, slammed out a brace of doubles, each of which resulted in a score.

TOOK DOSE OF LINIMENT

YOUNG GIRL POISONED BY LIQUID INTENDED FOR EXTERNAL APPLICATION ONLY

Miss Slavoula Butrakas, aged 16 years, who unintentionally took a dose of liniment, which was for external use only, in her home at 411 Moody street, early last evening, is resting comfortably at the Lowell hospital, and the authorities state that her recovery is almost assured. The girl was taken from her home to the hospital in the city ambulance.

REV. DR. WOOD HONORED
Rev. William Andrew Wood, D. D., a former pastor of the Worthen Street M. E. church of this city, now pastor of the Maple Street M. E. church of Lynn, has been significantly honored with an appointment as one of the seven members on the board of award of the American university at Washington, D. C. The other members on the

Better Than Calomel

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute.

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' long and successful experience in the treatment of liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets. These pleasant little tablets give you good calomel does but have no bad after effects. They don't injure the teeth, they don't gripe, they don't gripe, they don't gripe. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "biliousness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lousy" and "heavy." Note how they clear clouded brains and how they "perk up" the spirits. At 10c and 25c per box. The Olive Tablet Company, Columbus, O. All druggists.

RESORTS—ATLANTIC CITY, N. J.

THE WILTSHIRE Virginia ave. and view. Greatly improved and refurnished. Can. 20c. Private baths, running water in rooms, elevator, etc. Music. Special \$1.50 up weekly; \$2.50 up daily. Open all year. Booklet, Samuel Ellis.

DANDELION

RAPS SALARY INCREASES

Finance Commission Scores Fitzgerald, O'Meara and Cole and Makes Recommendations

BOSTON, April 8.—Ex-Mayor Fitzgerald, Police Commissioner O'Meara, former Fire Commissioner Cole and Penal Commissioner Goro were all rapped in a report which the finance commission submitted to Mayor Curley yesterday upon its investigation of the salary increases in the police, fire and penal institutions departments under the Fitzgerald administration.

While the ex-mayor and the others came in for a number of indirect slaps in the report, the commission scored Commissioner O'Meara directly, stating that he should have refused to concur with ex-Mayor Fitzgerald on the matter of the last salary increases

granted to the members of the police department.

The final increases granted by the ex-mayor in the police department were based upon a small unexpended balance sufficient only to pay the amount of the increases during the remaining few days of the Fitzgerald administration. The real burden of the increases must be borne by the present administration. Thus the commission upheld the mayor in his fight with the police commissioner to get the increases in salaries in question revoked.

In the report the commission condemned the practice of permitting attorneys to be hired and paid big fees by city employees seeking salary increases. The report stated that over \$25,000 in attorneys' fees had been contracted for by members of the three departments in question to get their

salaries increased. This practice has a demoralizing effect and should be stopped, the commission stated.

The report devoted particular attention to the fees that were paid, or promised to Attorney Richard F. Testling, who acted for the policemen, and who was to get, the report stated, \$18,885 or more for his services. The commission stated that it cannot be said the attorney's services required the payment or promise of such a sum. His chief service was to convince the mayor and police commissioner, who apparently did not need to be convinced, that the increases should be granted, the report said.

It was stated in the report that Attorney Carroll, who acted for the firemen, received \$6,125, and Attorney Creed, who acted for the penal institutions department employees, was promised \$757.

The commission expressed the belief that the mysterious fund of \$100 raised during the Hibbard administration by members of the fire department to pay some person unknown for some unknown service, was for something in direct violation of law.

The existence of this fund was disclosed at the finance commission hearing. It was stated by the commission that the "remarkable forgetfulness" displayed by some of the members of the fire department while testifying upon this subject, gave the members of the commission the impression that some of the firemen performed themselves.

It was suggested by the commission that Fire Commissioner Grady and Police Commissioner O'Meara should have investigated this matter further.

The commission recommended that hereafter increases of salary be considered at the beginning of the fiscal year and not "be made as a matter of maneuvering at the close of the administration and close to the end of a fiscal year, so as to embarrass the succeeding administration."

Recommendations

In its report the commission makes the following recommendations:

1. That increases of salary should be considered at the beginning of the fiscal year, and should be provided for in the budget, and not be made a matter of maneuvering at the close of one administration and close to the end of a fiscal year, so as to embarrass the succeeding administration.

2. That the effect of using outside influence, as shown in the future and apparently unlawful means of effecting changes in the attempted appropriation of \$100 by the Russell Fire club of the fire department, for the purpose of changing the meal hours, should be referred to the fire and police commissioners for further inquiry and for action on their part.

3. That the mayor take such action as is necessary to prevent the employment of counsel in the future on matters that are within the province of the mayor and the heads of departments on one side and the men on the other to settle, except in the case of hearings on charges, etc.

4. That Rule 3 of the regulations, which states that "members of the force desiring promotion, transfers, or assignments to particular duties are free to make their desires known through the proper channels; and at suitable times members in person will be received by the commissioner at his office. But

should a member cause a person not his superior in the force to intervene or to make representation in his behalf to the commissioner or to any superior officer, personally, or by letter, or by petition, he shall be deemed guilty of conduct unbecoming an officer, be so amended as to prevent the employment of counsel in department matters, between the mayor, the police commissioner and the members of the force.

5. That in all departments a rule, whether existing now or not, permitting the men to interview the head of the department on any question or

TO MAKE CHICAGO "DRY"

THAT IS WHAT THE TEMPERANCE FORCES WILL ATTEMPT TO DO—PLAN CAMPAIGN

CHICAGO, April 8.—Inspired by their victories in the Illinois local option elections Tuesday, the temperance forces issued today a call for a delegate convention to be held here next Monday to formulate plans for a wet and dry vote in Chicago at the mayoral election next spring.

The anti-saloon league of Illinois, through its superintendent, F. Scott McBride, announced that the enactment of a law whereby the state would vote on the saloon question by counties instead of by townships would be made the chief issue in the legislative primary campaign this fall. Revised returns from Tuesday's local elections in Illinois showed that 5 of the 102 counties in the state are now anti-saloon territory.

DEPOSITION OF VILLA

SOUGHT IN SUIT AGAINST CENTRAL LEATHER CO. OF MEXICO AND N. Y. & PENN. R. R. CO.

JERSEY CITY, N. J., April 8.—A case in the Hudson county circuit court was adjourned yesterday until Gen. Francisco Villa can be reached to give his deposition. The action is that of John O'Neill against the Central Leather Co. of Mexico and New York and the Pennsylvania R. R. Co. to recover the value of a large shipment of hides from Mexico which are alleged to have been taken from freight cars by Villa's men.

William D. Edwards, attorney for the railroad, said he would try to get the deposition of Villa when Mexico is more peaceful but the rebel chief was too busy now to give the case attention.

SHOT THROUGH THE HEAD

N. Y. MAN ANGRY BY DISPLAY OF EASTER "FINERY" ON WIFE AND DAUGHTERS

NEW YORK, April 8.—Angered by the display of Easter finery, which his wife and three daughters were parading before him last night, William Weiss of Mount Hope, a suburb, seized a shotgun and shot himself through the head, dying instantly. When Weiss was taken to the hospital, his daughters laughed at him for getting angry.

"You won't feel so funny about this by Sunday," he exclaimed and disappeared into another part of the house. A moment later he committed suicide. Weiss was foreman at a cable manufacturing plant and was about 45 years old.

CHEMISTS IN CONVENTION

CINCINNATI, O., April 8.—When the nine sections of the convention of the American Chemical Society which is being held at the University of Cincinnati met today it was realized that the scores of addresses and reading of scientific papers set for the session which is to be the last of the convention would clog the proceedings and many of the papers will not be read, but will be given "leave to print." All of these documents, very important to the chemists, will be embodied in the official proceedings in the magazine which the society supports.

If you want help at home or in your business, try The Sun "Want" column.

INDUSTRIAL DISPUTES

FIRST OF A SERIES OF HEARINGS CONCLUDED AT WASHINGTON TODAY

WASHINGTON, April 8.—The first of a series of hearings on the question of collective bargaining, mediation and conciliation in industrial disputes was concluded here today by the United States commission on industrial relations. The last witnesses were Samuel Gompers, president of the American Federation of Labor, J. A. Emery, counsel of the National Association of Manufacturers, J. E. Williams, chairman of the grievance committee in the suit, cloak and skirt industry of New York, and W. L. MacKenzie King, former minister of labor of Canada.

Many of those testifying before the commission have favored the solution of industrial disputes by a federal board similar in character to the mediation and conciliation board established to settle railroad controversies under the Newlands act. Questions under the Newlands act. Questions members of the party probably will remain at the Springs for several days.

WILSON FAMILY CIRCLE

MIL. AND MRS. SAYRE AT CAPITOL—WILL ACCOMPANY PRESIDENT ON EASTER TRIP

WASHINGTON, April 8.—The Wilson family circle was complete again with the arrival here today of Mr. and Mrs. Francis B. Sayre, the White House bride couple from their home in Wilamstown, Mass. They will join the president and Mrs. Wilson and party on their trip to White Sulphur Springs, N. J., to spend Easter. The party planned to leave Washington tonight to spend the next three days at the Springs. The president will return to Washington on Monday, but other members of the party probably will remain at the Springs for several days.

To the Woman Who Realizes She Needs Help

You are nervous. You have "crying spells." You are dejected. You don't sleep well. You have backache. You have lost ambition for your work. You are beginning to feel old and look old.

These symptoms, more than likely, are produced by some weakness, derangement or irregularity peculiar to the feminine organism.

Dr. Pierce's Favorite Prescription
(In Tablet or Liquid Form)

will aid you in regaining youthful health and strength—just as it has been doing for over forty years for women who have been in the same condition of health you now find yourself. It soothes and invigorates. It uplifts and uplifts.

Your medicine dealer will supply you in tablet or liquid form, or send 50 one-cent stamps for trial box. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets regulate Stomach, Liver and Bowels. Easy to take.

I Promise Not to Hurt You

Don't put off your dental work any longer. Our teeth have been filled or extracted by the King Safe System of Painless Dentistry. You will laugh at your fears and wonder why you waited so long.

PAINLESS, ABSOLUTELY PAINLESS

No old style instruments. The finest that up-to-date dental science has produced for the comfort and pleasure of my patients. See Dr. King first.

NEWS OF THE LEGISLATURE

Cooperative Banks Bill Passed to Third Reading—Committee Reports and Other Matters

BOSTON, April 9.—In the Massachusetts house of representatives yesterday the bill to authorize co-operative banks to allow shares to remain after maturity was passed to a third reading after considerable debate. Substitution of the substitute bill for the adverse committee report on the bill for protecting song birds by licensing cats was carried. The Sunday baseball discussion opened when Mr. Twombly urged substitution for an adverse report of his bill to permit baseball on Sunday in public parks between 2 and 6 p. m. Mr. Washburn's

If you want help at home or in your business, try The Sun "Want" column.

objections on the ground of there being no referendum brought an amendment from Mr. Twombly which provided for a referendum at the next state election. Eventually Mr. Twombly's amendment was killed.

Conroy of Cambridge would change the Twombly bill so that a city or town may provide suitable public playgrounds for Sunday baseball. Sawyer of Ware said religious convictions should not be considered in voting on the bill, but only the public welfare. Haines of Medford said: "If we are going to desecrate the Sabbath just for fun, let us have the continental Sabbath and be done with it." The Conroy amendment was finally defeated on a rollcall, 54 to 122.

After a recess the Twombly bill was refused substitution on a voice vote. Then Mansfield of Rockland moved that his bill to permit professional baseball on Sunday in cities be substituted.

Co-operative Bank Bill

In opposing the co-operative bank bill Mr. Hays declared that the co-operative banks should not be allowed to trespass on the fields of savings banks. "Co-operative banks," he said, "are quasi-philanthropic institutions and if you are going to make them keep a reserve you are going to lower their dividend rate. There is only one co-operative bank in this state that has ever failed and that bank eventually paid every share."

Cobb of Clinton and Flynn of Malden contended that the majority of

co-operative banks wants this legislation. Tufts of Waltham said it was a poor man's bill. Messrs. Haines and Southern said the co-operative banks in their districts had asked them to oppose the bill. Frederick of Townsend said Massachusetts is the only state in which co-operative banks are not allowed to hold shares after maturity. By a voice vote the bill was ordered to a third reading.

Reconsideration of the bill to protect song birds by licensing cats was granted by a voice vote and thereupon Frost of Somerville offered a substitute bill. Reconsideration of the substitute bill was refused by a voice vote. Substitution of the substitute bill for the adverse report was carried by a rising vote, 79 to 41.

Committee Reports

The following committee reports were received:

Education: A bill to permit the public to use schoolhouses for purposes other than school purposes when the houses are not being used for schools.

Public Health: Leave to withdraw on the petition to restrict further the sale of intoxicating liquors by druggists.

Mercantile Affairs: A bill to provide that stockholders of any corporation doing business in Massachusetts, who live in the commonwealth and hold at least 25 per cent of the entire outstanding capital stock, shall have the right to nominate one director.

Public Health: Bill to require cities and towns with a population of 25,000 or over to provide at least one public lavatory and convenience station.

Railroads: Leave to withdraw on the petition that the public service commission inquire into the necessity of abolishing grade crossings in Cambridge.

Taxation: Leave to withdraw on the

CHECK YOUR APRIL COUGH

Thawing frost and April rains call you to the very marrow, you catch cold and lungy stuff. You are feverish—Cough continually and feel miserable. You need Dr. King's New Discovery. A cough, inflamed and irritated throat and lungs, clogs your head, clears up, fever, leaves, and you feel fine. Mr. J. J. Davis, of Hickey's Corner, Mass., was cured of a dreadful cough after doctor's treatment and all other remedies failed. Relief of money back. Pleasant—Children like it. Get a bottle today. 50c and \$1.00 at your druggist. Bucklen's Arnica Salve for All Sores.

petition that cities and towns be authorized to exempt certain manufacturing establishments from taxation for a limited period.

Banks and Banking: A bill in new draft to provide that after Jan. 1, 1915, it shall be unlawful for a trust company to hold more than 10 per cent of the capital stock of any other trust company. This restriction does not apply to branch offices.

Bill to License Cats

The petition of the Boston & Albany railroad for permission to advance the price of one-fare tickets between Boston and towns east of Riverdale and in the Newton Highlands circuit was given a hearing by the public service commission yesterday. There was strong opposition by several improvement associations of the towns affected.

Bill Indorsed

The bill to license cats went through the house yesterday afternoon. This is the first victory ever won by the cat bill at the state house, although it has been in the legislature for many years.

The bill had been once killed, but reconsideration prevailed upon motion of Frost of Somerville. The cat bill was then substituted by a vote of 79 to 41.

The cat bill provides that all unlicensed cats may be killed. But a farmer may have one unlicensed cat. The bill is favored for the protection of song birds.

Biennial Election

The bill for biennial elections was substituted in the senate yesterday afternoon by a vote of 21 to 9. The bill provides for elections every two years, but does not change the annual sessions of the legislature. The bill does not contain the recall.

The bill to compel the placing of 10 per cent butter fat in ice cream was defeated by a vote of 18 to 15 in the senate. The bill had been reported adversely by the committee on health.

PLAYLET AND CONCERT

PLEASANT ENTERTAINMENT AT GORHAM STREET CHURCH—THE MONTHS OF YEAR PERSONIFIED

The Tower class of the Gorham St. Methodist church gave a very pleasing entertainment last evening, comprising a playlet and concert program. The playlet had for its title "The Meeting of the Seasons," and was very well presented by a competent cast of young ladies. The story told was that of an old Bohemian legend in which a child, cast out by its stepmother, is cared for by the various seasons. In addition to the principal characters, each month was personified, as were also the winds and the snow. The little sketch gave evidence of having been most carefully rehearsed and the final staging was all that could be desired. It was produced under the direction of Miss Maudie M. Mountford. The cast of characters was as follows:

Dame Cinderella, the kindly stepmother, Miss Viola Whitehead

Katinka, her daughter, Miss Nellie Peterson

Dobrunka, the abused stepdaughter, Miss Greta Osborne

Months: Misses Minnie Carpenter, Ruth Spence, Dorothy Wood, Lillian Swanwick, Dorothy Sewall, Martha Potter, Florence Potter, Gladys Wiley, Mildred Anderson, Irene Killeby, Edith Richardson, Nellie Petersons

Winds and Snow: Misses Marion Morrison, Violet McLean, Viola Wood.

During the evening the following concert program was greatly enjoyed:

Piano solo, selected, Miss Mildred Hallett; song, "A Foolish Little Bonnet," Miss Nellie Peterson; piano duet, selected, Miss Bertha Farley; piano duet, selected, Miss Dorothy Sewall and friend; trio, "Three Little Maids," Misses Mildred Hallett, Irene Killeby, and Viola Whitehead; tableau, "Good Night," Misses Violet McLean, Marion Morrison and Viola Wood.

Accompanists: Miss Mildred Hallett and Miss Gladys Wiley.

\$750,000 TO WELLESLEY

THE ROCKEFELLER FOUNDATION MAKES AWARD CONDITIONALLY—SEVEN BUILDINGS PLANNED

BOSTON, April 9.—The sum of \$750,000, one of the largest amounts ever presented to any institution by the Rockefeller Foundation, has been given to Wellesley college by that society to be used in the restoration of facilities lost in the recent destruction of College hall by fire.

The gift was made with the understanding that a fund of \$2,000,000 be raised for new buildings, equipment and endowment, and President Ellen F. Pendleton stated last night that the campaign would be started immediately.

Officials of the college were overjoyed yesterday when the gift was announced by the board of trustees and all expressed themselves as being extremely confident of their ability to raise the fund.

In announcing the gift Bishop William Lawrence, president of the board of trustees, said: "So large a gift from such a source gives us great courage for it is the highest endorsement of Wellesley's worth and need. It expresses belief in the future of the college and shows confidence in its administration. The amount required to replace what was destroyed shows how far Wellesley with her 1500 students, had outgrown her plant."

Planned by the trustees is to expend a million and a quarter for new buildings and three-quarters of a million for endowment. Seven new buildings of modern construction and equipment will be required to do the work formerly accomplished by the single large building burned.

Seven New Buildings

The rebuilding program includes three dormitories to house 100 persons each; two science buildings for laboratories, collections and museums; an administration building containing offices and assembly hall, and a building for recreation rooms.

The trustees explained that the raising of a million dollar endowment fund, which was well under way and almost half of which had been pledged before College hall burned, is now merged in the larger plan to raise \$2,000,000 before the first of next January. Fifty per cent of any pledges received must be payable before Jan. 1, 1917. The \$2,000,000 and these dates are determined by the conditions of the gift.

RESERVE BANKS

Debate Over Selection of 12 Cities Resumed in Senate

WASHINGTON, April 8.—Debate over the selection of the 12 regional reserve cities for the new federal banking system was resumed in the senate today. The discussion followed the calling up by Senator Hitchcock of his resolution providing that the organization committee of the federal reserve board submit all of its data and the reasons upon which the fixing of reserve districts was based.

Senator Russell of Louisiana is authority for the statement that an attempt would be made to have the reserve board overrule the selections of the organization committee.

JUST BEFORE EASTER

ANNUAL ENTERTAINMENT AT THE CENTRALVILLE M. E. CHURCH—L. A. A. ELECTS OFFICERS

The annual Easter supper, sale and entertainment at the Centralville M. E. church was held last evening and, despite the unfavorable condition of the weather, was well attended.

The entertainment consisted of a sketch entitled "Tommy's Wife." The cast of characters was as follows: Thomas Pitt Carothers, a promising young portrait painter, Irving D. Kimball

Rose Carothers, his sister, Miss Helen M. Fox

Dick Grannis, Carothers's chum, in love with Rose, Miss Laura A. Callahan

Patty Campbell, a student at a dramatic school, Miss May O. Peard

Miss Jessie M. Callahan, a society woman, Miss Laura A. Callahan

Pierre LeBontin, a French dancing master, Miss Russell M. Fox

Edith Bronson, a friend of Rose, Miss May O. Peard

The ladies having charge of the supper and sale were as follows: Dining room committee, Mrs. Stephen Wotton, Mrs. A. W. Hughes, Mrs. E. Collins, kitchen committee, Mrs. Roger Nernoy, Mrs. J. Jenkins, Mrs. Swift and Mrs. Whitely; ice cream table, Mr. and Mrs. Pearl Kinney; candy table, Miss Mildred Smith; fancy table, Mrs. A. E. Gregory, Miss Margaret Bryant, Mrs. A. W. Hughes, Mrs. Avery Ryer, postcard table, Mrs. L. E. Waring.

A feature of the evening was the presentation of a handsome china dish to Mrs. L. E. Waring, wife of the pastor of the church, by the members of the Ladies' Aid society.

At the annual meeting of the Ladies' Aid association, which was held during the evening, the officers of the past year were re-elected for the ensuing term. The officers are as follows: Mrs. Russell Fox, president; Mrs. Avery Ryer, vice president; Mrs. A. L. Hiser, secretary; Mrs. A. E. Gregory, treasurer.

TAP LINE RAILROADS

REPRESENTATIVES BEFORE SUPREME COURT AGAINST INTER-STATE COMMERCE ORDER

WASHINGTON, April 8.—Representatives of the tap line railroads of the southwest were before the supreme court today to argue against the order of the interstate commerce commission prohibiting their receiving a share of trunk line rates on lumber owned by the same interests as the tap lines. The government is seeking to have the court reverse the decision of the commerce court holding this order illegal.

Counsel argued that the "tap lines" are legitimate railroads and not as the government contends merely devices of lumber companies to wring rebates from trunk railroads. They insist that the little lines were developing the sections of the country through which they pass and in truth were common carriers.

THROW AWAY YOUR EYE-GLASSES

A FREE PRESCRIPTION

You Can Have Filled and Use at Home

Do you wear glasses? Are you a victim of eye-strain or other eye-weaknesses? If so, you will be glad to know that there is real hope for you. Many whose eyes were failing say they have had their eyes restored through the principle of this wonderful free prescription. One man says, after trying it: "I was almost blind; could not see to read at all. Now I can read everything without any glasses and my eyes do not water any more. At night they would pain dreadfully, now they feel fine all the time, was like a miracle to me." A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for fifteen days everything seems clear. I can even read the print without glasses." It is believed that thousands who wear glasses can now discard them in a reasonable time and multitudes more will be able to strengthen their eyes so as to be spared the trouble and expense of ever getting glasses. Eye troubles of many descriptions may be wonderfully benefited by following the simple rules. Here is the prescription: Go to any drug store and get a bottle of Opoma, fill a two-ounce bottle with warm water, drop in one Opoma tablet and allow to dissolve. With this liquid, bathe the eyes two to four times daily. You should notice your eyes clear up perceptibly right from the start and inflammation will quickly disappear. If your eyes are bothering you even a little, take steps to save them now before it is too late. Many hopelessly blind might have been saved if they had cared for their eyes in time.—Advertisement.

FIRE DEPT. REPAIR WORK

Done Mostly by Firemen Who are Experts in Various Trades—Much Expense Thus Saved

Chief Edward F. Saunders of the local fire department has started an economic campaign in his department, for he fears that he cannot live within his appropriation unless something is done to reduce expenses. This department was given \$194,000, and this would have been enough had it not been for the unforeseen expenses that were suddenly brought to the department by the fact that a boiler of one of the engines was condemned, and that new ladders and new sides for the large Babcock truck were needed, the total cost of the boiler and the ladders to be about \$1200.

The chief in conversation with a Sun reporter this morning said he was economizing in every way in the department and by so doing he hoped he will get along with the money voted his department by the municipal council. However, in order to do so he has to be very careful and look into every small detail in the administration of the department and even watch carefully the amount of gas burned in the various stations each month.

Speaking about gas, the chief said last month's bill for gas, which is being used in the stations for lighting purposes amounted to \$16, which is very high. Each station was supplied with a large arc light and some with two, and in many cases after he started an investigation he found that even though the men were all in the same apartment, lights were burning in other rooms, a thing which he said the men would not do at home. In order to reduce lighting expenses the chief had all the arc lights, 21 in number taken out and replaced with chandeliers each containing two or more incandescent lights. The men are getting as much satisfaction with these lights and the gas bill will be reduced considerably. There was practically no expense in the change-over for the work was done by men of the department.

Inspector of Repairs

Strict orders were also given as to the use of the telephones in the various buildings and it is believed that the telephone bill will also be reduced considerably. There is a new feature in the department and that is the position of inspector of repairs. This position is being held by T. F. Saunders, who has more than saved his salary during the past year. The inspector visits the various stations occasionally and keeps tabs on the equipment of the department as well as on the horses. For instance if a horse drops a shoe, the inspector, who is a blacksmith by trade, replaces the shoe at no cost to the department. The apparatus are also being kept in better condition for the slightest defects are being cared for in the proper time and on many occasions what would turn out to be a big job if not cared for is taken up at the proper time and incurs less expense as a result.

A short time ago the state inspector condemned the boiler of Engine 5, and the apparatus was immediately removed to the boiler works of Scannell & Wholley, where it is being taken apart by men of the department. The boiler will be constructed by the boiler firm at a cost of about \$500, but at least a couple of hundred dollars have been saved by the firemen who have taken the apparatus apart.

The inspector of repairs noticed a short time ago that the large Babcock truck was in a bad condition and at once the apparatus was sent to Lawrence, where new sides are being built and new ladders constructed. The ladders were in a decayed condition and a menace to the department. Unfortunately this work could not be done by men of the department. This job will cost about \$700.

The automobile of District Chief Sullivan broke down a few days ago and the car which has been taken apart is now at the quarters of Hose Co. No. 8, where it is being repaired by men of the department. All the small jobs on the automobiles of the department are being handled by men of the department, for there are two automobile experts on the list and they are willing workers.

Well Equipped Repair Shop

The equipment and furniture of the various stations are also taken care of by men of the department. A well-fitted up workshop exists on the top floor of the Central station, and considerable work of the industrial kind is being done there. The equipment of the shop consists of two lathes, one small and one large; a circular saw and a buzz planer, as well as work benches and tools of all descriptions. At the present time men are at work in putting in new springs on one of the beds of the department. The chief says the men like this kind of work, for it keeps them busy during the day and life is not so monotonous.

The chief has just received 21 new automatic keyless doors for the alarm boxes and they are now being installed in the central part of the city by Electrician Fernald. These doors cost \$20 apiece, or five dollars each less than the first lot. These were ordered last year and have been shipped only a few days ago. The chief believes that these doors will prevent the ringing of many false alarms, for when the door opens a large gong in the interior of the box rings and calls the attention of those in the vicinity to the fact that someone is meddling with the fire alarm box. The other doors will be gradually taken out and in a few years all boxes will be equipped with the keyless door.

FUNERAL NOTICES

RICHARDS—The funeral of Mrs. Nellie Richards will take place Friday afternoon at 2 o'clock from the funeral chapel of Undertaker Chas. H. Molloy on Market street. Burial will be in St. Patrick's cemetery. Funeral in charge of Undertaker Charles H. Molloy.

MURPHY—The funeral of Mrs. Ann Murphy will take place Friday afternoon from the chapel of Charles H. Molloy on Market street. The burial will be in St. Patrick's cemetery. Funeral in charge of Undertaker Charles H. Molloy.

PIERCE—Died in this city, April 9, at the Lowell General Hospital, Edward A. Pierce, aged 88 years. Funeral services will be held Friday afternoon at 2 o'clock from the funeral parlors of Undertakers Young & Blake, 33 Prescott st. Burial at East Jaffrey, N. H. Friends invited to attend.

KELLEY—The funeral of Joseph T. Kelley, aged 60 months, will take place on Friday afternoon at 2 o'clock from the home of his parents, John and Margaret Ryan Kelley, 25 Madison street. Burial will be in St. Patrick's cemetery. Undertakers M. H. McDonough & Sons in charge.

THOMPSON—Died in this city, April 8, at 170 Anderson street, Elizabeth M. Thompson, aged 58 years. Funeral services will be held from the funeral rooms of Undertaker John A. Weinbeck, 16 Market street, Friday, April 10, at 2:30 o'clock. Friends invited without further notice.

McDONOUGH—The funeral of Mrs. Ellen J. McDonough, aged 87 years, at the home of her daughter, Mrs. G. A. Fleming, funeral services will be held at the Talbot Memorial chapel in the Lowell cemetery Saturday afternoon at 2:30 o'clock. Friends are invited without further notice. The funeral arrangements are in charge of Undertaker George W. Healey.

ROCK—The funeral of Mrs. Elizabeth Rock will take place from her home, 715 Broadway, Saturday afternoon at 1:15 o'clock. Interment will be in St. Patrick's cemetery. Funeral arrangements in charge of Undertaker Peter H. Savage.

DEATHS

BOISVERT—Mrs. Joseph Boisvert, aged 75 years, died last night at her home, 78 Rock street. She is survived by a son, Joseph Charles and two sisters, Mrs. Marie Glou and Mrs. Etienne St. Armand, both of Canada.

MURPHY—Mrs. Ann Murphy, an old resident of St. Patrick's parish died this morning at the Chelmsford Street hospital. She leaves one daughter, Mrs. Mary Rigney. The body was removed to the funeral parlors of Undertaker C. H. Molloy.

WYMAN—Mrs. Charles H. Wyman, a well known resident of Pelham, N. H., died at her home in the city of Lowell on Monday, the 8th inst. She is survived by her husband and a son, Clarence N.

DINAN—Mrs. Nicholas Dinan died at her home in Groton after a lingering illness. She is survived by a husband and a daughter, Mrs. Rose Davis.

CULVER—George Culver, aged 61 years, died at his home in Groton. Deceased is survived by a widow, a daughter and a brother.

RICHARDS—Mrs. Nellie T. Richards of Chelmsford died yesterday at her home at the age of 40 years. She is survived by her husband, Frank Richards, and by one sister, Mrs. Bridget Brady. The body was removed to the undertaking rooms of C. H. Molloy.

ROCK—Mrs. Elizabeth Rock, a resident of St. Patrick's parish, died yesterday at her home, 715 Broadway, at the age of 41 years. She leaves her husband, Martin Rock, a daughter, Rita; two brothers, Daniel and James McCleary of San Francisco, and two sisters, Mrs. Anna Holden of Bethel, Vt., and Mrs. Catherine Gulline of Fall River.

WILSON—Hugh Wilson, aged 42 years, died this morning at the state hospital in Tewksbury. He leaves a widow and five children. The body was taken to the chapel of James F. O'Donnell & Sons.

PIERCE—Edward A. Pierce, only brother of the late Cassius W. Pierce, died early this morning at the Lowell General Hospital, aged 88 years. He leaves one niece, Miss Seola V. Pierce, of Melrose; also two nephews, Hal R. of Melrose and Guy C. of Chicago.

DREWETT—Died April 9th, in this city, Sidney Drewett, aged 60 years, 8 months and 3 days, at his home, 132 Hildreth street. He is survived by his wife, Mrs. Fannie Drewett, five children, Albert H. of Haverhill, Miss Nanette of Providence, R. I., Mrs. R. H. Marston of this city, Walter S. of this city, and Arthur W. Drewett, also of this city. Mr. Drewett was a member of the Odd Fellows, Knights of Pythias and Royal Arcanum. He was one of the oldest members of the First Congregational church.

FUNERALS

LYNCH—The funeral of Andrew J. Lynch took place yesterday afternoon from the rooms of Undertaker George W. Healey, 19 Branch street. The services were conducted by Rev. James Bancroft, rector of St. John's Episcopal church. The following delegation was present representing Spindle City lodge, No. 221, Brotherhood of Railroad Trainmen: Terrence Grove, Geo. J. Brooks, Harry H. McDonald and Francis J. Harrington. The bearers were also members of the brotherhood, being Hugh P. McCall, James S. McDermott, Leo W. Pratt and Frank E. Le Riche. The burial ritual of the brotherhood was exemplified at the grave. Burial was in Westlawn cemetery. The funeral arrangements were in charge of Undertaker George W. Healey.

RUSSELL—The funeral of Elizabeth A. Russell was held at the residence of her daughter, Mrs. Francis A. K. Singbl, in Billerica, yesterday afternoon. Rev. J. M. Craig conducted the services. Among the beautiful floral tributes were a wreath inscribed "Mother," from the family, and other offerings from the Buckham family, Mr. and Mrs. Cochrane, Mr. and Mrs. Sidney Bull and Miss Blanchard, Mrs. Kleski, Mrs. Messer and Mrs. Burton. The bearers were Hayden C. and Alexander R. Russell, Francis A. Singbl and Collin MacDonnet. In the North cemetery. In Billerica, in charge of Undertaker John A. Weinbeck.

B. F. KEITH'S THEATRE

Good comedy, with music, is the pleasing feature of the bill at the Keith theatre this week. In "A Dramatic Cartoon," which Nicholson and Norton play, several unusual things occur. A bride and groom of three weeks are found in a non-loom-sagittant in New York city. They manage to exist, but little more. Yet they make of their apparent poverty something to laugh at. How they manage to take pleasure out of the adverse conditions is aptly shown. Misses Herron and Gaylord in a character comedy also give plenty of room for real entertainment. Guerro and Carmen, players of the violin and harp, give much real pleasure with their interpretation of classic airs and Kyrie & Duna have two of the most appealing comedies here this season. Seats for all remaining performances are singers and comedians of the "wop" type and Nat. Aldine work with the tables, in clown make-up after the manner of Bert Melros. Robbins' elephants go through a hilarious stunts which will prove a special interest to children. Good seats for all remaining performances. Phone 28.

ALPHA SHOE CO., \$20,000 STOCK MUST BE SOLD BY MAY 1st

Athletes and Athletics

President Tener of the National League has come out hard against fence advertising at the ball parks along the National circuit. The Athletics and Pirates are the only two clubs which do not let out fence space to advertisers. Yes, and probably they will continue to be for there are few managers who are going to pass up a likely looking spot of fence for the sake of improving the appearance of their ball parks. In the opinion of Governor Tener the dignity of the national game is assailed by the glaring advertisements which assault one's eyesight at a ball game.

Frank Wiley, a member of the Mungus five of the Newton bowling league, smashed the league single string record for candle pins last night. His high roll was 179. Four strikes in succession was all that Wiley collected. His total for the three strings was 400.

The decision of the Hunting Club's athletic committee to join the A. A. U. is a praiseworthy one. It will eliminate all chances of any amateur who competes from being disqualified or suspended. A club which holds out protection to the athlete will always draw the cream of them.

Sam Langford has bought a farm out Milford, Mass., way and has settled down there with a routine of twelve punching bags. The dozen fighters which he has with him will be used to get the Boston Tar Baby in condition for his coming invasion of France. He expects to meet Georges Carpentier as well as Jack Johnson over in Paris. It hardly looks reasonable to suppose that either one will take on Langford.

Francis Outimet, the American golfing champion, showed that his sea voyage did him no harm when he went around the course at Sandwich, England, in one stroke inside of ninety. Outimet was sick going across but his naturally strong constitution has shaken it off and he is in it shape to take on the best of the continental and English golfers today.

Bill Carrigan's cash offer for Galnor has rather upset the dopest's calculations for the permanent lineup of the Red Sox. Galnor is not in the condition that he was when he first made his bow to the Detroit public although still a classy performer on the first cushion. The youngsters, Wilson and Judge, can't be as good as reports would have us think for.

Sweatt, the classy outfielder of last

year's New Bedford club and who is looked to this season as a Fitchburg standby, is at present engaged in coaching the Hows school baseball candidates. At the same time he is stealing a march on his teammates and getting his whip into shape for the New England league season.

Pitcher Ward, the Pennsylvania State college boy whom Manager Gray has signed for this season, will be a big help when he comes along late in June if the Lowell club is in anything like the predicament it was in at that time last season. Gray was minus a pitching staff and a shortstop for two months. This year, however, he looks for a different baseball outlook. The infield looks far better than the outer gardens. Rube is the only dependable outfielder on the list and he hasn't signed up yet. Ward may be tendered a warmer reception when he packs his baseball kit for a journey to Lowell if he can bat and hold an outfield position.

Benny Kauff, the hard hitting right fielder of last year's Hartford team and the man whom all the Lowell pitchers were afraid to face anything but corner balls to, is once more in uniform. Kauff jumped to the Feds this season and is playing his regular position on the Indianapolis club. He was hurt last week in a collision with a teammate but has fully recovered.

Manager Patsy Flaherty of the Lynn club will be seen back in the city of his adoption the early part of next week. The Lynn manager has been down south and sends word to Owner Fraser that he is in perfect condition for a hard season. Flaherty expects to do quite a stunt himself in the box this year. Here's hoping he works against Lowell right along.

It looks now as though Mike Glover and Hayward Higgs would clash in the near future at the North Abington club. Both men have quite a following and their advent into the ring together would draw a big crowd. They will probably both weigh in at 145 pounds at six o'clock.

Manager Stallings has ceased to worry about his third base position. Charlie Deal has been improving with each practice until now the Braves' manager thinks that he can more than fill the gap which threatened his infield. With Evers and Maranville, Deal will make up a tough trio for opponents of the Boston Nationals to puncture with their wands.

here today aged 60. He was originally a bank clerk, then became a newspaper writer and afterward devoted his pen to novels of peculiarly Parisian settings.

GIRL SLAYER SENTENCED

SHE SHOT AND KILLED SALESMAN WHO REPUSED ATTENTIONS AND THEN ATTEMPTED SUICIDE

NEW YORK, April 9.—Rose Pressman, a stenographer, who, last December shot and killed Nathan Chase, a salesman in the employ of her uncle, Paten Pressman, a manufacturer, and then attempted to kill herself, was sentenced yesterday to serve not less than five nor more than 25 years in the Auburn prison for women.

She had pleaded guilty to manslaughter in the first degree. She loved Chase and he had repulsed her attentions.

SOME OF THE HUSKY LADS WHO HOPE TO "MAKE" PENN VARSITY EIGHT

THE UNIVERSITY OF PENNSYLVANIA ROWING TEAM. The illustration shows a group of candidates for the varsity eight on their return from a trial spin.

The University of Pennsylvania rowing team is particularly strong this year, and Vivian Nickalls, the English head coach, is confident that his protégés will finish the season with an imposing record. The illustration shows a group of candidates for the varsity eight on their return from a trial spin.

EX-GOV. DRAPER THE SIEGEL CASE HOLDUPS IN WORCESTER

No Improvement Evident Today—Grave Fears for Recovery

Authorities Hope to Have Mrs. Siegel in Boston Monday

BOSTON, April 9.—Assistant District Attorney Lavelle, who is in charge of the investigation of the failure of the Henry Siegel Co. store here, left for New York today to interview Joseph Siegel, former resident manager of the Boston store. Mr. Lavelle stated he hoped to induce Mrs. Henry Siegel to return with him and testify before the grand jury which will hold a special session on Monday.

WILSON ON LOCAL OPTION BELIEVES LIQUOR QUESTION SHOULD NOT BE MADE PART OF POLITICAL PROGRAM

WASHINGTON, April 9.—President Wilson is in favor of local option on the liquor question and does not believe prohibition should be made a part of his party's program. Since the order of Sec. Daniels was issued, prohibiting the use of liquor by officers in the navy, persons in a position to obtain the president's views have learned that he still stands by his letter written in May, 1911, while governor of New Jersey, to Rev. Thomas B. Shannon of Newark, N. J., in which he said: "I am in favor of local option. I am a thorough believer in local self-government, and believe that every self-governing community which constitutes a social unit should have the right to control the matter of the regulation of the withholding of licenses."

"But the questions involved are social and moral and are not susceptible of being made parts of a party program. Whenever they have been made the subject matter of party contests, they have cut the lines of party organization and party action toward the utter confusion of political action in every other field. They have thrown every question, however important, into the background, and have made constructive party action impossible for long years together."

Sec. Daniels told friends that the purpose of his order was in no way to give a political aspect to the subject of prohibition or to commit the National administration, but only to promote efficiency in the navy. In conformity with the recommendation of Surgeon-General Baileys. The president looks upon the navy order as a departmental matter. Secretary Daniels having acted on his own initiative.

LAURENCE STRIKE OFF AGENT OF PLYMOUTH MILLS ANNOUNCED THAT GIRLS WHO QUIT CAME BACK TO WORK

LAURENCE, April 9.—Agent Reed of the Plymouth mills announced today that a compromise had been effected in the strike of 35 girl employees who objected to a new wage scale caused by the introduction of an efficiency system and that practically all returned to work today.

LAURENCE, April 9.—Agent Reed of the Plymouth mills announced today that a compromise had been effected in the strike of 35 girl employees who objected to a new wage scale caused by the introduction of an efficiency system and that practically all returned to work today.

LOWELL MATTERS ON BEACON HILL

Hot Fight Expected on the Adjutant General Bill—Pension Schemes Likely to be Beaten—Lt. Governor's Criticism

The question of repealing the bill providing for a five-year tenure of office for the adjutant-general will be fought out on the floor of the house within a day or two. The committee on military affairs reported in favor of the bill to repeal the five-year tenure and while the matter is on the house calendar for today it is not expected that it will be reached until tomorrow and perhaps not until the first of next week.

It is very generally conceded that the bill to repeal the five-year tenure is a drive against Adjutant-General Pearson and it is expected that the fight in the house will be a very strenuous one.

Continued to Page 9

INCREASE IN TAX RATE

Citizens of Tewksbury Believe Tax Rate Will be Over \$18—Fire Protection Expected

The assessors of the town of Tewksbury are very busy these days, for they have started on their tour of the town, in the course of which they will endeavor to place a proper valuation on all the real and personal property, in order to fix the tax rate for the present year.

It is believed by many that there will be an increase in the tax rate this year, and many are of the opinion that the increase will be very near \$2 if not more. The present tax rate is \$17.40 per thousand, but on account of the many increases in appropriations voted at the last town meeting it is very probable that the rate will jump to nearly \$19 per thousand. The assessors are not yet ready to give a statement in relation to tax conditions and it will be some time before they get through their task, for it is no small job to travel from one end of the town to the other and value property, especially in Tewksbury, which covers an area of several square miles.

Fire Protection Some of the residents of the town are wondering if anything has been done by the selectmen toward the purchase of fire apparatus in conformity with the vote taken at the town meeting. Over a month has now elapsed since the meeting was held and thus far not a word has been heard from the officials of the town in relation to fire protection. Several hose reels are to be purchased and some say that the selectmen ought to get busy if they have not already done so and supply the town with proper protection and not rely all the time on the department at the state infirmary.

Water System The committee appointed to look into the possibilities of installing a water system in the town, is active they say, and doing considerable work in that respect. These men are to report at a special town meeting, which will be held in June and it is believed that their report will be favorable and that a hydrant system will be installed in the heart of the town.

A large gang of men are at work on the state highway between Lowell and Tewksbury and in a short time the road will again be in very good condition. The frost during the past few months has caused the road to break up in some places and when the state officials were notified they immediately sent men on the job. A steam roller is kept working on the premises and crushed stone is being dumped on the surface of the road which will be ready for traffic in a short time.

RECOUNT IN MONTREAL TRIPLE WATER SUPPLY

ON VOTE CAST MONDAY—CITY IS WITHOUT OFFICIAL GOVERNMENT

MONTREAL, April 9.—The retirement of the old city organization today left Montreal without an official city government owing to the fact that a recount is necessary to determine the successful candidates at the municipal election last Monday. The recount was called for on account of mistakes in the original count and it was said today that at least three weeks must elapse before the result of the election can be officially proclaimed.

The original count gave Mederic Martin a plurality of 5000 for the mayoralty. Martin was the candidate of the French element.

MADE POSSIBLE IN SPRINGFIELD BY CITY GETTING POSSESSION OF 1500 ACRES ON RIVER

SPRINGFIELD, April 9.—Deeds were filed and papers signed yesterday transferring from Eugene F. De Normandie of Boston to the Springfield water department about 1500 acres of land and the water power rights streams tributary to the Little River the main source of Springfield's water supply.

The price paid was about \$75,000. This deal gives the Springfield department sites and land that will make it possible to triple its water supply and to develop water power, if so desired.

SEE WINDOW DISPLAY YOU'LL BE OUR CUSTOMER

EASTER—EASTER

Celebrate Easter with a Griffin Brand Suit. The snappy suit. Of genuine interest to you, however, is the question of obtaining the utmost for your clothes appropriation. WANT RESERVE BANK

OMAHA BANKERS OBJECT TO PLACING CITY IN KANSAS CITY DISTRICT

OMAHA, Neb., April 9.—Officials of the National bank of Omaha today drew up a protest to be sent to the secretary of the treasury objecting to placing of Omaha in the Kansas City district of the reserve banking system. The protest asks that if Omaha may not have a regional bank of its own it is to be thrown into the Chicago district, as the trend of its business is in that direction.

THE IRISH LEAGUE FUNDS

Treas. Fitzpatrick to Send \$10,000—Compliments the People of Lowell for Generosity

BOSTON, April 9.—T. B. Fitzpatrick, national treasurer of the United Irish League of America, expects to be able to send another remittance of \$10,000 to the trustees of the Irish parliamentary fund in Ireland when the home rule bill comes up for final passage.

Home Rule Victory Looked For
A speedy settlement of the home rule bill is now looked for. This is the conviction expressed by the national president of the U. I. L., Michael J. Ryan of Philadelphia, in a letter just received by the national secretary, Michael J. Jordan.

Mr. Fitzpatrick reports that he has received within the past few weeks \$7000 from the Irish World, New York. Through its late editor, Patrick Ford, the Irish World pledged \$10,000 at the last U. I. L. convention.

Other receipts are as follows: United Irish League of Chicago, \$2500, as a result of their St. Patrick's day meeting; Toronto, \$100, completing their pledge of \$2000; Lowell, Mass., \$350, completing their pledge of \$1600; Springfield, Mass., \$100; Portland, Ore., \$100. Remittances amounting to \$62,272 have been forwarded to the trustees of the fund in Ireland since the Philadelphia convention.

There will be a meeting of the executive committee of the league at the office in Boston this afternoon, when arrangements will be made for an active campaign to complete the Mac-

LEGISLATIVE INQUIRY

NEW BRUNSWICK HOUSE INVESTIGATES CHARGES AGAINST GOVERNMENT MEMBERS

FREDERICKTON, N. B., April 8.—The New Brunswick legislature this afternoon began the consideration of charges lodged against Louis Aguste Dugal, a member of the provincial legislature, against Premier J. K. Fleming and other government members. Mr. Dugal alleges that the premier extorted from him a sum of \$100,000, no part of which reached the provincial treasury and that bidders on the St. John and Quebec railway work had paid large sums to government members as the price of obtaining contracts. He charges also that a large amount of money resulting from the sale of bonds guaranteed by the government for the railroad construction was diverted from its proper channels.

WELL KNOWN PUBLISHER DEAD
NORWICH, Conn., April 9.—David N. Thayer, a retired newspaper publisher, died here today of heart failure. He was 79 years of age and brother of John M. Thayer of the superior court and former Mayor Charles F. Thayer of this city. At one time he published the Hotel Mail in New York city.

We Give S. & H. Green STAMPS

How About Your Easter Hat?

Are you thinking of buying one? If you are, don't forget that ours is the place where you can buy it for as little money as it can be had at any place in town. In fact our prices are so low that it isn't rare to hear a customer ask us, in surprise: "How can you do it, when others are charging such BIG PRICES?" Our answer is, small expenses make it.

Don't fail to come and see our \$1.98 and \$2.98 HATS that others are charging \$3.50 and \$4.50 for.

SENATOR LODGE

Continued

States, but I believe that during the past year the present position of the United States in its foreign relations has become very apparent to him, as it has to other responsible and reflecting men, and with this appreciation of our present position has come the earnest wish to retract some of our steps, at least, and to regain so far as possible, the high plane which we formerly occupied. It would be an obvious impropriety to point out the specific conditions of our present relations with the various nations, both in the old world and the new; it is enough to note the fact that we are regarded by other nations with distrust and in some cases with dislike. Rightly or wrongly, they have come to believe that we are not to be trusted; that we make only international relations the sport of politics and treat them as if they were in no wise different from questions of domestic legislation. This has not been in accord with our history or our position.

Abrogated Treaty But Once
Only once have we abrogated a treaty, and then actual if not declared war existed. We have scrupulously observed our international agreements, and where differences have arisen we have settled them not with the high hand of power but by negotiation and arbitration.

"I suppose that at this moment in the midst of the admittedly stimulated passions raised against the president's recommendation that we should repeal the toll exemption it will be thought very poor spirited and even truckling to believe that it is the accepted word—to suggest that in deciding this question we should take into consideration the opinions of other nations. Nevertheless, I consider this a very important element in any decision which I may reach, and I am encouraged to believe that I am right in so thinking, because I have the warrant and authority of the author of the Declaration of Independence. When Jefferson framed that great instrument he declared that the impelling reason for making the declaration was a 'decent respect to the opinions of mankind.'"

The Merest Hypocrisy
"The long delay in the ratification by the senate of the treaties renewing the

arbitration treaties of 1908 produced a widespread feeling among other nations that our championship of the principle of arbitration and our loud boasts of our devotion to the cause of peace were the merest hypocrisy, because we seemed ready to abandon the cause of arbitration when it looked as if our treaties might bring us to the arbitration of questions which we did not desire to have decided by an impartial tribunal. The president renewed the arbitration treaties, and finally, after a delay which, as I have said, aroused unpleasant suspicions, those which have been sent to the senate have been ratified. This was the president's first step, as I looked at it, in his effort to restore the influence and reputation of the United States, which he had found to be impaired. The second step in his recommendation of the repeal of the toll-exemption clause of the canal act. "The outcry about exhibiting subservience to Great Britain by any other country because we see fit to repeal the tolls seems to me hardly worthy of serious consideration. The United States is altogether too great and too powerful to be subservient to any one, and the mere fact of suggesting it seems to me to indicate an uneasy suspicion on the part of those from whom it emanates not only of the validity of their position but of the power and greatness of their own country, as to which I, for one, am troubled by no doubts.

Murder of 150 Americans
"As I have listened to some recent stirring declarations of our utter fearlessness, of our readiness to face a world at arms, in defense of toll exemption, about which noble cause no country would think of fighting, there have been moments when I have marvelled as I thought of the coolness and indifference with which we have contemplated the murder of more than a hundred and fifty Americans, no many miles from our own border. The violated rights, the unavenged, the almost unnoticed deaths of those innocent people have seemed to make heroes out of canal tolls, where there is no toll to any one, peculiarly out of place."

In opening his address Senator Lodge rehearsed the history of the canal negotiations previous to "the blunder of the Clayton-Bulwer treaty" which he said had committed the United States to obligations pregnant with future trouble. He told of the various steps

</

VETERANS PRAISE WILSON

G. A. R. Men Laud President for Mexican Policy Lowell Man Elected by Sons of Veterans

BOSTON, April 9.—President Wilson's Mexican policy of "watchful waiting" received the unanimous approval and endorsement yesterday of 500 members of the department of Massachusetts, Grand Army of the Republic.

Gathered in Ford hall at a banquet marking the close of their 47th annual encampment the veterans made known their sympathy with the administration's attitude by spontaneous and vociferous applause when it was praised and commended in an address by State Auditor Frank A. Pope of Leonistler.

"Thank God," cried Mr. Pope, "that we have a president in Washington who believes in a policy of 'watchful waiting' rather than one to precipitate a war."

House of Applause

For a full half minute after this declaration the speaker's voice was lost in the noise of stamping feet, and enthusiastic clapping of hands and cheering.

The state auditor also took occasion in his address to extol the industrial workers of the world, and especially one of the organization's leaders, Arturo Giovannitti, who, with Editor, was acquitted on a charge of murder growing out of the Lawrence strike. Giovannitti and such men, said Mr. Pope, sought to undermine the greatest asset of the nation and the one thing upon which its past success had been built and upon which its future depended—patriotism. This declaration, too, evoked a storm of applause.

Notable Banquet

Yesterday's banquet in many ways was the most notable ever held by the Massachusetts Department of G. A. R. Besides Mr. Pope, the guests of honor and speakers were Gov. Walsh, Governor-elect, and Commander-in-Chief of the Sons of Veterans, national commander-in-chief of the G. A. R., John B. Gilman, past national commander-in-chief, representing Mayor Curley; the Rev. Robert E. Horton, chaplain of the state senate; Commander-in-Chief Sautter of the Sons of Veterans; and John M. Woods, newly elected commander of the Massachusetts department.

All vie with each other in their praise of the G. A. R. and in extolling the power of its great influence on the country today. Then, in between the addresses, the old time songs of '61 were sung by an impromptu chorus organized under the direction of Commander A. J. C. Cretton of Melrose, and more the once as the unvarying voices of the old soldiers filled the hall eyes dimmed with tears and the cheers evoked by the patriotic airs came from throats, choked and husky with emotion.

One Much to Webster

The real oration of the dinner was given by Commander-in-Chief Gardner. More and more, he said, the country was showing its appreciation of the results of the war. He declared

LOWELL MATTERS

Continued

uous one. The fight for Mr. Pearson, will be led by Representative Victor F. Jewett of this city, Representative Ralph M. Smith of Somerville and Representative Arthur S. Newhall of Stoneham. Representative Smith is in the militia at the present time and Representative Newhall is a Spanish war veteran. He is also house chairman of the committee on military affairs, a firm supporter of the five-year term for adjutant-general and a staunch friend and admirer of the present adjutant-general.

Pension Lowell City Laborers

Between 50 and 60 bills having to do with pensions and including the bill to pension employees of the city of Lowell are before the committee on social welfare and the plan is being thought out for the systematization or standardization of pensions along a contributory basis, the legislature, as a whole, believing that the pension business is being overworked.

The bill relative to pensioning certain employees of the city of Lowell was introduced by Representative Dennis A. Murphy and reads as follows: Section 1. An employee of the city of Lowell who has reached the age of 60 years, and has been in such employment for a period of not less than 20 years and has become physically or mentally incapacitated for labor, and any employee of the said city who has been in such employment for a period of not less than 15 years, and has become physically or mentally incapacitated for labor by reason of injury received or illness incurred in the performance of his duties for the city, may at his request, and with the approval of the mayor and the board of aldermen, be retired from service, and if so retired, he shall receive from the city for the remainder of his life an annual pension equal to one-half of the annual compensation which he should have received had he worked full time during the year ending on the date of his application for said pension. Any employee of the said city, who has reached the age of 65 years and has been in such employment for a period of not less than 20 years, shall be retired, free of charge, and shall receive from the city an annual pension computed in the manner hereinbefore set forth.

Section 2. This act shall not apply to members of the police or fire departments of the said city.

Section 3. This act shall be submitted to the voters of the city of Lowell at the city election in the current year and shall take effect upon acceptance by a majority of the voters voting thereon.

Assistant Probation Officer

The bill calling for an assistant probation officer and more clerical assistance in the Lowell court is still hanging fire at the state house and it was stated today that the legislature will frame a statewide bill covering this matter as the number of bills of a like nature coming in from various cities and towns are too numerous for comfort.

State Tax Increasing

There are a number of small items being held up by the committee on ways and means for further consideration as to disposition. Money, the root of all evil, is at the bottom of the holding. The legislature up to the end of March, has appropriated as much money as was appropriate during the entire year of 1913, and this simply means a big increase in the state tax. The state tax last year amounted to \$8,000,000, and at the present time it represents about \$9,000,000. It is expected that the state tax will reach and probably exceed \$10,000,000 before the end of the year, and the going is going to be a little rougher.

The committee on ways and means realizes this and is attempting to put on the brakes. Quite a number of the minor bills being held up by this committee are of interest to Lowell.

Lieutenant Governor's Kick

Lieutenant Governor Barry charges the members of the legislative recess committee on tuberculosis with all kinds of improper expenditures and a Lowell man, Rep. Victor F. Jewett is on that committee. Asked today if he had anything to say relative to Mr. Barry's graft charges, Mr. Jewett said: "So far as expense bills are concerned I cannot speak for the committee as a whole. I can speak only for myself, and the only expense bill submitted by me was for car fare between this city and Boston. I do not think that the lieutenant governor or anybody else can very well criticize my bill."

ST. PETER'S ORPHANAGE

The good sisters of St. Peter's send out the following reminder to their friends on the occasion of the Easter festival. The sisters and children of St. Peter's orphanage would be pleased and grateful to be remembered by their friends and benefactors. Their new and commodious home on Stevens street, near the city hall, is now open for the reception of gifts for larger funds and supplies. Provide for the children, clothing, and money are always acceptable. We express our sincere thanks for past favors.

Respectfully yours,
The Sisters of Charity.

MAY SAVE MURDERER

DETECTIVE BURNS SAYS MARY PHAGAN WAS KILLED BY A MORALLY ABNORMAL MAN

ATLANTA, Ga., April 9.—Mary Phagan, the factory girl mysteriously murdered here nearly a year ago, was killed by a morally abnormal man, in the opinion of Detective Wm. J. Burns, who has investigated the case.

Mr. Burns made this statement after a conference yesterday with Solicitor General Hugh Dorsey, at which the two went over all physical evidence presented at the trial of Leo M. Frank, under sentence of death for the murder.

Burns previously had repeatedly declared that Frank, in his opinion, is perfectly normal. Asked whether yesterday's statement, however, meant that his report would show the condemned factory superintendent innocent, the detective declined to commit himself.

Yesterday's conference was the first between Mr. Burns and the solicitor, who was in charge of Frank's prosecution. At its close Mr. Dorsey declined to talk. Mr. Burns, however, said the evidence in the solicitor's possession was in line with his own conclusions. Mr. Burns' report on the case probably will be made public this week. Frank's execution is set for April 17.

James Conley, negro factory sweeper, testified at the trial of Frank that the young superintendent was a moral pervert.

STEAMERS ARRIVE

BIG STRIKE IMMINENT

SYNDICALISTS PLAN GENERAL WALKOUT UNLESS INCREASE IS GRANTED ALL WORKERS

LONDON, April 9.—The syndicalists are taking measures to bring about a general strike in the autumn, according to the Standard, in order to procure an advance of five shillings (1.25) in the weekly wage of all workers.

So far, however, many of the responsible leaders of the trade unions oppose the idea.

The new waists for Easter shown at Gilbride's deserve your inspection.

FOR FEDERAL POST

HUGH D. McLELLAN OF LEXINGTON BOUND FOR U. S. DISTRICT ATTORNEY OF BOSTON

BOSTON, April 9.—Attorney Hugh D. McLeLlan of Lexington, senior member of the firm of McLeLlan, Carney & Brickley at 14 Milk street, is reported in legal circles as the next United States district attorney at Boston.

His name has been presented to Attorney-General McReynolds for appointment, with the indorsement of prominent members of the bench and bar in Massachusetts. It is expected that his name will be sent to the president for appointment today.

Mr. McLeLlan is 37 years old, and if appointed will be one of the youngest men to hold the position of United States district attorney at Boston. He is a graduate of Colby college '85, and of the Columbia law school '88. He is a native of Lowell, and graduated from Columbia he was admitted to practice at the Massachusetts bar. He became associated with Samuel C. Bennett, formerly dean of the Boston University Law school, and then organized the present firm, with which he has been associated for a number of years as senior member.

Novelty in suits for Easter can be had at The Gilbride Co.'s Store.

AMUSEMENT NOTES

LOWELL OPERA HOUSE

If you like good wholesome excitement, snappy acting and beautiful photography, by all means see "Tillus, the Terror," the feature offering at the Opera House today. This stirring production combines unusual scenic effects with a subtle plot—thrilling, yet easy to follow. The remarkable adventures of the detective who risks his life to catch the elusive criminal who has robbed Mrs. Tarsova of her jewels, are scenes that you will not soon forget. The climax in the third act, when the detective by a ruse from the airplane, and captures Tillus, the ringleader of the bandits, is a startling one, no less surprising than realistic. The production is a masterpiece of unique character introduced throughout the production that are absolutely new to motion pictures, while the acting of the principals is most convincing and contributes largely to the success of this photo-play.

"PEG O' MY HEART"

"Peg O' My Heart," the most delightful comedy the American stage has known in many years, will be the attraction at the Opera House, Wednesday afternoon. In the company which is the most complete in the city, Miss Laurette Taylor plays a terrific hit at the Court Theatre, New York, that she is now rounding out her second year of an uninterrupted run there with a capacity record so far. It is considered one of the marvels of present-day drama.

Oliver Morosco, the producer, has chosen Miss Marion Denier, a winsome little actress of unusual ability, to play the role of Peg in the company which is to be seen here. He has surrounded her with a cast which rivals that now playing in New York. "Peg O' My Heart" is a play for all classes and all ages. It is a play for all classes and all ages. It is a play for all classes and all ages. It is a play for all classes and all ages.

MERRIMACK SQUARE THEATRE

The Merrimack Square theatre players, who are to open their spring engagement next week, with matinee comedy, "The Man on the Box," should receive a cordial welcome on their first appearance. Seats for the first night performance are now on sale, and during the first few nights of orders already given, there is every reason to expect a capacity audience on Monday night. The piece will be given a capacity audience on Monday night. The piece will be given a capacity audience on Monday night. The piece will be given a capacity audience on Monday night.

This picture story is not only interesting, but it teaches a strong lesson which should be learned by all.

Try MUSTEROLE For That Lame Back

Rub it on briskly—massage it in thoroughly, and note how quickly MUSTEROLE drives out the stiffness and soreness.

It beats mustard plaster seven ways, and best of all, it doesn't blister or burn.

MUSTEROLE is a clean, white ointment made with oil of mustard. It comes in handy white glass jars. Get a jar from your druggist today.

MUSTEROLE is recommended by doctors and nurses. Millions of jars are used annually for Bronchitis, Croup, Stiff Neck, Asthma, Neuralgia, Congestion, Pleurisy, Rheumatism, Lumbago, Pains and Aches of the Back or Joints, Sprains, Sore Muscles, Bruises, Chills, Burns, Frost Bites, Colds of the Throat, and Pneumonia.

At your druggist's, in 25c and 50c jars, and a special large hospital size for \$2.50.

Accept no substitute. If your druggist cannot supply you, send 25c or 50c to the MUSTEROLE Company, Cleveland, Ohio, and we will mail you a jar, postage prepaid.

W. H. Thurmond, Rockfish, Va., says: "Musterole is the greatest thing I ever saw for the treatment of rheumatism, affording instant relief to sore and stiff joints and muscles."

CONG. PETERS HITS WILSON

Attacks President's Mexican and Panama Canal Tolls Policies at G. O. P. Convention

AUGUSTA, Me., April 9.—Nearly one thousand delegates were assembled in city hall this morning when the republican state convention was opened.

The convention was called to order by Col. Frederick Parkhurst of Bangor, the chairman of the state committee.

Congressman John A. Peters' address delivered upon assuming the chairmanship occupied the attention of the delegates for more than an hour.

CONG. PETERS' ADDRESS

AUGUSTA, Me., April 9.—An attack on President Wilson's Mexican and Panama canal tolls policies was made by Congressman John A. Peters of this state in his address as presiding officer of the republican state convention today.

"I have great admiration and respect for President Wilson," said Mr. Peters. "But no one but the blindest partisan or one who has given the matter no thought can have the slightest respect for the foreign policy of his administration, especially in Mexico. Indeed, it cannot be properly called a policy at all because it is unintelligible and aimless."

He declared that by refusing to recognize Huerta, the president lost his greatest opportunity to establish some kind of order in Mexico and save thousands of lives and countless treasure.

"During this 'watchful waiting' policy," continued Mr. Peters, "the lives and property of our own and other citizens are being destroyed. England and other countries have acted with extraordinary forbearance but the limit must be reached sometime. The Mexican policy of the administration has excited the surprise and contempt of European countries."

"It looks in Washington as if England had our administration in a hole. Apparently she has taken advantage of the situation and said to the president: 'Kindly have your congress reverse its action in giving your coastwise vessels a right to go through the Panama canal free and we will keep out of Mexico.'"

"To require the free tolls law under the present circumstances admits that we had not the right to pass it. It changes the whole result of the stupendous work, smashes the Monroe doctrine and will change the history of this country."

Speaking of state issues, Mr. Peters urged the convention to declare itself in opposition to the people of the prohibition amendment to the state constitution.

\$3,299,000 FOR CHICAGO KILLED UNDER WHEELS

CITY WILL GET THAT AMOUNT FROM NET EARNINGS OF THE SURFACE STREET RAILROADS

CHICAGO, April 9.—The city of Chicago will receive \$3,299,000 as its share of the net earnings last year of the surface street railroads, according to the annual reports of the companies made here today. Under the terms of a franchise granted the city receives 55 per cent of the net earnings.

The section which has accumulated since the franchise became effective and which is now in the city treasury amounts to about \$14,000,000.

LOTS OF WHITE PERCH

WASHINGTON, April 9.—Representative Rogers called on Commissioner Hugh M. Smith of the bureau of fisheries and requested a request from the Lowell Fish and Game Association that takes in the vicinity of that city be stocked with white perch. Mr. Smith said the request came at an opportune time, as the bureau is taking spawn from the Sagadahoc river, and that the lakes would be stocked very soon.

EXPLOSION KILLS SEVEN

WORKMEN BLOWN TO ATOMS WHEN HUGE STEAM SHOVEL STRUCK DYNAMITE

THE DALLAS, Ore., April 9.—Seven men were killed outright, one is dying and a half dozen others were injured on the Dallas-Cello government canal works near Big Eddy yesterday, when a heavy charge of dynamite that had missed a fire was struck by a steam shovel.

Engineer Kinler, who was working the shovel that struck the dynamite, was blown into the coils of his machinery and ground to death. It was thought at first that only three men had been killed, but soon after it was discovered that four more were buried beneath tons of rock. Workmen at once began digging for their bodies.

BOSTON, April 9.—Mrs. Catherine Rollins, aged 17, who swallowed a bicarbonate of mercury tablets with suicidal intent 10 days ago, died at the Lynn hospital yesterday with a prayer for her life that her husband, Harry Rollins, had forgiven her for the wrong he had done her.

Four months after their elopement and secret wedding at Kittery, Me., two years ago, Mrs. Rollins left her husband because of alleged habits of intemperance and returned to the home of her parents, Mr. and Mrs. Henry J. Leary of 11 Varum street, Lynn.

After subsequent attempts to renew housekeeping, Rollins was arraigned in the Lynn court on the charge of non-support, and was ordered to pay \$5 a week for the support of his wife.

In March, 1913, Rollins disappeared and no word was received from him until his funeral in New York appeared in the papers. Mrs. Rollins and her parents became convinced of his death, which was put on the records by the clerk of courts.

Three weeks ago Rollins appeared in Lynn. He learned that he was the father of a boy now 10 months old, and Mrs. Rollins prevailed upon the court to give her husband one more chance after his arrest on a capias.

Ten days ago Rollins began to drink again to excess, and following another arrest, said to be the last, in the home of her husband and several others. Her recovery was expected within a few hours before her death.

Rollins was arrested for violating her probation the day after his wife swallowed the tablets, and is serving a sentence of two months in the house of correction at the present time.

LOWELL MEN

Will Attend Convention in Amesbury on Sunday, May 3

The quarterly meeting of District Council No. 4, Union St. Jean Baptiste d'Amesbury will be held in Amesbury, on Sunday, May 3. The affair will be under the auspices of St. Jean Baptiste council of that city and an elaborate program is being prepared for the occasion.

The delegates will include representatives from councils in various cities of the state, who will attend a solemn high mass at the Sacred Heart church, where a special sermon will be delivered by the pastor. At the conclusion of the church service a dinner will be tendered the delegates and in the afternoon a business meeting will be held. The meeting to be opened by Joseph F. Montminy of this city, substitute to the president general.

The local delegates to attend the meeting will be Hector McDonald, J. N. Jacques council; Joseph Lussier, Laval council; Joseph Carrier, Carleton council; Mrs. Morier, St. Theresa council; Pierre A. Brousseau, Barre council. Other delegates will represent councils from the following places: Lawrence, Haverhill, Amesbury, Newburyport, Lynn, Salem, Danvers and Ipswich.

MAY BE LAW TOMORROW

RHODE ISLAND LIQUOR DEALERS DISCUSS BILL TO CLOSE SALOONS ON GOOD FRIDAY

PROVIDENCE, April 9.—A largely attended meeting of retail liquor dealers of the state was held yesterday afternoon to discuss the Good Friday closing bill, now before the legislature. The settlement of the dealers was divided, many believing it would be a disaster to close on Good Friday if another bill before the legislature to allow all saloons to open Labor day had any chance at passage.

An attempt to block the passage of the Good Friday bill was frustrated yesterday afternoon by Gov. Pothier. This morning the senate committee on special legislation will report the bill, which is recommended of passage in concurrence, and it will probably pass. The committee on engrossed acts will report at once, and the governor will sign the bill so that it will be operative Friday.

GIRL WIFE ENDS HER LIFE

AFTER A QUARREL WITH HER HUSBAND

BOSTON, April 9.—Mrs. Catherine Rollins, aged 17, who swallowed a bicarbonate of mercury tablets with suicidal intent 10 days ago, died at the Lynn hospital yesterday with a prayer for her life that her husband, Harry Rollins, had forgiven her for the wrong he had done her.

Four months after their elopement and secret wedding at Kittery, Me., two years ago, Mrs. Rollins left her husband because of alleged habits of intemperance and returned to the home of her parents, Mr. and Mrs. Henry J. Leary of 11 Varum street, Lynn.

After subsequent attempts to renew housekeeping, Rollins was arraigned in the Lynn court on the charge of non-support, and was ordered to pay \$5 a week for the support of his wife.

In March, 1913, Rollins disappeared and no word was received from him until his funeral in New York appeared in the papers. Mrs. Rollins and her parents became convinced of his death, which was put on the records by the clerk of courts.

Three weeks ago Rollins appeared in Lynn. He learned that he was the father of a boy now 10 months old, and Mrs. Rollins prevailed upon the court to give her husband one more chance after his arrest on a capias.

Ten days ago Rollins began to drink again to excess, and following another arrest, said to be the last, in the home of her husband and several others. Her recovery was expected within a few hours before her death.

Rollins was arrested for violating her probation the day after his wife swallowed the tablets, and is serving a sentence of two months in the house of correction at the present time.

See Bartlett at Billerica

Elmer R. Bartlett—the man who is selling the best lots within walking distance of the new car shops—at prices no one else can touch.

WAR ON 'QUACKS'

Declared by Women's
Municipal League of
Boston

BOSTON, April 8.—The Women's Municipal League of Boston yesterday declared war upon "quack doctors."

Their attack will be against five patent medicines, alleged cures and unscrupulous medical practitioners. They also received a report that the air in the state house was dangerous to life.

In charge of the campaign against crooked practice among doctors is the "committee on quackery," comprising the following: Mrs. Milton J. Rosenau, chairman, 65 Naples road, Brookline; Mrs. B. H. Burns, Chestnut Hill; Miss Mary Mills, 557 Beacon street; and Mrs. Andrew J. Webster, The Puritan, Boston.

Mrs. William Lowell Putnam and Mrs. Rita Hunt, members of a sub-committee, have been making an intensive study of one alleged quack doctor, and are hopeful of bringing the courts to act against him. They refused to divulge the particulars of that case.

The meeting yesterday was called for the reading of committee reports and the election of officers. The following were elected: President, Mrs. T. J. Bowler; first vice president, Mrs. J. Randolph Coolidge, Jr.; second vice president, Mrs. Henry Pratt McKean; third vice president, Mrs. Jayard Thayer; secretary, Mrs. Sumner B. Pearmain; chairman of the advisory committee, on Finance, Mrs. Henry Parham; directors at large, Mrs. Geo. T. Rice and Mrs. Henry Tudor.

Tenements Unit
The housing committee reported

that women and children in Boston, particularly in the North and West Ends, are living in unfit tenements, where there is no sunlight; lamps being lighted during the day.

An effort is being made by the women to push through house bill 1912, dealing with the conditions found by the committee. The house committee has already reported favorably upon the bill.

The report of the committee on public buildings and conveniences said that "the improvement of the air in the state house seems a hopeless task until the new wing is built, when it is promised that committee meetings may be attended without the present immediate danger of asphyxiation."

The air in the public library, particularly in Bates hall, the children's room and the periodical department, was found to be comparatively free of bacteria and yet it has a marked odor of an oppressive quality, probably from the blinding, paper and glue of the books. That statement was based upon an investigation made by Prof. Phelps of M. I. T.

The executive committee was granted the privilege of increasing its membership from 15 to not more than 18 persons, and the board of directors from 10 to not more than 8.

TRUANT OFFICER DEAD

James R. McGowan of Lawrence Victim of Heart Disease—On Board Thirty-two Years Ago

LAWRENCE, April 8.—James R. McGowan, truant officer of the public schools nearly 32 years, was taken ill while on his way to the headquarters of the school department in the High school building yesterday morning and died on the way to his home, 14 Berkeley street. Heart trouble is believed to have been the cause.

He was born in Ireland and became truant officer Sept. 1, 1882. He was a member of Lawrence council, R. A., and the New England Truant Officers' association. He leaves a wife and four daughters, two of whom are teachers in the public schools.

FOUR GUNMEN WILL GO TO
ELECTRIC CHAIR, APRIL 13

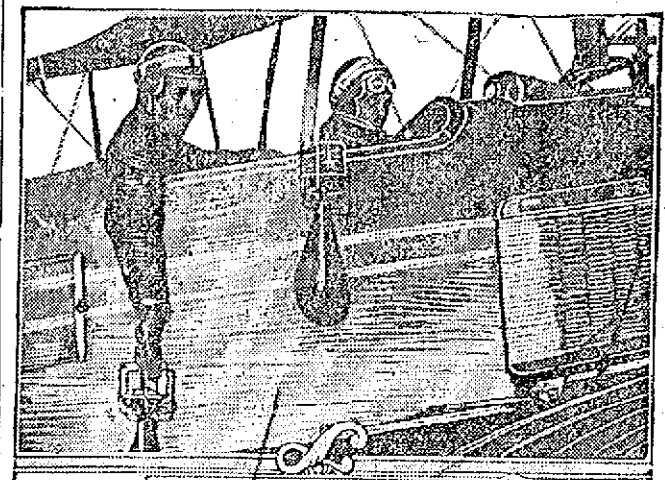

1. WHITEY LEWIS—2. DAGO FRANK—3. LEFTY LOUIS—4. GYP the BLOOD—5. Judge GOFF—6. SING SING PRISON—7. District Attorney WHITMAN

ALBANY, April 8.—Governor Glynn has denied the application of the four gunmen in the Becker case for a commutation of sentence of death or for a reprieve. The men—Frank Cioflet ("Dago Frank"), Louis Rosenberg ("Lefty Louis"), Harry Horwitz ("Gyp the Blood") and Jacob Seidenshner

("Whitey Lewis")—will go to the electric chair in Sing Sing prison at sunrise on Monday, April 13. When the court of appeals passed upon the judgment of the court imposing the sentence the date originally fixed for their execution had passed. Therefore it became incumbent upon the court of appeals to set a new date of execution, and it named the week beginning April 13. The only avenue of hope then left open to the four condemned men was executive clemency, and the governor was appealed to. At first he was inclined to grant a reprieve, but after asking for advice from prominent criminal lawyers he took up the reading of the testimony given at their trial, and from that time a decided change was noticed in his attitude. Frank is twenty-eight, Gyp twenty-five, Louis will be twenty-three this month, and Whitey is twenty-six. The crime for which they are to be punished was the shooting of Herman Rosenthal at 2 o'clock in the morning of July 16, 1912, at the front door of the Hotel Metropole, on Forty-third street, a scant hundred feet off brilliantly lighted Broadway. District Attorney Charles S. Whitman proved that the four had been engaged by Jack Rose, Bridget Weber and Harry Vallon to kill Rosenthal before he could get to the district attorney that morning and "squeal" on Lieutenant Becker, who was accused of grafting and extortion. The three turned state's evidence, and it was on their testimony that the four were convicted and that Becker was found guilty of having instigated the crime. District Attorney Whitman's quick action in the case is believed to have been responsible for the conviction of the four gun men and Lieutenant Becker. He took personal charge of the case before sunrise a few minutes after the murder occurred, and in spite of the opposition and poor memories of various members of the metropolitan police he carried the case through to a successful conclusion. The men were tried before and sentenced by Judge Goff. The arrow in the accompanying prison picture indicates the death house at Sing Sing.

REPORT ONE WILL CONFESS
NEW YORK, April 8.—There were persistent rumors today to the effect that at least one of the four gunmen who are to die at Sing Sing Monday morning for the part they played in the murder of Herman Rosenthal, the gambler, would confess. The rumors could not be traced to their source. Joseph A. Shay, counsel for Charles Becker, the former police lieutenant convicted for instigating the murder but saved by higher court ruling, said he might go to the prison some time today and endeavor to get statements from the four men to be used by the defense at the second trial of Becker. Although Gov. Glynn has twice refused to grant a reprieve, the families of the gunmen and their counsel, Charles G. Wahl, had not given up all hope today. Every means known to the law will be employed from now until Monday, Wahl declared. The rumors regarding the expected confession had it that the one gunman most likely to talk was "Gyp the Blood" Horowitz.

LATEST AID FOR MEXICAN REBELS;
AEROPLANE THAT SCATTERS BOMBS

JUAREZ, April 8.—What is expected to be a powerful aid to the rebel army in its southward advance through Mexico toward the capital is a fleet of aeroplanes built for bomb dropping purposes. Both Carranza and Villa place great faith in these deadly machines. They are a product of the Moisant company, and one has already been delivered here. Six others are being constructed. The illustration shows a bomb dropping aeroplane ready for active service.

HEIRESS TO \$250,000

MRS. WELLES, NIECE OF CALIFORNIA FORTY-NINER, LOCATED IN BOSTON

BOSTON, April 8.—Mrs. Elizabeth Welles of 230 Huntington avenue yesterday received word from San Francisco that she is the heiress of an estate valued at \$250,000.

For two years, she declares, Rush & Smith, San Francisco attorneys, have been searching for heirs of Charles W. Raymond of that city, a forty-niner, who went there from the east.

Raymond, who died in 1912, was known to have once lived in Augusta, Me. He had one sister, Elizabeth Raymond. His parents had died. Detectives were put to work and learned that the sister had married a man named Bruce and removed to Boston. Following the trail to this city the sleuths learned that Mrs. Bruce had died, leaving one daughter, Elizabeth. She was the only child. The daughter had married a man named Welles, who had also died. Mrs. Welles was located at 230 Huntington avenue.

"I was very much surprised," she said yesterday. "I knew that I had an uncle named Charlie, as another used to receive letters from him. But they ceased years ago and I never knew where he was after that."

"There is so much litigation about such things that I suppose other heirs will crop up," she continued. "But I do not see where anyone else can claim a share. Uncle Charlie never married, and as my mother was his only sister

there are no cousins to make claim to the property. "I expect to go to the coast any day now. I am awaiting word from the attorneys there. The estate comprises real estate in California and in New York, securities, principally government bonds, and cash. I am very happy."

CHENEY OUT IN HARTFORD

HARTFORD, Conn., April 8.—Although on the face of the returns of the biennial mayoralty election Tuesday, Mayor Louis A. Cheney, republican, was returned to office by 64 votes, the moderator of the adjourned city meeting late last night, declared Jos. H. Lawler, democrat, elected by an arbitrary plurality of 35 votes. This action was taken because of the democratic contention that one of the voting machines in the fourth ward failed to register 120 democratic votes.

The machine was opened during the day and it was found that the cog connecting with the Lawler counter was out of order, preventing it from recording the vote.

After the meeting City Clerk Smith issued, on his own volition, a certificate of election to Mayor Cheney. Mr. Cheney refused to accept the certificate and sent in his resignation to take effect at once. He says that while it is apparent he was elected, on the face of the returns, "it will be intolerable for me to serve as mayor with the consciousness that my election may have resulted from a failure of the voting machinery to record the will of the people."

Park Commissioner H. F. Carr Offers to
Resign if His Fellow Commissioners
Will Do Likewise

APPEAL FOR PLAYGROUNDS

At a meeting of the park board last night the chairman and the other members of the board wanted the public to know that the park commission has nothing to do with raising money for the playground. I think the public is aware of the fact but in order to leave no doubt on the matter, this notice is published.

One member of the board stated in open meeting that it was a disgrace to the city to have published the notice that only one dollar was received from a canvass of eight firehouses. At some of the houses visited the men were missing, but later I met some of them and received a cold reception.

The reason the firemen, policemen and school teachers were appealed to was because the money that was given these different departments rendered the city council unable to give the park department the money required.

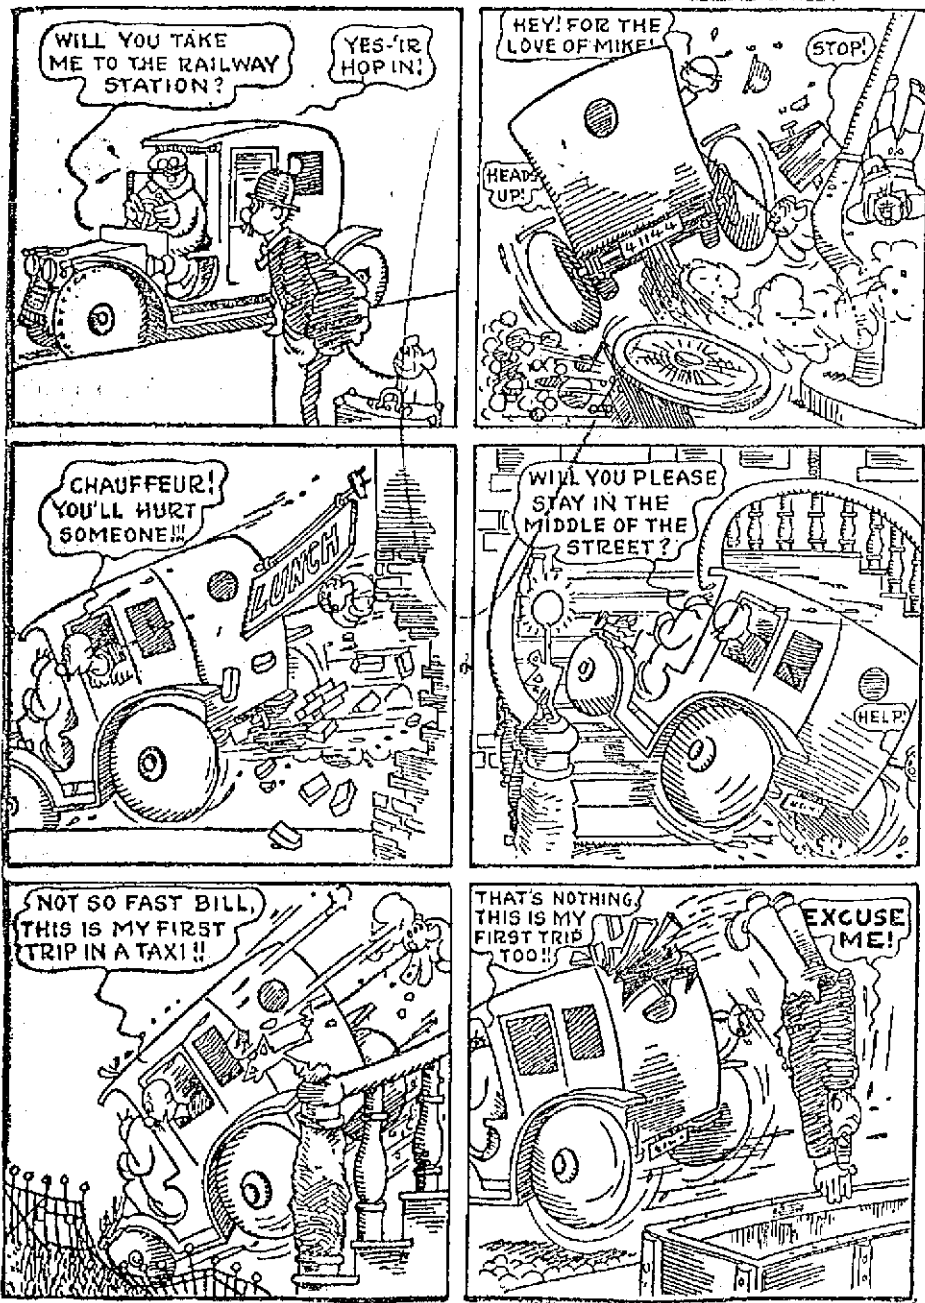

The firemen and others in the public service should at least give a little to help the playgrounds. The school teachers have been very good and the police will be also.

The policemen of Lowell have been donating money the past month to causes known to me and I am sure when the time comes the police will be just as generous as the school teachers. If the park commission feels that I am disgracing the board and the city of Lowell by helping to get money to have playgrounds and pay the young ladies better wages than \$15.00 per month, I will resign if the other members will send in their resignations at the same time.

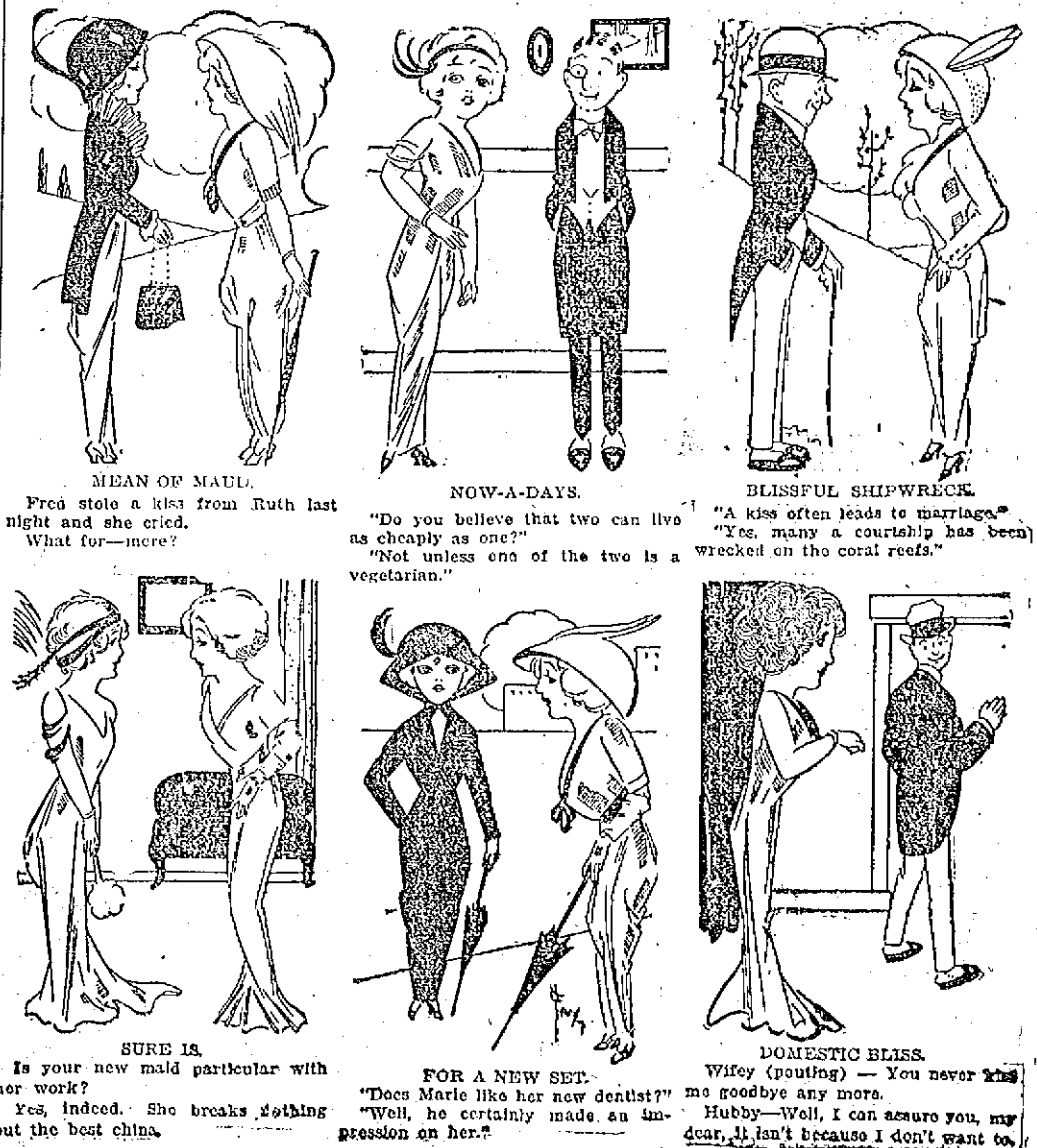

I feel that it is a pleasure to help others and that the playground fund is a good cause.

Send checks or money to Lowell Trust Co., Playground Fund.
HENRY F. CARR, Park Commissioner.

EXCUSE ME

A LITTLE NONSENSE

LEAVES JAIL WITH BABY

Powerful N. Y. Friends Win Plea for Woman Who Didn't Under- stand—Happy Reunion

NEW YORK, April 30.—The doors of Ludlow street jail opened at six o'clock last night for Mrs. Chalciano Gallo and her infant son. As fast as a taxi could take her there she was driven to her flat in the rear tenement house at 424 East Forty-fourth street, where five children have been waiting for her since last Saturday afternoon and wondering where she had gone with the two strange men who took her away that day.

The release of Mrs. Gallo and her baby was brought about through the successful efforts of sympathetic Wall street broker, who had read of the case and induced City Court Justice Hanson to use his judicial discretion in vacating the order of arrest of Mrs. Gallo, who was imprisoned because she didn't pay \$185 due on a fruit stand she bought, and then because when the man was giving birth to her baby she failed to answer an order to go to court.

After Mrs. Gallo had been in jail over Sunday with her baby and the man and woman who caused her to be sent there had refused to consent to her release, the members of a stock exchange firm who lead of the case engaged Martin C. Ansgore to get her out of jail and send her back to her little flock if possible.

Powerful Friends Raised

When Mr. Ansgore started proceedings he found that the Prison association already had been induced to go back on the matter by the president of a bank and of a guarantee company. The association retained Frederick H. Cowdell, who, with Mr. Ansgore, took the case from City Court Justice Smith. Justice Smith referred the application for Mrs. Gallo's release to the Board of Prisoners, who signed the original order for Mrs. Gallo's examination in supplementary proceedings. Justice Hanson interrupted a trial to hear the application.

The lawyers submitted to the court an affidavit by Dr. James A. J. O'Brien, a physician at Ludlow street, who said that the health of both Mrs. Gallo and little Nicholas would be endangered by confinement in a jail where there are no proper means for caring for a young child.

Says She Didn't Understand

In his argument Mr. Ansgore told the court that he and the brother who had induced him to take up the case had talked with Mrs. Gallo in the morning and that on Tuesday afternoon and were convinced that, although her husband has been paying \$1 a week out of his salary of \$3 to her lawyer, she has not had proper legal advice and that her failure to obey the court's order was due partly to the fact that she knew no English, and also because of her illness when the child was born.

Justice Hanson reserved decision until late yesterday afternoon and then he had yesterday an order granting the application for the release of Mrs. Gallo. In his opinion he said that the facts were comprehensive and coherent statement in defence of Mrs. Gallo had been made by Mr. Ansgore in his application and that previously there had been no evidence before the court to show that Mrs. Gallo had not been guilty of willful contempt.

Mr. Ansgore is proud to see that Mrs. Gallo turned over her property to the creditors if she was counseling any.

Happy Reunion at Flat

As soon as Mr. Ansgore got the order from Justice Hanson he went to the jail in a taxi and had Mrs. Gallo made ready to go home. Mrs. Thomas Rock, wife of the warden, helped Mrs. Gallo get her things together. Mrs. Gallo was so happy she cried constantly in saying goodby to the warden and Mrs. Rock and in thanking them for their kindness. Then she

A big factor in the late start of the Lowell club each season has been the diamond. It has usually been wet and soggy and the players could not get to some pitch, making the game difficult to play.

skirts were the pink, Virginia and Josephine, nearly old, who are crippled, and the three little ones, who in apparent need of food. Although it was then 7 o'clock the children had had no supper and no plans for it were under way. The three rooms were scantily furnished and from the general appearance of things it was difficult to believe, as the creditors contend, that Mrs. Smith is hoarding away treasure.

leazed from the jail," said Mrs. Gallo through an interpreter, "any more than I know why I was sent there, but I do know that I was cheated by the people who sold me that fruit stand. I spent all the money I had trying to make it pay and now that it has failed

the local club's office this afternoon addressed "Fred, Lake, Manager Lowell Baseball Club." "What do you think of that? Jimmy Gray is thinking some of having an attachment placed on Uncle Sam's delivery so that he can trace the sender of the missile.

RISE IN TEMPERATURE

IS PROMISED—FREEZING AND NEAR FREEZING TEMPERATURES IN SOUTHWEST

MEMPHIS, Tenn., April 3.—Freezing and near freezing temperatures were reported from western Arkansas, northern Mississippi and Oklahoma by the local weather bureau today. Indications are that much of the fruit and vegetables in exposed places have been killed. Today the sun is shining with promise of a decided rise in temperature.

SCORES TWO PLATOON BILL
BOSTON, April 9.—Corporation Counsel John A. Sullivan has written a general letter to house members in protest against the two platoon bill system. He says:
"Boston spends about \$2,000,000 a year of its fire department. The pay, the allowance for meal hours and for time off are liberal. There is no reason for the bill. It would increase Boston's expenses nearly \$500,000 at once and inside of five years the increase would be about \$750,000 a year. Boston should be exempted from the bill."

Mr. Sullivan attacks the recommendation on the bill, saying that it violates the spirit of the referendum, which is not to send to the people financial measures.

A baby boy was born last night to Mr. and Mrs. John Brady of 35 South street. Mr. Brady, whose claims and father's claims are well known, is the proudest little man in Lowell today. The boy has eight months and weighs 14 lb. and 10 oz. and is the latest addition to the family of Mr. and Mrs. Brady. It is said that the boy is named after his father's father, John Brady.

INDICTED BY GRAND JURY
CINCINNATI, April 9.—Norris Bettman of this city, former president of the firm of Bettman-Johnson Co., liquor dealers, which recently went into bankruptcy, was indicted here today by the federal grand jury on the charge of using the mails to defraud.

LEGAL NOTICES

COMMONWEALTH OF MASSACHUSETTS, Middlesex, ss. Probate Court. To the heirs-at-law, next of kin, and all other persons interested in the estate of Charles C. Fisher, late of Lowell, in said County, deceased, do I, Edward D. McVey of said Lowell, Whereas, a certain instrument purporting to be the last will and testament of said deceased has been presented to said Court for probate, by Frank Barnard, who prays that letters of administration with the will annexed may be issued to him without requiring sureties on his bond, or to some other suitable person, said McVey, the executor named in said will being alleged to be incompetent to perform the trust.

You are hereby cited to appear at a Probate Court to be held at Lowell, in said County of Middlesex, on the twenty-first day of April, A. D. 1914, at nine o'clock in the forenoon, to show cause, if any you have, why the same should not be granted.

And said petitioner is hereby directed to give public notice thereof, by publishing this citation once in each week, in some newspaper published in Lowell, the last publication to be one day, at least, before said Court, and by mailing, post-paid, or delivering a copy of this citation to all known persons interested in the estate, seven days, at least, before said Court, and by delivering to said McVey a copy thereof seven days, at least, before said Court.

Witness, Charles J. McIntire, Esquire, First Judge of said Court, this twenty-fifth day of March, in the year one thousand nine hundred and fourteen.

W. E. ROGERS, Register.

MORTGAGES SALE OF REAL ESTATE

By virtue of a power of sale contained in a certain mortgage deed given by Edward Jordan and Mary Jordan to Harry Raynes, dated November 5th, 1904, and recorded in the Registry of Deeds for the County of Middlesex, Book 325, Page 19, and by said Harry Raynes assigned to Loretta H. Comerford, a certain lot of land situated in the said Registry of Deeds, will be sold at public auction on the premises on Saturday, the 25th day of April, 1914, at 10 o'clock in the forenoon, of the branch of the conditions of said mortgage, all and singular the premises conveyed by said mortgage deed, namely, a certain lot of land situated in the buildings thereon situated east of Linden street in said Lowell and is this bounded and described, viz: Beginning at a certain lot of land situated in the premises at the point in the center of a passageway sixteen feet wide which is for use, and is to be forever kept open, and certain lot of land situated on the same, which point is opposite the partition wall dividing the building or tenement standing on said premises, standing on the premises next westerly thereof, thence in a straight line 60 and through the center of said partition wall, thence easterly and still on the same line, thence southerly about sixty feet to the center of said passageway, thence westerly along the center of said passageway to the point of beginning. Also a right and privilege for and to the said grantees their heirs and assigns and the occupants of said tenement, to take water from the well on the premises next westerly thereof, as the same is now taken and for this purpose to enter upon the premises of said building and to use the same as a well to take water from said well to said tenement premises.

The premises to be sold subject to any and all unpaid taxes or assessments due the City of Lowell.

The sale will be paid in cash by the purchaser at the time and place of sale.

LORETTA H. COMERFORD, Assignee and present holder of Mortgage.

James E. O'Donnell, Attorney.

WOMAN OF 80 PERISHED

MRS. CATHERINE FLEMING OF BOSTON FOUND BY NEIGHBOR WITH CLOTHING IN FLAMES

BOSTON, April 3.—Mrs. Catherine Fleming, 80 years old, was so seriously burned in her home at 15 Parnell street, Roxbury, yesterday afternoon, that she died before she could be taken to the hospital.

Mrs. Fleming was very feeble and had been warned not to touch the fire, as a neighbor was in the habit of coming to look after it with her daughter. She was absent. Yesterday her daughter left home about noon, and about 1:30 p. m. Caroline Duffley, a neighbor, came in to see if everything was right, and found Mrs. Fleming asleep on a couch.

About 4:30 boys playing in the street in front of the house saw smoke pouring out of the front windows, and gave the alarm. Mrs. Duffley ran in and found Mrs. Fleming standing in a corner, her clothes and hair a mass of flame.

Miss Duffley seized a blanket from the bed in the room, and wrapping it about Mrs. Fleming, attempted to smother the flames, but the blanket caught fire. A fish peddler, attracted by the cries, hurried in and wrapped the victim in a comforter and thus put out the flames.

Meanwhile one of the boys had turned in an alarm. The firemen covered the woman's body with salvo in an attempt to save her, but she was so badly burned that she died before the City hospital was reached.

FOR U. S. SENATOR

DES MOINES, Ia., April 3.—E. T. Meredith, a farm magazine publisher, today announced his candidacy for the democratic ticket for U. S. United States senate, to succeed Senator Albert Cummins republican.

BRYAN JACK AT DESK
WASHINGTON, April 9.—Secretary Bryan, who has been kept indoors for a week by a bad cold, returned today to his desk at the state department.

Fine new table linen just arrived in time for Easter, you can save 15% by buying at Gilbride's today.

DOWAGER EMPRESS OF JAPAN DIED SUDDENLY

Haruko, Mother of Present Emperor, Passed Away at Imperial Villa, at Namazu, Today—Was 64 Years Old

TOKIO, Japan, April 3.—The dowager empress Haruko died at the Imperial villa at Namazu today.

Following the usual custom in the case of the death of a member of the imperial family, the official announcement of the death will not be made until the body has been transferred to the capital, which is expected to take place tomorrow.

Her majesty passed away suddenly in the presence of Emperor Yoshihito, the empress and the other members of the royal family who had been summoned from the capital. The imperial patient had developed deceptive symptoms. She displayed increased vigor and asked for food. A short time afterward she lapsed into unconsciousness.

The doctors in attendance applied restoratives but without avail and she died without recovering sensibility.

Her majesty had been suffering for a considerable period from angina pectoris but the official diagnosis declared the direct cause of her death to be Bright's disease.

Was 64 Years Old

The late dowager empress Haruko of Japan was the widow of Emperor Mutsuhito, who died on July 30, 1912.

Her imperial majesty was born on May 28, 1850. She was a daughter of a nobleman, Ichijo Tadado. In 1869 she was married to the late emperor and was declared empress.

Haruko, by the side of her husband, passed through the troublous period of the transformation of Japan at the overthrow of Mutsuhito's reign. She saw him transfer his capital from Kyoto to Yedo, which was later renamed Tokio. She watched with curious interest the opening of the country to foreign commerce, its departure from old world customs and adoption of western civilization. She awaited in the imperial palace news of the Japanese armies at war, first with China and then with Russia and saw in fact the complete restoration of Japan into a world power.

Haruko was simple in her tastes. She presided over court functions with dignity, on most occasions wearing western dress, especially when she came into contact with Europeans or Americans.

WILL OF TREAS. FAIRBANKS

Estate Contains \$1,100,000 in Personal Property and \$63,150 in Real Estate

The will of Charles F. Fairbanks, of Milton, who was until his death treasurer of the Bigelow Carpet Company, probated yesterday by Judge Flint in the probate court, Boston, leaves to his daughter, Miss Julia M. Fairbanks of Milton, the sum of \$50,000 outright; to Henry P. Fairbanks, Charles F. Fairbanks and Stephen Fairbanks, three sons, he leaves the sum of \$25,000 each; to the widow of William K. Fairbanks (Mrs. Ethel M. Fairbanks), he leaves a similar amount. Two nieces and two nephews are to receive the sum of \$500 each, and to all of his grandchildren he leaves \$500 apiece.

The house furnishings in Milton, horses, carriages, etc., are left to his widow. All the residue of the estate is placed in trust for his widow while she lives and upon her death to be divided among his children.

The estate contains \$1,100,000 in personal property, and \$63,150 in real estate.

not been so treated. The probability is that this year we shall use bituminous materials on almost all these untreated miles of road.

Last year, there was spent under the direction of the commission and its engineers in building and improving roads, including state highways and the repair of roads, \$2,093,000. In addition to this the cities and towns spent under old plans and direction something over \$400,000. This is a tremendous advance when one considers that in 1905, six years ago, the total expenditure by the state for all purposes of the construction and maintenance of highways was \$600,000. Expenditures, you see, have increased over four-fold in the last six years, and this year the cities and towns are appropriating even more money than they ever have before.

The work that we are now attempting to do in some 700 of our towns in Massachusetts is the kind of work that I think you should do in Maine. We are encouraging the towns in every possible way to keep all of their roads constantly repaired and maintained, to keep all of their culverts and gutters constantly free and open, and to place the roads always so shaped that the water runs off the road into the gutter through the culvert and away from the location.

We are helping the towns to secure log drains and trying to encourage them in every way to use them after rain. The last year or two has seen great progress in this line. We have quite a number of towns now where they have from three to seven drains in the town, and where some person has charge of certain sections of road and keeps using the drains once or twice a month, whenever the road is in proper condition.

CONVICTS TO MAKE BRICKS

GOV. GLYNN SIGNS BILL APPROPRIATING \$75,000 FOR PURPOSE IN REFORMATORY

ALBANY, April 8.—Bricks for use in constructing highways in New York state will be made at the Elmira state reformatory as soon as buildings and apparatus are erected.

Governor Glynn today signed the bill appropriating \$75,000 for this purpose. The plan is the first step in the governor's recommendation to the legislature that convicts be employed in manufacturing road material.

John D. Carlisle, state commissioner of highways, expressed the opinion that the first state brickmaking plant would be in operation and brick roads completed before the summer is over.

SNOW IN SOUTH

Flurries at Greenville, S. C.—April Snow in Richmond

WASHINGTON, April 3.—Winter's belated touch enveloping the entire east set new records at official thermometers.

In New Orleans snow hats and spring furs were replaced with winter overcoats. Throughout the South Atlantic and Gulf states heavy damage to fruits and early crops was feared. A 30 degree drop in a few hours was recorded at Mobile. Snow flurries were recorded as far south as Greenville, S. C. breaking the April record of several years. Frost trees in the southern North Carolina section were blighted.

April snow in Richmond was recorded for the first time since the Spanish war.

The weather bureau predicted heavy frosts as far south as northern Florida tonight and cold weather nearly everywhere east of the Rocky mountains. Partial relief is expected by Friday except on the Atlantic coast.

Easter is in the air, so to the Gilbride Store for your new gloves, a matchless variety to select from.

KING UNDER THE KNIFE

GUSTAV OF SWEDEN UNDERWENT OPERATION WHICH LASTED TWO HOURS TODAY

STOCKHOLM, Sweden, April 3.—King Gustav of Sweden was operated on today at the Sophia hospital here and the surgeons found that he was suffering from extensive ulceration of the stomach.

The operation, which was superintended by Prof. John Wilhelm Berg, lasted two hours. It was announced afterward that the royal patient's condition was as satisfactory as could be expected, although he was weak.

The queen occupied an apartment in the hospital during the operation and will continue to reside there until his majesty is convalescent.

MASSACHUSETTS ROADS

Chairman Sohler Says State Built 1,461.97 Miles During Last Twenty Years

BANGOR, Me., April 3.—William D. Sohler, chairman of the Massachusetts highway commission, was the chief speaker at the road roads convention which opened here yesterday. His address was on "Massachusetts Highways."

Twenty Years' Work

Miles	
State highway	319.60
Road in small towns	353.65
From motor vehicle fees, town roads	129.57
From special appropriations	28.35
Total	1461.97

Speaking of the roads thus built, he said:

"The total expenditures for the construction of state highways up to this year were slightly over \$20,000,000, and the bonds outstanding, because the counties repay 25 per cent, were under \$2,000,000. The state has received cost \$676,000; motor vehicles fees, on town roads, \$239,000; for the repair and maintenance of state highways from motor vehicle fees, about \$1,500,000; repair and maintenance from the state tax, \$1,762,000; making the total expenditures of the commission \$13,555,341 expended in 20 years. We have about 35 miles of gravel road, 545 miles of macadam, nearly three miles of concrete and about three-quarters of a mile of granite block."

"We have found it necessary to treat with some form of dust-laying and binder, either a tar or an asphalt compound, 57 miles of our gravel road and 759 miles of our macadam roads. We are building on the main routes almost entirely or bituminous macadam or concrete, because we find that water-bound macadam will not withstand a large amount of automobile travel."

For Automobile Use

Out of our 967 miles of state highway already constructed, therefore, 844 have been either built or have been treated with some bituminous compound, so that they will withstand the automobile travel, and we have only a little over 100 miles of either gravel or macadam, and those entirely located in small country towns, which have

A SUIT FOR \$50,000

Entered Against James F. Lanigan by His Son's Widow—Defendant Well Known in This City

The many acquaintances in this city of James F. Lanigan, Sr., the Lawrence, millionaire banker and manufacturer,

who at one time was an honorary member of the Vesper Country club, will be interested to learn that papers in a \$50,000 post-mortem alienation suit have been served on him by Mrs. Maud Ford Lanigan of Boston, widow of the latter's son, James F. Lanigan, Jr., a

former member of the Vesper Country club.

The young woman declares in the suit that her husband died at his father's home, that she was not recognized at his funeral and was forced to furnish her own carriage in order to attend. As the young husband left no will, lively litigation is likely, in order to determine the disposal of the estate.

Mrs. Lanigan was a Dorchester girl and now resides at 235 Prospect street, Boston, where she made her home with her husband prior to his death. The young widow is represented by William H. Scharton of Boston, while Col. Sweeney of Lawrence will defend the interest of the defendant, who is president of the Emerson Foundry, the Lawrence Machine Co., the Dillon Mfg. Co., and the Davis foundry.

CARD OF THANKS

The undersigned wish to express publicly their sincere thanks to those who by acts of kindness and words of consolation, helped to lighten the burden of sorrow at the death of our beloved mother. Also for the many floral and spiritual offerings tendered and we are very grateful.

Richard Thomas, Rosa Lee.

WALSH APPOINTS LABOR BOARD

Names Woman, Doctor, Worker, Employer and Sanitary Expert

John Golden Gets 4-Year Term—Judge Corbett for Land Court

JOHN GOLDEN

BOSTON, April 2.—Gov. Walsh sent in a long appointment list yesterday to the council. Besides naming Judge Joseph J. Corbett as associate justice of the land court to succeed the late Judge Clark, he named the successors of the old state board of labor and industries as follows:

Alfred W. Donovan of Rockland, chairman, term ending 1915.

John Golden of Fall River, term ending 1918.

Mrs. Mary H. Dewey of Cambridge, term ending 1917.

Selekar M. Gunn of Watertown, term ending 1916.

Dr. Alfred M. Quessy of Fitchburg, term ending 1915.

Mrs. Mary H. Dewey of Cambridge is the only member of the old board who received a reappointment. The old board was removed because of the governor's belief that it did not conform to the law which required a physician, an employer, a labor man, a woman and a sanitary expert.

Laborers Endorsed Corbett
Judge Corbett was endorsed by the bar association for associate justice of the land court. He was corporation counsel for the city of Boston for three years and was special justice of the Charlestown municipal court. He served as schoolhouse commissioner and as a member of the special commission to enlarge the Suffolk county court house. He is a graduate of Boston University law school.

Alfred W. Donovan of Rockland, who is made chairman of the state board of labor and industries, is president of the E. T. Wright shoe company of Rockland, Mass. For many years he was mentioned for the republican nomination for lieutenant-governor.

Golden a Textile Worker
John Golden of Fall River is president of the United Textile Workers of America. He was born in England in 1862, and came to this country in 1881 and worked as a mule spinner in the Union cotton mill of Fall River for years. He has been general president of the United Textile Workers of America, a member of the American Federation of Labor, a member of the Mule Spinners' local union of Fall River; also the International Mule Spinners' union, and has served as a member of the state commission on industrial education, a member of the commission on minimum wage, a member of the state commission to increase the inspection of factories and workshops, a member of the executive committee of the National Child Labor association, a member of the executive committee of the National Association of Industrial Education, a member of executive committee of National Civic Federation, a member of the executive committee of the New England Civic Federation and vice-president Massachusetts Association for Labor Legislation.

Gunn Graduate of Tech
Selekar M. Gunn named to the labor industry board is 31 years of age, a graduate of the Massachusetts Institute of Technology in 1905, department of public health. Biologist at the Boston Bio-Chemical laboratory 1906; biologist state board of health of Iowa 1906-1908, and lecturer on state hygiene, at the state university of Iowa at the same time; health officer, Orange, N. J., 1908-1910, and as such had charge of health inspection in factories.

At that time he made a study of the hatching industry with reference to the prevalence of tuberculosis particularly.

He was made instructor of public health at the Massachusetts Institute of Technology in 1911 and has been assistant professor of public health since that time.

One of the courses at the institute is on industrial hygiene and sanitation. He was expert sanitarian of the bureau of economy and efficiency of Milwaukee; assistant secretary general of the 15th international congress of hygiene held at Washington, D. C., year before last. He has written many and various articles on the subject of public health and is editor of the American Journal of Public Health, secretary of the American Public Health association; lecturer on hygiene at Tufts college medical school, and
